Approved for rebate: Reviewer: _____ Date: _____

City of Palo Alto Stormwater Rebate Program Terms and Conditions

1. Rebates valid only on specified stormwater measures installed at a residence or business within the City of Palo Alto. Funding is on a first come, first served basis, or until funds are depleted.
2. Stormwater measures (except rain barrels) must be installed by a professional contractor licensed to perform work in the State of California.
3. The City of Palo Alto reserves the right to change, modify or reduce rebate levels, as well as add or drop specific eligible measures at any time without prior notice.
4. Applications must be approved prior to the start of the installation of eligible stormwater measures. Required supporting documentation must be postmarked and submitted no later than 90 days after the purchase/installation date of the eligible measure in order to receive rebate.
5. Offer is limited to one (1) rebate per residence or business for each qualifying measure.
6. Qualifying measures previously rebated under any other City of Palo Alto program are not eligible.
7. Rebates less than \$350 will be issued as a credit on the CPAU utility account for the residence or business where the qualifying measure(s) were installed. Rebates will be processed within three (3) monthly billing cycles from the receipt of all required documentation.
8. Failure to provide appropriate documentation will result in rebate ineligibility. City of Palo Alto reserves the right to validate all information, including proof of purchase by a Palo Alto resident or business, and completeness and functionality of installation before issuing a rebate.
9. City of Palo Alto disclaims any and all liability from any property damage or loss that may arise as a result of the applicant's or contractor's participation in this program.
10. City of Palo Alto is not responsible for claims regarding rebate amounts, program dates or guidelines made by contractors, retailers or other third parties. Final determination of rebate eligibility will be governed by the Terms and Conditions.
11. City of Palo Alto is not responsible for items lost or delayed in the mail, nor any remittance delayed due to incorrect rebate applications. Incomplete applications cannot be processed and will be returned.
12. The Internal Revenue Service requires the City to issue an IRS Form 1099 (Miscellaneous Income) to rebate program participants receiving a total of \$600 or more in storm water and/or water conservation rebates from the City. Rebates may be considered taxable income. Please consult with your tax accountant to determine what impact this may have on your tax situation. Applicants are required to fill out and submit an IRS Form W-9 (Request for Taxpayer identification Number) along with their rebate application.
