A. APPLICABILITY:

This schedule applies to all public fire hydrants and private fire Service connections.

B. TERRITORY:

This schedule applies everywhere the City of Palo Alto provides Water Service.

C. RATES:

1. Monthly Service Charges

   Public Fire Hydrant ........................................................................................................ $5.00

   Private Fire Service:
   2-inch connection ........................................................................................................ $4.17
   4-inch connection ........................................................................................................ 25.81
   6-inch connection ........................................................................................................ 74.96
   8-inch connection ........................................................................................................ 159.74
   10-inch connection ..................................................................................................... 287.27
   12-inch connection ..................................................................................................... 464.02

2. Commodity (To be added to Service Charge unless Water is used for fire extinguishing or testing purposes.)

   All water usage .......................................................................................................... $10.00

D. SPECIAL NOTES:

1. Service under this schedule may be discontinued if Water is used for any purpose other than fire extinguishing or testing and repairing the fire extinguishing facilities. Using hydrants and fire Services for other purposes is illegal and will be subject to the commodity charge as noted above, fines, and criminal prosecution pursuant to the Palo Alto Municipal Code.

2. For a combination Water and fire Service, the Water Service schedule shall apply.
3. Utilities Rule and Regulation No. 21 provides additional information on Automatic Fire Services.

4. Repairs and testing of fire extinguishing facilities are not considered unauthorized use of Water if records and documentation are supplied by the Customer.
