I'm good for Thursday morning. Sorry I couldn't attend last night's meeting.
John

Subject: Next Meeting of the IBRC Finance Committee

Dear Committee Members,

There were only 3 of us available to meet at 7:00 p.m. after the regular Commission meeting tonight. We decided that our next step would be to become informed of the various funding options available to the City to finance infrastructure projects and possibly discuss a templet to present them. Lalo Perez will prepare the materials for an informal but informational discussion.

We will be meeting at 7:30 a.m. (that's right!) next Thursday, February 17 in the 4th floor Conference Room in the Civic Center. My estimate is that it will last an hour to an hour and a half meeting. Please let me know if you plan to attend.

Additionally, Lalo passed out to the Finance Committee members the latest version of the City's Long Range Financial Forecast for 2011 to 2021. I have copies for the 3 members who were not present. I will bring your copies to the February 17 meeting or you can arrange with me to get yours in advance.

The fun is just beginning.

Mark
