CITY OF PALO ALTO UTILITIES
Issued by the City Council

*Supersedes Sheet No. E-14-1 dated 7-1-2018*

*Sheet No. E-14-1 Effective 7-1-2019*
STREET LIGHTS

UTILITY RATE SCHEDULE E-14

Per Lamp Per Month –
Class C: CPAU supplies electricity and switching and maintains lighting system, including lamps and glassware.

Lamp Rating:

**Mercury-Vapor Lamps**
- 400 watts  34.12

**High Pressure Sodium Vapor Lamps**
- 70 watts  31.40
- 100 watts  32.90
- 150 watts  35.40
- 250 watts  40.40

**Light Emitting Diode (LED) Lamps**
- 70 watts-equivalent  28.08
- 100 watts-equivalent  29.22
- 150 watts-equivalent  30.26
- 250 watts  33.12

D. SPECIAL CONDITIONS:

1. **Type of Service:** This Rate Schedule applies to series, multiple, and single lamp street lighting systems to which CPAU delivers Service at secondary voltage. Unless a variation is approved by CPAU in its sole discretion, Service to street lighting systems will be delivered at 120/240 volts, three-wire, single-phase or 120/208 volt three-wire, single phase from star-connected poly-phase lines. Single phase service from 480-volt sources will be available in certain areas at CPAU’s discretion. All voltages stated herein are nominal, and reasonable variations may occur. New lights will normally be installed as multiple lamp systems with a single Service point or single lamp with and individual Service point.

2. **Point of Delivery:** Delivery will be made to the Customer's system at a Service point or at points designated by CPAU. CPAU will furnish the Service connection to one point for each
lamp or group of lamps, provided the Customer has designed the system to include the minimum number of delivery points. CPAU will make all underground connections to CPAU’s system at the Customer's expense.

3. **Switching**: CPAU will perform switching (on CPAU's side of the points of delivery) at no Charge, provided there are at least 10 kilowatts of lamp load on each circuit separately switched, including all lamps on the circuit whether served under this Rate Schedule or not. An extra charge of $2.50 per month will be made for each circuit separately switched unless such switching installation is made for CPAU's convenience.

4. **Annual Burning Schedule**: The rates in this Rate Schedule apply to lamps which will be turned on and off once each night in accordance with a regular burning schedule approved by CPAU and not exceeding 4,100 hours per year.

5. **Maintenance**: The Class C rates in this Rate Schedule include all labor necessary for replacement of glassware, including inspection and cleaning. Maintenance of glassware by CPAU is limited to standard glassware that is commonly used and manufactured in reasonably large quantities, as determined by CPAU in its sole discretion. The Class C rates include maintenance of circuits between lamp posts and of circuits and equipment in and on the posts, provided these are all of good standard construction as determined by CPAU. CPAU in its sole discretion may decline to grant Class C rates for maintenance of systems with non-standard glassware, or inadequate circuitry and equipment. Class C rates applied to any agency other than the City of Palo Alto also include painting of posts with one coat of good ordinary paint, as determined by CPAU to be needed to maintain good appearance. Maintenance does not include replacement of posts damaged by third parties or acts of nature.

6. **System Owned In-Part by CPAU**: If CPAU agrees to a Customer’s request for CPAU to install, own, or maintain any portion of the lighting fixtures, supports, and/or interconnecting circuits, the Customer shall be responsible for an extra monthly Charge of one and one-fourth percent of CPAU’s contribution to the cost of the street lighting system.

7. **Rates For Lamps Not on this Rate Schedule**: In the event a Customer installs a lamp which is not represented on this Rate Schedule, CPAU will prepare an interim rate reflecting CPAU's estimated costs associated with the specific lamp. This interim rate will serve as the effective rate for billing purposes until the new lamp rating is added to Rate Schedule E-14.
