Summary Title: Study Session: Presentation by Evan Goldin

Title: Study Session: Chair Riggs and Vice Chair Alcheck Have Invited Evan Goldin to Make a Presentation to the Planning and Transportation Commission (PTC) Regarding his Experience with Innovative Parking Strategies; the Commission may Discuss a Variety of Parking Solutions Following This Presentation.

From: Jonathan Lait

Background

At the request of Chair William Riggs and Vice Chair Michael Alcheck the Planning and Transportation Commission (PTC) will be conducting a Study Session to discuss parking innovations, including new technologies to allow changes in parking usage, allocation and management. The Chair and Vice Chair have invited guest speaker, Evan Goldin.

Evan Goldin is a Palo Alto native and co-founder of Shoup Inc. His background is in transportation and the technology industry, with past experience at Zimride/Lyft and Ford's Chariot shuttle service. More information regarding Evan Goldin and Shoup, Inc can be found at the following link: <https://www.linkedin.com/in/evangoldin>.
