EXEMPLARY FROM MAY 19, 2008 CITY COUNCIL MEETING

MOTION RESTATTED: Council Member Kishimoto moved, seconded by Council Member Morton to agendize an item to refer the criminal investigation of the Children’s Theatre for review by either the Police Auditor or City Auditor.

Council Member Morton asked to clarify if this would be a discussion at which it would be appropriate to make that decision. We’re not in fact making that decision. The agenda item would be whether the Council should refer to the Police Auditor or to the internal auditor.

Mayor Klein stated that is correct and keeping with our procedures on other matters during the year, we have used this section of the agenda to agendize other matters which means the only thing we are voting on is to put it on the agenda. We are not voting on the merits of it one way or the other, all you are saying if you vote yes you would like to see this on a future agenda.

Council Member Morton stated at which time the Council will have the ability to discuss this matter in detail. I would urge my colleagues to support this Motion there is certainly concern in the community that this discussion occur.

MOTION PASSED: 8-0, Barton not participating
