instruments sufficient to cover the City’s Gas Utility’s compliance obligations. The Cap and Trade Compliance Charge will change in response to changing market conditions, retail sales volumes and the quantity of allowances required.

The Carbon Offset Charge reflects the City’s cost to purchase offsets for greenhouse gases produced in the burning of natural gas. The Carbon Offset Charge will change in response to changing market conditions, changing sales volumes and the quantity of offsets purchased within the Council-approved per therm cap.

The Transportation Charge is based on the current PG&E G-WSL rate for Palo Alto, accounting for delivery losses to the Customer’s Meter.

The Commodity, Cap and Trade Compliance, Carbon Offset and Transportation Charges will fall within the minimum/maximum ranges set forth in Section C.

2. Request for Service

A qualifying Customer may request service under this schedule for more than one account or meter if the accounts are located on one site. A site consists of one or more contiguous parcels of land with no intervening public right-of- ways (e.g. streets).

3. Changing Rate Schedules

Customers may request a rate schedule change at any time to any applicable City of Palo Alto full-service rate schedule.
