From: City Manager

Lead Department: Planning and Community Environment

Recommendation
Staff recommends that the City Council approve and authorize the City Manager or his designee to execute the attached contract C19174797 with Palo Alto Housing Corporation (PAHC) for administration and consulting services in the amount of $290,000 for administration of the City’s Below Market Rate (BMR) housing program for two years.

Executive Summary
The City of Palo Alto released a Request for Proposals (RFP) for administration of the City’s BMR housing program in April 2019 and PAHC and Hello Housing were two proposals received. PAHC has been administering the City’s BMR housing program for over 40 years and ultimately, given the budget and history, under the terms of the proposed agreement, PAHC has been chosen to continue this role for another two years, from July 1, 2019 to June 30, 2021.

Background
Palo Alto adopted one of the nation's first inclusionary zoning policies. It required that all residential development include ten percent of the units as Below Market Rate (BMR) units. In 1972, the policy required a mix of cost and type of housing in residential planned unit developments. In 1973, the City Council expanded the policy to all new residential developments. In 1974, anticipating the sale of BMR units in several developments, the City contracted with the Palo Alto Housing Corporation to administer the City's BMR Program. Since the inception of the program in 1974, the BMR administration has been funded by the Residential Housing Fund.
Under contract to the City, Palo Alto Housing Corporation (PAHC) has administered the BMR housing program since its inception in the mid-1970s. Examples of some of the services provided by PAHC include: administering the sale and re-sale of new and existing BMR owner units; maintaining the home purchase waiting list; monitoring occupancy of BMR rental units; providing advice and consultation to the City regarding negotiations of BMR agreements with developers; and addressing special issues related to the program. Most of PAHC’s workload is involved with the home ownership component of the BMR program.

While PAHC performs most tasks required for the ongoing administration of the home ownership and rental components of the BMR program, planning staff also devotes considerable time to the BMR program, primarily on BMR negotiations and agreements and program improvements. City real property staff handles maintenance evaluation and the determination of credits for capital improvements when units come up for resale.

**Discussion**

The term of the City’s current agreement with PAHC is coming to an end on June 30, 2019. As a result, the City released an RFP for BMR Administration on April 10, 2019 anticipating the end of the two-year contract. The RFP released in April 2019 is for the next two years, starting on July 1, 2019 and ending in June 30, 2021. The City received two responses which included PAHC and Hello Housing. Hello Housing’s bid came over the City’s budget for BMR administration currently allocated in the Residential Housing Fund. Hello Housing’s bid was $268,081 in Year 1 of the contract and another $192,248 in Year 2, for a total of $460,329. PAHC proposes to continue their work on BMR Administration for the next two years at a cost not to exceed $290,000. With the selection of PAHC, administration of the program will continue uninterrupted.

Palo Alto Housing Corporation has maintained the City’s BMR program since the 1970s and has maintained and annually updated a waiting list of interested potential buyers of BMR units. There are currently 246 below market rate ownership units and 458 below market rate rental units in the program.

PAHC coordinates the sale of both newly built BMR units and the resale of existing units. Sales activities include: establishing the resale price; marketing units to the waiting list; scheduling open houses; qualifying and selecting the buyers; coordinating the transaction between the buyer, seller, lender and escrow; and explaining the requirements of the BMR deed restrictions. PAHC has maintained a database on all units and kept statistics on the number and characteristics of the households served by the program. The owner BMR units require periodic monitoring of occupancy and title, which PAHC handles in cooperation with planning staff and the City Attorney’s Office. Monitoring activities include reviewing online assessor’s
records to detect transfers in title or ownership and an annual self-certification letter to owners verifying owner occupancy and to remind them of program rules and to provide updates on procedural changes. When a violation of a deed restriction is discovered, PAHC undertakes initial attempts to remedy the situation. More complex enforcement matters are referred to planning staff or to the City Attorney (if legal action is required).

Information workshops for prospective buyers on the waiting list are conducted quarterly by PAHC together with housing counseling staff from Project Sentinel. These workshops focus on preparation for homeownership, understanding credit and mortgage financing and the rules of the BMR program. The workshops have been well received, with about 100 persons attending each year.

PAHC collects and reviews applicants’ certification documentation to determine eligibility under the program rules. They also conduct recertification of existing tenants and monitor each complex’s waiting list and tenant selection process.

Resource Impact
The administration of the BMR program has historically been funded from the Residential Housing Fund, which is a special revenue fund created to support all types of affordable housing programs. The amount needed for the first year of this contract is included in the Contracts budget of the Residential Housing Fund in the Fiscal Year 2020 Proposed Operating budget. Staff will include funding for the second year in the Proposed Budget for Fiscal Year 2021. No additional funding is needed for this action.

Policy Implications
The recommendation in this staff report does not represent any change to City policies. Implementation of this Agreement is consistent with the City’s Housing Element and various housing policies that support the provision of affordable housing and a variety of housing opportunities.

Environmental
The approval of an agreement for administrative and consulting services is not an action subject to environmental review under the California Environmental Quality Act.
