

*Efficiency measures must meet or exceed the below specifications to be eligible for a rebate.*

**ATTIC AND ROOF/CEILING INSULATION**

All materials must be new. Follow manufacturer's installation requirements. Materials must meet or exceed all applicable local, state and federal standards. Attic and roof/ceiling insulation is eligible for a rebate only if the pre-retrofit insulation level is R-11 or less, and if installed between conditioned area and unconditioned space. The final insulation level must be at least R-30 unless a higher level is specified by local jurisdiction. Dropped commercial ceilings are not eligible for rebate. Insulation is feasible only when attic crawl space is adequate. If purchasing insulation, remember that your rebate is based on the amount of insulation actually installed. No new construction allowed.

Product Code	Rebate/Unit Measure
AG01 Attic and Roof/Ceiling Insulation	\$0.15/Square Foot

**WALL INSULATION**

All materials must be new. Follow manufacturer's installation requirements. Materials must meet or exceed all applicable local, state and federal standards. Wall insulation is eligible for a rebate as long as existing walls are uninsulated. Installed insulation must achieve a minimum of R-13. No new construction allowed.

Product Code	Rebate/Unit Measure
AG02 Wall Insulation	\$0.15/Square Foot

**HIGH EFFICIENCY CLOTHES WASHERS**

This rebate is handled through an agreement with the Santa Clara Valley Water District (SCVWD). Please go to the SCVWD website at: [http://www.valleywater.org/Water/Water\\_conservation/In\\_business/Commercial\\_clothes\\_washer\\_rebate.shtm](http://www.valleywater.org/Water/Water_conservation/In_business/Commercial_clothes_washer_rebate.shtm) or call the SCVWD Water Conservation Hotline at (408) 265-2607 ext. 2554 for more details.

**HIGH EFFICIENCY DISHWASHERS**

Must be ENERGY STAR® qualified. Go to [www.energystar.gov](http://www.energystar.gov) for a list of qualifying products.

Product Code	Rebate/Unit Measure
AG03 High Efficiency Dishwasher	\$50.00/Unit

**WINDOW FILM**

Film must have a minimum five-year manufacturer's warranty. Film must be applied to clear, single-pane glass and have either:

- (1) a Solar Heat Gain Coefficient (SHGC) value of 0.39 or less; or
- (2) a SHGC value of 0.47 or less and a Visible Transmittance/Solar

Heat Gain Coefficient ratio greater than 1.3 (VT divided by SHGC). Specification must be documented on the invoice, as well as square footage installed. To convert Shading Coefficient (SC) to Solar Heat Gain Coefficient (SHGC), multiply SC x 0.87. If SC is given in percent form, convert it to decimal form before multiplying. Windows with northern exposure (+ 45 degrees of due North) and/or dual-pane glass do not qualify for this rebate.

Product Code	Rebate/Unit Measure
AG04 Window Film	\$1.35/Square Foot
