Subject: Tax Tesla, don't subsidize it

CAUTION: This email originated from outside of the organization. Be cautious of opening attachments and clicking on links.

Dear Fellow Citizens— leadership:

The staff report says we are spending \$200,000 to upgrade a transformer in the parking garage on Bryant Street near my home such that Tesla can install 19 chargers for their electronic vehicles, and then they will pay us back \$2,000 a month and \$176,000 total over seven years.

Tesla is a publicly traded company worth \$595 billion as of this morning.

We should be taxing them to the tune of \$10 million per year not subsidizing them.

Dontcha think?

Mark Weiss
