

how about a HOME EFFICIENCY MAKE-OVER this summer?

CITY OF PALO ALTO
UTILITIES

Inspired by a brighter tomorrow.

City rebates make it easy to get started

**Savings for your home.
Savings for the environment.**

Palo Alto's Smart Energy Program offers a long list of incentives for qualifying purchases to improve your home's energy efficiency. Rebates range from \$50 to \$1,500 depending on what you do.

Look around your house.

Got an energy-guzzling dishwasher, refrigerator or washing machine? Maybe an old central heater or air-conditioner? An inefficient old pool pump? How about uninsulated walls and roofs that are leaking air you just paid to cool or heat?

Make your home more comfortable.

While improving your home's comfort, you'll also be making your utilities bills more manageable and helping the planet! For complete details on our energy efficiency rebates and what steps to take before making purchases, visit www.cityofpaloalto.org/smartenergy or call us at (650) 329-2241.

Unsure where to start? Try a fast, free On-line Home Energy Analysis

If you haven't done it yet, use this analysis to see what actions will make the biggest difference in your home. Go to www.cityofpaloalto.org/energyaudit to start.

Stretch your dollars even further with expanded FEDERAL TAX CREDITS

As part of the Stimulus package, Federal tax credits have been increased for energy-saving home improvements. Now you can recoup up to 30% of your expenses, on top of the rebates you can receive from the City Utilities. Federal tax credits are offered for all the same measures for which the City rebates, plus several more. Visit www.energystar.gov/taxcredits for tax credit details.
