

City of Palo Alto - No Parking on Sweep Day Schedule and 3-year Plan

It is very apparent that there are more cars and transient traffic than there are spaces to park off street, therefore we needed to find a solution to the inaccessibility of our curbs and gutters by the street sweepers. In order to improve our ability to sweep in these locations the Public Works - Operations (Refuse) Division has developed the following plan.

| No Parking on Sweeping Day - 3 yr Plan | | | | |
|--|----------------------|---|--------------------------------|-----------------------------------|
| Day Swept | Time | Bounded by Streets | Scheduled Implementation Dates | effective date w/map |
