SUBJECT: ADOPTION OF A RESOLUTION AUTHORIZING USE OF TELECONFERENCING FOR PARKS AND RECREATION COMMISSION MEETINGS DURING COVID-19 STATE OF EMERGENCY

RECOMMENDATION

Adopt a Resolution (**Attachment A**) authorizing the use of teleconferencing under Government Code Section 54953(e) for meetings of the Parks and Recreation Commission and its committees due to the Covid-19 declared state of emergency.

BACKGROUND

In February and March 2020, the state and the County declared a state of emergency due to the Covid-19 pandemic. Both emergency declarations remain in effect.

On September 16, 2021, the Governor signed AB 361, a bill that amends the Brown Act, effective October 1, 2021, to allow local policy bodies to continue to meet by teleconferencing during a state of emergency without complying with restrictions in State law that would otherwise apply, provided that the policy bodies make certain findings at least once every 30 days.

AB 361, codified at California Government Code Section 54953(e), empowers local policy bodies to convene by teleconferencing technology during a proclaimed state of emergency under the State Emergency Services Act in any of the following circumstances:

- (A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
- (B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.
- (C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B) (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees. (Gov. Code § 54953(e)(1).)

In addition, Section 54953(e)(3) requires that policy bodies using teleconferencing reconsider the state of emergency within 30 days of the first teleconferenced meeting after October 1, 2021, and at least every 30 days thereafter, and find that one of the following circumstances exists:

1. The state of emergency continues to directly impact the ability of the members to meet safely in person.
2. State or local officials continue to impose or recommend measures to promote social distancing.

DISCUSSION

At this time, the circumstances in Section 54953(e)(1)(A) exist. The Santa Clara County Health Officer continues to recommend measures to promote outdoor activity, physical distancing and other social distancing measures, such as masking, in certain contexts. (See August 2, 2021 [Order](#).) In addition, the California Department of Industrial Relations Division of Occupational Safety and Health (Cal/OSHA) has promulgated Section 3205 of Title 8 of the California Code of Regulations, which requires most employers in California, including in the City, to train and instruct employees about measures that can decrease the spread of COVID-19, including physical distancing and other social distancing measures.

Accordingly, Section 54953(e)(1)(A) authorizes the City to continue using teleconferencing for public meetings of its policy bodies, provided that any and all members of the public who wish to address the body or its committees have an opportunity to do so, and that the statutory and constitutional rights of parties and the members of the public attending the meeting via teleconferencing are protected.

To comply with public health directives and promote public safety, Palo Alto policy bodies have been meeting via teleconference since March 2020. On September 27, 2021, the City Council considered the format for future Council, committee, and Board and Commission meetings. Council determined that beginning November 1, 2021, Council meetings would be conducted using a hybrid format that allows Council Members and the public to decide whether to attend in person, following masking and distancing protocols, or participate via teleconference. Council directed that Council standing and ad-hoc committees and Boards and Commissions would continue meeting via teleconference through January 2022.

Adoption of the Resolution at **Attachment A** will make the findings required by Section 54953(e)(3) to allow the continued use of teleconferencing for meetings of the Parks and Recreation Commission and its committees.

- E. While federal, State, and local health officials emphasize the critical importance of vaccination and consistent mask-wearing to prevent the spread of COVID-19, the Santa Clara County Health Officer has issued at least one order, on August 2, 2021 (available online at [here](#)), that continues to recommend measures to promote outdoor activity, physical distancing and other social distancing measures, such as masking, in certain contexts; and
- F. The California Department of Industrial Relations Division of Occupational Safety and Health (“Cal/OSHA”) has promulgated Section 3205 of Title 8 of the California Code of Regulations, which requires most employers in California, including in the City, to train and instruct employees about measures that can decrease the spread of COVID-19, including physical distancing and other social distancing measures; and
- G. The City’s Parks and Recreation Commission (PRC) has met remotely during the COVID-19 pandemic and can continue to do so in a manner that allows public participation and transparency while minimizing health risks to members, staff, and the public that would be present with in-person meetings while this emergency continues; now, therefore,
