## HIGHLIGHTS THIS WEEK

### [Deer Me!](#)

This is the time of year when all of the deer gather together for the 'rutting season.' **Foothills Park** is a great place to see this gathering, and learn lots about our four-footed residents. Join a ranger for *Deer Me!* on **October 24** from **5pm-6pm**. Meet at the Interpretive Center, but we may drive to different parts of the park depending on where the deer roam. For ages 7 and up. Please [register](#) in advance.

## Photography Contest

The clickPA Photography Contest is happening from now until October 31, 2015. Teens can submit a photo that conveys the spirit of Halloween for a chance to win a \$25 gift card. This contest will be happening every month.

## Become a Mobile (iPad) Artist!

Join Caroline Mustard of the Mobile (iPad) Art Academy at the Art Center and learn to paint using apps on your iPad or mobile device! You can join our [one-day introductory workshop](#) on Saturday, October 24, from 1:30pm-4:30pm. Want to really start creating on your portable canvas? Take Caroline's [four-week workshop](#) on Saturdays from October 31-November 21.

## Compost Basics

Using compost in your garden improves your soil, benefiting your plants and enhancing your garden's health and vitality. Compost helps plants absorb nutrients already in your soil, allowing them to develop better root structure which will help them grow healthier, and hold onto water and nutrients to slowly release when needed. To learn how easy it is to compost, attend our free compost workshop on October 24 from 10am-12pm at the Cubberley Community Center.
