Summary Title: Adoption of a Resolution Proposing the Appropriations Limit for Fiscal Year 2021

Title: PUBLIC HEARING: Adoption of a Resolution Setting the Appropriations Limit (Gann Limit) for Fiscal Year 2021

From: City Manager

Lead Department: Administrative Services

Recommendation
Staff recommends that Council adopt the attached Resolution determining the Proposition 4 (GANN) Appropriations Limit for Fiscal Year 2021 (Attachment A). The City's Fiscal Year 2021 appropriations are estimated to be $68.25 million under the limit based on the Fiscal Year 2021 Budget; as recommended to the City Council for review and adoption on June 22, 2020.

Background
California voters approved an initiative on November 6, 1979 that added Article XIIIB to the State Constitution, as amended by Proposition 98 in 1988 and Proposition 111 in 1990. The provisions of this article place limits on the amount of revenue that can be appropriated by all entities of government. The Appropriation Limit is based on actual appropriations during the 1978-1979 fiscal year, as increased each year using specified population and inflationary growth factors. The original legislation implementing the provisions of Article XIIIB became effective January 1, 1981. In accordance with that legislation, the governing body of each government jurisdiction must, by resolution, establish its annual Appropriation Limit for the coming year (prior to July 1) at a regularly scheduled meeting or noticed special meeting. Based on Article XIIIB, the City of Palo Alto can use the larger of two measurements of population growth, (county or city population growth) in the Appropriations Limit calculation. For Fiscal Year 2021, the City is using the 2019-2020 percent change in population growth of Santa Clara County in the calculation. The City typically uses the highest factor in order to provide maximum appropriation flexibility.

Discussion
The Appropriations Limit is adjusted annually on the basis of population and per capita income changes provided annually by the CA Department of Finance. This updated information is received from the California Department of Finance in May, after the City's proposed budget
has been submitted to Council. Attached is the final Appropriations Limit calculation, based on
the updated information as well as allowable appropriation limit adjustment factors such as
voter-approved debt and capital outlay expenditures. The Appropriations Limit for Fiscal Year
2021 is $179.86 million for funds subject to the appropriation limits. The City's Fiscal Year 2021
budgeted appropriations are estimated to be $68.25 million under the limit. As required by
state law, documentation used to compute the Appropriations Limit has been made available
to the public at least fifteen days prior to the Council meeting at which the Appropriations Limit
is being adopted, and notice was published of the availability of these materials.

Resource Impact
The adoption of the Fiscal Year 2021 Appropriations Limit has no impact on City resources.

Policy Implications
This recommendation is consistent with existing City policies.

Environmental Review
This is not a project under section 21065 of the California Environmental Quality Act.
