

Palo Alto Tobacco Retailer List

Location Proximity to Schools and Other Existing Tobacco Retailers (Mapped July 2017)

The proposed Tobacco Retail Permit Ordinance would prohibit the sale of tobacco products at all pharmacies and require all tobacco retailers to have a Tobacco Retail Permit effective July 1, 2018. See table below for a list of current pharmacies included. All other ordinance requirements would go into effect January 1, 2019. Tobacco retail establishments would be required to maintain a distance of 500 feet from other tobacco retailers and a distance of 1,000 feet from schools, parks and playgrounds. Most **existing businesses** that are in operation before the effective date of the ordinance would be exempt from these distance requirements until there is a change in ownership at which time the new owner would be subject to all Tobacco Retail Permit proximity requirements.
