Turf Management	Greenfield	Daren Anderson	Commissioners Greenfield (TM Liaison) & Reckdahl (baseball SME) met with staff to discuss a recent community request to support 80' base paths at El Camino Park. Staff has done considerable investigation into this matter. A potential retrofit is far more complicated and expensive than might be expected. Suitable (very minimal cost) alternative field options at Greer Park have been identified, but do not include lights. PRC members and staff will schedule an on-site meeting with stakeholders to discuss options and details. Ribbon-cutting ceremony for the new Cubberley turf field and track is scheduled for 10/18. Work at El Camino Park soccer field is underway to replace the artificial turf in-fill material. Electrical repair of the failed light stanchion at Mayfield-North soccer field is scheduled.
