6.2 CONSULTANTS

PBS&J, San Francisco, California

Responsible for EIR project management, document production, and technical analysis:

- Rod Jeung, AICP, B.A., Economics; M.R.P., City and Regional Planning: Project Director
- Trixie Martelino, B.S. Environmental Science: Project Manager
- Kirsten Chapman, B.A. Environmental Studies/Economics, B.A. Politics: Deputy Project Manager
- Leanne Abe, B.S. Environmental Engineering: Water Supply Assessment
- Randi Adair, M.C.P. City and Regional Planning, B.S. Environmental Science and Resource Management, B.A. Community and Environmental Planning: Land Use, Climate Change; and Population and Housing
- Sam Bacchini, B.A. Zoology: Biological Resources Senior Review
- George Burwasser, B.A. Geology, M.S. Quaternary Geology: Geology and Soils Senior Review
- Sabrina Cook, M.S. Soil Science, Ph.D Soil Science, Hydrology: Hydrology Senior Review
- Heather Dubois, MBA, B.S. Biology, B.S. Chemistry: Climate Change
- Douglas Gillingham, P.E., BCEE, B.S. Civil and Environmental Engineering: Water Supply Assessment
- Amber Grady, B.A. Interior Design, M.A. Historic Reservation: Cultural Resources Senior Review
- Jackie Ha, A.A., Business Administration: Directed report production, graphics and word processing
- Anthony Ha, B.A., English: Word processing, graphics, and document production
- Erik Hansen, AICP, B.S. Forestry and Natural Resources: Public Services and Utilities
- Michael Hendrix, B.S. Environmental Science: Climate Change
- Patrick Hindmarsh, B.A. Environmental Studies: Section Reviewer
- Geoff Hornek, B.A. Physics, M.S. Applied Science/Engineering: Air Quality and Noise Senior Review
- Denise Jurich, M.A. Anthropology: Cultural Resources Senior Review
- Brad Lane, M.S. Transportation Engineering, M.R.P. Regional Planning: Transportation Senior Review
- Carolina Morgan, B.S. Environmental Science, M.S. Environmental Science and Management: Hazardous Materials
- Paul Stephenson, B.S. Environmental Policy Analysis and Planning, M.A. Planning: Summary, Project Description, and quality control/assurance
- Paul Veldman, B.A. Political Economy of Industrial Societies: Public Services, Utilities, and Other CEQA Considerations
- Maria Wada, B.A. Environmental Analysis and Design: Air Quality and Noise

**AECOM Transportation, San Jose, California**

Responsible for formulation of the transportation analysis:
- Dennis Struecker, PE Traffic Engineering: Project Manager
- Nichole Seow, MSc Transportation Engineering: Traffic Impact Analysis

**Architectural Resources Group, San Francisco, California**

Responsible for historic resources technical analyses:
- Aaron J. Hyland, B.S., Architectural Studies: Project Principal and Manager
- Jody Stock, M.S., Architecture with Architectural History: Project Historian
• Sara Lardinois, Bachelors of Architecture: Project Architect

**Keyser Marston Associates, San Francisco, California**

Responsible for the Housing Needs Analysis:

• Kate Funk, B.A. Government: Housing Needs Analysis
• David Doezema, M.U.P., Urban and Regional Planning, B.S.E., Civil and Environmental Engineering: Housing Needs Analysis

**Environ, Emeryville, California**

Responsible for the Health Risk Assessment:

• Elizabeth Miesner, B.S., Psychobiology, M.S., Environmental Health Science: Health Risk Assessment
• Michael Keinath, B.S., Chemical Engineering, M.S.E. Chemical Engineering, M.S.E. Environmental Engineering: Air Quality Modeling and Health Risk Assessment
• Shari Libicki, B.S.E., Chemical Engineering, M.S., Chemical Engineering, Ph.D., Chemical Engineering: Air Quality Modeling

**William Kanemoto Associates, Berkeley, California**

Responsible for visual simulations:

• William Kanemoto, B.A., Liberal Arts; M.S., Landscape Architecture: Prepared computer-generated visual simulations for the visual quality analysis

**Fukuji Planning and Design**

Responsible for Project and Village Concept Alternative conceptual site plans:

• Bruce A. Fukuji, B.A., Architecture and Environmental Design; M.C.P. Project Development, Land Use/Transportation: Village Concept Alternative

**PB PlaceMaking**

Responsible for Village Concept Alternative conceptual site plans:

• Jignesh Mehta, Bachelor of Architecture; Master of Urban Planning and Policy: Village Concept Alternative graphics
