**SUBJECT: AGENDA ITEM NUMBER 1- TITLE: Foothills Park Annual  
PASS AND VISITOR CAPACITY LIMIT**

City Council Action on January 19, 2021

The February 11, staff report for agenda item number 1—Title: Foothills Park Annual Pass and Visitor Capacity Limit, omitted important feedback from the Parks and Recreation Commission Ad Hoc Committee regarding the visitor capacity limit for Foothills Park.

The Ad Hoc Committee supports a Foothills Park visitor limit that does not exceed 650 people (260 vehicles) at any one time, with authority for the City Manager to adjust the limit below 650 people (200 vehicles). The Ad Hoc Committee also suggests that 500 people (200 vehicles) would be an appropriate starting point for the visitor limit.
