CCAC Final Report Errors & Omissions Addendum

Although unintended, one error and one omission were identified in the CCAC Final Report. The error and omission were identified by CCAC members following the distribution of the CCAC Final Report.

Therefore, the CCAC, via email and at the direction of its leadership, decided that the best way to correct this is to do two things: 1) issue an addendum document that identifies the changes; and 2) revise any impacted pages of the CCAC Final Report posted online.

No further changes or corrections to the CCAC Final Report are anticipated.

The corrections are below:

1) Volume 1, Page 12, Recommendation C
   - Recommendation C is, “The current Covenant Not To Develop should be removed from a Cubberley lease extension. Passed 18-0-0”
   - After the voted on recommendation language a sentence appears that was neither approved nor voted on by the CCAC and should be removed.
   - The sentence to be removed is, “This recommendation should not be understood to imply deleting the dollars associated with the covenant.”

2) Volume 1, Page 14
   - A voted-on recommendation from the January 30, 2013 CCAC meeting was omitted from the Final Report and should be inserted on page 14 of Volume 1 of the CCAC Final Report after Recommendation Q.
   - The new recommendation is labeled “Recommendation R” and follows Recommendation Q.
   - Recommendation R reads as follows, “The City Council should include in a 2014 bond measure the flexibility to include capital improvements necessary to maintain building life for 10 years at Cubberley. Passed 18-0-0”
