ORDINANCE NO._____
ORDINANCE OF THE COUNCIL OF THE CITY OF PALO ALTO
APPROVING AND ADOPTING A PARK IMPROVEMENT PLAN
FOR ALEXANDER PEERS PARK

The Council of the City of Palo Alto does ORDAIN as follows:

SECTION 1. Findings. The City Council finds and declares that:

(a) Article VIII of the Charter of the City of Palo Alto and Section 22.08.005 of the Palo Alto Municipal Code require that, before any substantial building, construction, reconstruction or development is commenced or approved, upon or with respect to any land held by the City for park purposes, the Council shall approve and adopt a park improvement ordinance and a plan describing the proposed project.

(b) Alexander Peers Park is dedicated to park purposes.

(c) The park’s amenities, including a large turf meadow that can be used for organized youth sports, asphalt walking paths, a basketball court, two tennis courts, picnic tables and benches, and a recreation building with restrooms, have not been upgraded since the mid-1970s and need replacement. The children’s play area was renovated in the early 1990’s.

(d) The City intends to authorize certain replacement and improvement projects within Alexander Peers Park as shown on the Alexander Peers Park Improvement Plans including, without limitation, the following:

(1) Removal and replacement of all children’s play structures except the older age group swings and a small climbing structure.

(2) Removal and replacement of the children’s play area fencing and accessible safety surface.

(3) Removal and replacement of all picnic tables and benches.

(4) Installation of bollards and decorative boulders.

(5) Removal of the existing deteriorated wood arbor.

(6) Miscellaneous planting of new trees and shrubs.

(e) The project improvements will avoid protected trees and other sensitive resources and all existing park uses will be restored following project construction. In addition, inconvenience to the public caused by aging equipment and paved surfaces will be eliminated. Accordingly, the improvements described above and as more specifically described on the Plans attached hereto as Exhibits "A-1" and "A-2" are consistent with park and conservation purposes.
(f) The Council desires to approve the projects described above and as more specifically described on the Plans attached hereto as Exhibits "A-1" and "A-2".

SECTION 3. The Council finds that the project to replace and improve certain facilities at Alexander Peers Park is categorically exempt from review under the California Environmental Quality Act (CEQA) pursuant to the provisions of Sections 15301 and 15302 of Title 14 of the California Code of Regulations.

ALEXANDER PEERS PARK IMPROVEMENT PLAN

Introduction

Alexander Peers Park is a 4.7 neighborhood park located at 1899 Park Boulevard in Palo Alto. The entire park was last renovated in the mid 1970’s, and the children’s play area was renovated in the early 1990’s. Park amenities include a large turf meadow that can be used for organized youth sports, asphalt walking paths, a basketball court, two tennis courts, picnic tables and benches, a children’s play area and a recreation building with restrooms.

Proposed Park Renovation Activities

Proposed improvements to Peers Park include:
- removal and replacement of all children’s play structures except the older age group swings and a small climbing structure;
- removal and replacement of the children’s play area fencing and accessible safety surface;
- removal and replacement of all picnic tables and benches
- installation of bollards and decorative boulders;
- removal of the existing deteriorated wood arbor
- miscellaneous planting of new trees and shrubs

Little if any change to the proposed layout of pathways, plazas, and site amenities is anticipated compared to current conditions. The project improvements will avoid protected trees and other sensitive resources.

Construction Schedule

Construction activity to implement the proposed improvement project is expected to last approximately 90 days, from March 2008 through June 2008. Construction would likely occur during weekdays from 8:00 a.m. to 5:00 p.m. Areas of the park that are not significantly impacted by construction activity such as the central turf meadow, tennis courts and recreation building will remain open to the public.

Anticipated Results

The anticipated benefits to be realized from the project include new play equipment and safety surfacing, updated site furnishings, more comfortable and accessible picnic tables and benches, more efficient traffic control, and additional shade trees and landscape shrubs.

   b. Invitation for Bid.
   c. Project Specifications.

5. **Insurance.** On or before the Date of Execution, Contractor shall obtain and maintain the policies of insurance coverage described in the Invitation For Bid on terms and conditions and in amounts as may be required by the Risk Manager. Contractor shall furnish City with the certificates of insurance and with original endorsements affecting coverage required under this Contract on or before the Date of Execution. The certificates and endorsements for each insurance policy shall be signed by a person who is authorized by that insurer to bind coverage in its
Indemnification. Contractor agrees to protect, defend, indemnify and hold City, its Council members, officers, employees, agents and representatives harmless from and against any and all claims, demands, liabilities, losses, damages, costs, expenses, liens, penalties, suits, or judgments, arising, in whole or in part, directly or indirectly, at any time from any injury to or death of persons or damage to property as a result of the willful acts or the negligent acts or omissions of Contractor, or which results from Contractor's noncompliance with any Law respecting the condition, use, occupation or safety of the Project site, or any part thereof, or which arises from Contractor's failure to do anything required under this Contract or for doing anything which Contractor is required not to do under this Contract, or which arises from conduct for which any Law may impose strict liability on Contractor in the performance of or failure to perform the provisions of this Contract, except as may arise from the sole willful acts or negligent acts or omissions of City or any of its Council members, officers, employees, agents or representatives. This indemnification shall extend to any and all claims, demands, or liens made or filed by reason of any work performed by Contractor under this Contract at any time during the term of this Contract, or arising thereafter.

To the extent Contractor will use hazardous materials in connection with the execution of its obligations under this Contract, Contractor further expressly agrees to protect, indemnify, hold harmless and defend City, its City Council members, officers and employees from and against any and all claims, demands, liabilities, losses, damages, costs, expenses, liens, penalties, suits, or judgments City may incur, arising, in whole or in part, in connection with or as a result of Contractor's willful acts or negligent acts or omissions under this Contract, under the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. §9601-9675, as amended); the Resource Conservation and Recovery Act (42 U.S.C. §9001-9092, as amended); the Toxic Substances Control Act (15 U.S.C. §2601-2692, as amended); the Carpenter-Presley-Tanner Hazardous Substance Account Act (Health & Safety Code, §25300-25395, as amended); the Hazardous Waste Control Law (Health & Safety Code, §25100-25250, as amended); the Safe Drinking Water and Toxic Enforcement Act (Health & Safety Code, §25249.5-25249.13, as amended); the Underground Storage of Hazardous Substances Act (Health & Safety Code, §25260-25299.7, as amended); or under any other local, state or federal law, statute or ordinance, or at common law.

Assumption of Risk. Contractor agrees to voluntarily assume any and all risk of loss, damage, or injury to the property of Contractor which may occur in, on, or about the Project site at any time and in any manner, excepting such loss, injury, or damage as may be caused by the sole willful act or negligent act or omission of City or any of its Council members, officers, employees, agents or representatives.

Waiver. The acceptance of any payment or performance, or any part thereof, shall not operate as a waiver by City of its rights under this Contract. A waiver by City of any breach of any part or provision of this Contract by Contractor shall not operate as a waiver or continuing waiver of any subsequent breach of the same or any other provision, nor shall any custom or practice which may arise between the parties in the administration of any part or provision of this Contract be construed to waive or to lessen the right of City to insist upon the performance of Contractor in strict compliance with the covenants, terms and conditions of this Contract.

No Exoneration By Inspection: The City has the right, but not the duty, to inspect Contractor's Work. The right of inspection is solely for the benefit of City. Contractor has the obligation to complete the Work in a satisfactory manner in compliance with Contract requirements. The presence of a City inspector does not shift that obligation to the City or relieve Contractor from its obligations to complete the Work in a satisfactory manner in compliance with the Contract requirements.

Compliance with Laws. Contractor shall comply with all Laws now in force or which may hereafter be in force pertaining to the Project and Work and this Contract, with the requirement of any bid security or fire underwriters or other similar body now or hereafter constituted, with any discretionary license or permit issued pursuant to any Law of any public agency or official as well as with any provision of any recorded documents affecting the Project site, insofar as any are required by reason of the use or occupancy of the Project site, and with all Laws pertaining to nondiscrimination in employment and hazardous materials.
