## City Council Staff Report

(ID # 7126)

**Report Type: Consent Calendar**

**Meeting Date: 6/27/2016**

**Summary Title: Resolution Adopting Management Employees Compensation Plan**

**Title: Adoption of Resolution Adopting the 2017-2019 Management & Professional Compensation Plan**

**From: City Manager**

**Lead Department: Human Resources**

### **Recommendation**

Staff recommends that Council adopt the attached resolution approving the Fiscal Year 2017-2019 Management and Professional Compensation Plan.

### **Background**

The City of Palo Alto employs approximately 224 Management and Professional employees whose salaries and benefits are established by Council resolution, as outlined in the City's Management, Professional and Council Appointees Compensation Plan (Compensation Plan). Employees covered by the Compensation Plan do not collectively bargain and are not represented by an employee union. As such, it is necessary to update the Compensation Plan periodically for the purpose of maintaining competitive salaries and benefits to attract and retain top talent in the City's unrepresented management positions<sup>1</sup>.

The current Compensation Plan was effective July 1, 2014 and the last general wage adjustment was effective July 1, 2015.

### **Discussion**

#### **1. Maintenance of Salaries**

It is recommended that the Compensation Plan be updated with general wage adjustments of 2.5% annually in the pay periods that include July 1 of each Fiscal Year (FY) for FY 2017, FY 2018, and FY 2019. The adoption of these general wage adjustments through FY 2019 will assist in

---

<sup>1</sup> The Management, Professional and Council Appointees Compensation Plan does not include Police, Fire or Utilities managers who are covered under separate agreements and collectively bargain as an employee union or employee association.

providing stability for future planning and budgeting and provide adjustments intended to address annual increases in inflation.

To maintain market competitiveness, it is also recommended that the City conduct a market study to identify job classes that have fallen below the market median. (The last market study for management positions was conducted in 2014.) Human Resources and Budget staff will return to Council with costs and recommendations for updated market-based salary adjustments following the completion of the study. The expected timeframe for a new market study is the Fall of 2016, with the results to be brought to Council before the end of the current calendar year.

The recommended approach of providing annual 2.5% general wage increases, supplemented by a market study, is similar to the pattern applied to agreements recently reached with other employee groups. In addition to the general wage adjustments, market adjustments were provided for job classes that had fallen below the median of the market.

## **2. Alignment of Benefits**

In addition to the maintenance of salaries, it is also recommended that the Compensation Plan be updated to align benefits in a manner consistent with other employee groups. The recommended changes are noted below, with additional detail noted in the attached red-line version of the Compensation Plan. Substantive changes to the Compensation Plan are as follows:

### **A. Medical Contributions**

In alignment with the premium cost-sharing method applied to other employee groups and adopted as part of the previous Management & Professional Compensation Plan, the 2016 plan year rates will be updated as follows:

Maximum City Contribution for Plan Year	FY 2016
Employee Only	\$743
Employee + 1	\$1,485
Employee + Family	\$1,931

For each subsequent calendar year, the maximum city contribution will increase by 4% on January 1 each year. This fixed method caps the City's costs, while also encouraging employees to become informed consumers by choosing the health care plan that provides the best value for their needs. Under the City's contract with CalPERS, employees have the option of choosing from up to 10 different medical plans with varying monthly premiums.

## **B. Pension Contributions**

Currently, the Compensation Plan requires management and professional employees to pay the full employee portion of the CalPERS Member Contribution at 6.25%, 7%, 8% or 9% of salary<sup>2</sup> depending upon an employee's benefit formula. Effective no sooner than the pay period that includes July 1, 2017, employees in the Management and Professional Group regardless of pension formula will pay an additional 0.5% (non-safety) or 1.5% (safety) towards the Employer share of pension. The following year, employees will pay an additional 0.5% (non-safety) or 1.5% (safety) effective the pay period that includes July 1, 2018.

## **C. Retiree Health**

The Compensation Plan further aligns management and professional employees with other employee groups by offering a one-time irrevocable opt-in to a retiree health plan offered under State Code 22893. This opt-in provides an alternative method of calculating a retiree's health contribution, as defined by Government Code Section 22893.

## **D. Other Changes**

An additional update to the Compensation Plan includes the ability for the City to explore the conversion of the existing management excess benefit (currently \$2,500) and professional development (currently \$500) to a pre-tax matching deferred compensation contribution up to \$4,000 annually. This provision requires further research and is included as an option for possible implementation in January 2017 or as soon as administratively possible.

## **Resource Impact**

The recommended changes discussed in this staff report are projected at a total cost of \$3.95 million to the General Fund (\$6.06 million for all funds) over the three fiscal years. The difference between the budgeted assumptions in the FY 2017 Budget and the recommended changes will cost approximately \$243,000 in the General Fund and \$374,000 in all funds, which will be absorbed through vacancy savings. Any additional adjustments from the results of the market study are not addressed in these projected costs and are subject to approval once the study has been completed.

## **Policy Implications**

The proposed Plan is consistent with and will further many of the goals identified by the City Council in the City's Labor Guiding Principles.

---

<sup>2</sup> New members to the pension plan since 2013 are charged "50% of the normal cost" as defined under the Public California Public Employees' Pension Reform Act (PEPRA).

## **Environmental Review**

Approval of the Compensation Plan affecting the wages, hours and working conditions of City employees is not a project under the California Environmental Quality Act (CEQA).

# COMPENSATION PLAN FOR THE CITY OF PALO ALTO

## Management and Professional Personnel

As used in this Plan, the term “Management and Professional” refers to all employees, including Confidential employees, previously classified as “Management and Confidential” by the City. This group will hereafter be identified as “Management and Professional” personnel.

### SECTION I. COMPENSATION

This section applies to all management and professional employees and does not include Council Members or Council-appointed officers. Each Council-appointed officer shall be the responsible decision-maker under this Plan for those employees in departments under his/her control.

#### **A. MANAGEMENT AND PROFESSIONAL COMPENSATION POLICY**

The City's policy for management and professional compensation is to establish and maintain a general structure based on marketplace norms and internal job alignment with broad compensation grades and ranges. Structures and ranges will be reviewed and updated as necessary based on marketplace survey data, internal relationships, and City financial conditions.

Individual compensation adjustments will be considered by the Council-appointed officer based on (1) performance factors including achievement of predetermined objectives; (2) pay structure adjustments; and (3) City financial conditions.

#### **B. BASIC PLAN ELEMENTS**

1. Structure. The compensation plan includes separate multi-grade structures for both management and professional employees. Each grade will have a salary range with a mid-point which is 20% above the minimum, and 20% below the maximum of the range. All management and professional positions will be assigned an appropriate pay grade based on salary survey data and internal relationships. Actual salary within the range is determined by experience and performance.

Competitive marketplace studies will be conducted as needed by surveying a maximum of 14 organizations similar to Palo Alto in number of employees, funding mechanisms, population and services provided. A market study is planned to be completed by January 2017. These studies will focus on total compensation for management positions such as first line supervisors, administrative, confidential, professional and top management. Periodically, studies will include position-by-position comparisons using market research and internal equity data. The results of these studies may indicate that the entire pay grade structure be adjusted, that individual positions be reassigned to different pay grades, or that no change

takes place. Such adjustments will only affect the salary administration framework. No individual salaries will be automatically changed because of structural adjustments.

A department director may request that HR reevaluate a job or jobs in his or her department based on significant and permanent changes in job content. In doing so the director will supply needed information and will provide a position description questionnaire as requested. The Chief People Officer will respond to such requests within his or her discretion.

2. Compensation Adjustment Authorization. In consultation with feedback received from the Management and Professional Compensation Committee, the City Manager may propose as part of the budget process for Council approval of a compensation adjustment based on (1) competitive market data, (2) changes in internal position relationships, (3) the City's ability to pay, and (4) a recommendation received from the Chief People Officer. Effective the first pay period following Council adoption of this plan all classifications will receive a two and one-half percent (2.5%) salary increase. Effective the pay period including July 1, 2017, all classifications will receive a two and one-half percent (2.5%) salary increase. Effective the pay period including July 1, 2018, all classifications will receive a two and one-half percent (2.5%) salary increase.

a) Base Compensation. Compensation for management and professional employees includes bi-weekly base salary and is paid on a continuing basis. On a fiscal year basis, the bi-weekly base salary must fall within pay grade limits of no less than 20% below the mid-point and no more than 20% above the mid-point.

Base salary increases are earned and authorized in accordance with administrative guidelines based upon growth within the position and performance, which must meet or exceed position standards defined through the performance planning and appraisal process described in subsection b below, the salary structure and the City's ability to pay.

Management/professional employees who have received an overall rating of "Meets", "Higher" or "Exceeds" expectations on their annual review and who have not been on a performance improvement plan during the preceding fiscal year will be eligible for an adjustment to base compensation. Nothing herein shall preclude an employee's manager from awarding a mid-point adjustment increase to an employee on a performance plan at a later date should employee's performance improve.

b) Performance Planning and Appraisal. Performance appraisals will be conducted at the end of each fiscal year during the months of July through September 30 each year prior to determining individual employee fixed compensation. This process includes both review of previous performance plan and preparation of the performance plan for the next planning period (usually the fiscal year). Performance plans are jointly prepared by the employee and supervisor with the concurrence of the department head or Council-appointed officer. The performance plans shall contain measurable objectives which place special emphasis on position description duties or specific assignments. Progress toward meeting objectives

shall be monitored periodically. The performance appraisals should be implemented in a manner that will achieve the following objectives:

- Define the employee's job duties and expected level of performance for the next review period to ensure that both the employee and supervisor have a clear understanding of the employee's role and responsibilities;
- Evaluate and document past performance to serve as a basis for establishing and obtaining future performance standards/objectives;
- Facilitate two-way communication and understanding between the employee and his or her supervisor;
- Counsel and encourage employees to work toward a learning development plan and realize their full potential;
- Establish future work plan objectives.

Work plans should include job related projects or special goals related to regular job duties when applicable. At the conclusion of the fiscal year (or review period), supervisors shall make a final determination of the overall performance rating.

Recommendations shall be forwarded to department heads and to the Chief People Officer or appropriate Council appointed officer who will then determine individual fixed adjustments according to the provisions of the compensation plan. Each department will ensure that metrics tie to the performance appraisal. The performance planning and appraisal process should be completed by September 30.

### **C. MANAGEMENT AND PROFESSIONAL COMPENSATION ADJUSTMENT AUTHORIZATION**

1. Council-appointed officers are authorized to pay salaries in accordance with this plan to non-Council-appointed management and professional employees in an amount not to exceed the aggregate of approved management and professional positions in the Table of Organization for the applicable fiscal year.
2. Individual management and professional compensation authorized by a Council-appointed officer under the Management and Professional Compensation Plan may not be less than 20% below nor more than 20% above the mid-point for the individual position grades authorized in Salary Schedule attached.
3. The Council-appointed officers are authorized to establish such administrative rules as are necessary to implement the Management and Professional Salary Plan subject to the limitations of the approved compensation adjustment authorization and the approved grade and mid-point structure.
4. Notwithstanding any other provision of this Compensation Plan, in the event a downward adjustment of a position grade assignment indicates a reduction in the established salary of

an individual employee, the Council-appointed officer may, if circumstances warrant, continue the salary for such employee in an amount in excess of the revised grade limit for a reasonable period of time. Such interim salary rates shall be defined as "Y-rates." Employees in "Y-rated" positions shall not be eligible for any increase to base salary unless and until the amount of the "Y-rated" salary is equal to or less than the published pay rates. Employees assigned to work above class duties shall not be eligible for "Y-rated" pay on conclusion of a work above class assignment.

## **SECTION II. SPECIAL COMPENSATION**

Working above classification will not exceed six months, unless renewed at the discretion of the City Manager. On expiration of that timeframe, working above classification pay will cease and the employee will return to his or her former pay level. - Employee is eligible to enroll his or her spouse or register his or her domestic partner with the California Secretary of State and waives medical coverage for the spouse or domestic partner; or
- Employee has additional eligible dependents and waives family-level medical coverage.

Participation must result in a health insurance cost savings to the City and payments per employee shall not exceed a total of two hundred eighty four dollars (\$284.00) per month. To participate in the program the employee and dependents must be eligible for coverage under PEMHCA medical plans, complete a waiver of medical coverage form, and provide proof of eligible alternative medical coverage. When a City employee is married to or has a registered domestic partner with the California Secretary of State with another City employee, each shall only be eligible once (as an individual or as a spouse of the other City employee, but not both) and not eligible for a waiver.

Payments will be made in the employee's paycheck beginning the first month following the employee's completion of the waiver form. Payments are subject to state and federal taxes and are not considered earnings under PERS law. Employees are responsible for notifying the

City of any change in status affecting eligibility for this program (for example, life changes affecting dependent's eligibility for medical coverage through the employee) and will be responsible for repayment of amounts paid by the City contrary to the terms of this program due to the employee's failure to notify the City of a change in status.

5. Retiree Health Plan

a) Employees Hired Prior to January 1, 2004

After ten (10) years of service credit, each additional service credit year increases the employer contribution percentage by 5% until, at 20 years' service credit, the employee will be eligible upon retirement for 100% of the specified employer contribution and 90% of their dependent coverage. The City of Palo Alto's health premium contribution for eligible post – 1/1/04 hires shall be the minimum contribution set by PERS under section 22893 based on a weighted average of available health plan premiums.

### 1. Professional Development - Reimbursement

The purpose of this program is to provide employees with resources to improve and supplement their job and professional skills. Reimbursement for authorized self-improvement activities may be granted each management and professional employee up to a maximum of five hundred dollars (\$500) per fiscal year. A departmental training fund of one thousand dollars per employee (\$1,000) will be established for subject matter, leadership or other training that the Department Director identifies as a need for employees within that Department.

The following items are eligible for reimbursement:

- a) Civic and professional association memberships
- b) Conference participation and travel expenses, which must occur within the compensation plan period.
- c) Educational programs, books and videos, and tuition reimbursement designed to maintain or improve the employee's skills in performing his or her job or future job opportunities, should support the City's mission or be necessary to meet the educational requirements for qualification for employment. Permissible educational expenses are refresher courses, courses dealing with current developments, academic or vocational courses, as well as the travel expenses associated with the courses as defined by the City's travel expense report from the Policy & Procedures Manual Section 1-02 ASD.

- d) Professional and trade journal subscriptions not to exceed 12 months.
- e) Approval will be at discretion of department head and signature is required on reimbursement form.

Amounts under this professional development program will be pro-rated in the first year of employment or promotion into a position covered by this Compensation Plan

## 2. Excess Benefit

This benefit is designed to meet the requirements of Section 125 of the Internal Revenue Code, with exception of Gym or Health Club Membership. Every calendar year, each employee will be provided with \$2,500 that they can designate among the following options, subject to caps pursuant to IRS regulations:

- a) Medical Flexible Spending Account (Medical FSA). Provides reimbursement for excess medical/dental/vision, or expenses that are incurred by employees and their dependents which are not covered or reimbursed by any other source, including existing City-sponsored plans. This includes prescribed medications and copayments. However, nonprescription dietary supplements (e.g. vitamins, etc.) toiletries (e.g. toothpaste), cosmetics (e.g. face cream), and items used for cosmetic purposes (e.g. Rogaine) are not acceptable.
- b) Dependent Care Flexible Spending Account (Dependent Care FSA). Provides reimbursement for qualified dependent care expenses under the City's Dependent Care Assistance Program (DCAP), subject to the following limits: Dependent care expenses will be reimbursed only to the extent that the amount of such expenses reimbursed under this Management Benefit Program, when added to the amount (if any) of annual dependent care expenses that the participant has elected under the City's Flexible Benefits Plan, do not exceed the maximum permitted under the DCAP.
  - 1) The annual amount submitted for reimbursement cannot exceed the income of the lower-paid spouse.
  - 2) The expenses must be employment-related expenses for the care of one or more dependents who are under 13 years of age and entitled to a dependent deduction under Internal Revenue Code section 151(e) or a dependent who is physically or mentally incapable of caring for himself or herself.
  - 3) The payments cannot be made to a child under 19 years of age or to a person claimed as a dependent.

- 4) If the services are provided by a dependent care center, the center must comply with all state and local laws and must provide care for more than six (6) individuals (other than a resident of the facility).
- 5) Dependent care expenses not submitted under this section are eligible under the City Dependent Care Assistance Plan (DCAP). However, the maximum amount reimbursed under DCAP will be reduced by any amount reimbursed under the Excess Benefit Plan.
- c) Non-taxable Professional Development Spending Account. Provides reimbursement for Non-Taxable professional development expenses (e.g., job-related training and education, seminars, training manuals, etc.) to the extent they are not paid or reimbursed under any other plan of the City.
- d) Gym or Health Club memberships. Provides reimbursement for annual or monthly memberships, including personal trainers. Reimbursement of this expense is taxable to the employee.
- e) Deferred Compensation. Provides a one-time contribution to the employee's City-sponsored 457 Deferred Compensation plan with either ICMA-RC or Mass Mutual.

Amounts designated by employees to either the Medical FSA, Dependent Care FSA, or Professional Development options are done so on a "use-it-or-lose-it" basis. This means that any amounts designated and not used by the end of the calendar year (or end of the extended grace period for the medical FSA) will be forfeited by the employee and returned to the plan.

Specified amounts under this benefit will be applied on a pro-rated basis for employees who are part-time or who are in a management or professional pay status for less than the full fiscal year. Such benefits will be pro-rated in the first year of employment (based on hire date) but will not be pro-rated upon separation of employment.

- 3. City will explore options including a deferred compensation match up to \$4000 through a pre-tax retirement savings account as a replacement for Professional Development in Section 1 and Excess Benefit as provided under Section 2.

## **L. LEAVES**

### **1. Sick Leave**

- a) Sick leave shall be accrued bi-weekly provided the employee has been in a pay status for 50% or more of a bi-weekly pay period. Sick leave shall be accrued at the rate of 3.7 hours per bi-weekly pay period for those employees working a 40-hour duty schedule. Those assigned work schedules which are greater or lesser than 40 hours will accrue sick leave at the ratio of their work schedule to 40 hours.

- b) Employees may use up to 20 hours of sick leave per calendar year for personal business. The scheduling of such leave is subject to the approval of the appropriate level of Management.
- c) Employees leaving the municipal service shall forfeit all accumulated sick leave, except as otherwise provided by law and by Section 609 of the Merit Rules and Regulations. In the event that notice of resignation is given, sick leave may be used only through the day which was designated as the final day of work by such notice.
- d) Employees that were hired before December 1, 1983 and who leave the municipal service in good standing, or who die while employed in good standing by the city, and who have 15 or more years of continuous service shall receive compensation for unused sick leave hours in a sum equal to two and one-half percent (2½%) of their unused sick leave hours multiplied by their years of continuous service and their basic hourly rate of pay at termination. Full sick leave accrual will be paid in the event of termination due to disability. See Merit System Rules and Regulations, Chapter 6, Section 609.
- e) Up to nine (9) days of sick leave per calendar year may be used for illness in the immediate family, including a registered domestic partner.
- f) Management and Professional employees eligible, as specified above if hired before December 1, 1983, to be compensated for sick leave may annually convert sick leave hours in excess of 600 to cash or deferred compensation, according to the formula set forth above, up to a maximum of \$2,000 per fiscal year.
- g) In accordance with the City Merit Rules and Regulations, a new employee may, if necessary, use up to 48 hours or shift equivalent of sick leave at any time during the first six (6) months of employment.

## 2. Management Annual Leave

### a) Exempt Employees

Regular management and professional employees will be credited with 80 hours of annual leave. This leave is granted in recognition of the extra hours Management and Professional employees work over their regular schedule. This leave may be taken as paid time off, added to vacation accrual (subject to vacation accrual limitations), taken as cash or taken as deferred compensation. When time off is taken under this provision, 10-hour shift workers will receive one shift off for each 8 hours charged; 24-hour shift workers will receive one-half (½) shift off for each 8 hours charged.

In 2012, the City transitioned this benefit from a fiscal to calendar year basis for administrative purposes. Beginning in 2013 and each calendar year thereafter, employees will be credited with 80 hours of management annual leave.

Entitlement under this provision will be reduced on a prorated basis for part-time status, or according to the number of months in paid status during the year; employees who have used more than the pro-rated share at the time they leave City service shall be required to repay the balance or have it deducted from their final check. Unused balances as of the end of the year will be paid in cash unless a different option as indicated above is elected by the employee.

b) Non-Exempt Employees

Based on an audit recommendation to eliminate payment of overtime as well as management leave for non-exempt employees in the management group, the City is transitioning away from providing management leave to non-exempt employees. As part of the transition, and in order to minimize impacts to current employees, the City will phase-out elimination of the 80 hours of management leave for all current non-exempt Management and Professional employees (those eligible to earn overtime). Beginning on July 1, 2014 all employees in non-exempt positions will receive overtime pay for hours actually worked, but will no longer receive management leave.

Employees hired into non-exempt management positions on or after February 26, 2011 will receive overtime only and will not be eligible for management leave.

3. Vacation

Vacation will be accrued when an employee is in pay status and will be credited on a bi-weekly basis. Total vacation accrual at any one time may not exceed three (3) times the annual rate of accrual. Each eligible employee shall accrue vacation at the following rate for continuous service performed in pay status:

- a) Less than nine (9) years. For employees completing less than nine (9) years continuous service: 120 hours vacation leave per year; provided that:
  - i. The City Manager is authorized to adjust department head annual vacation accrual to provide for a maximum of 160 hours for those hired between July 1, 1996 and June 30, 2001; and
  - ii. The City manager is authorized to adjust the annual vacation accrual of employees hired on or after July 1, 2001, to provide up to 40 additional hours (i.e., to a maximum annual accrual of 160 hours) for service with a prior employer.

- b) Nine (9), but less than fourteen (14) years. For employees completing nine (9), but not more than fourteen (14) years continuous service; 160 hours vacation per year.
- c) Fourteen (14), but less than nineteen (19) years. For employees completing fourteen (14), but not more than nineteen (19) years continuous service; 180 hours vacation leave per year.
- d) Nineteen (19) or more years. For employees completing nineteen (19) or more years continuous service; 200 hours vacation leave per year.
- e) Employees are eligible to cash out vacation accrual balances in excess of 80 hours. An employee may cash out a minimum of eight (8) hours to a maximum of 120 hours of accrued vacation provided the employee has taken 80 vacation hours in the previous 12 months and has followed the election procedures set forth in this section.

Employees must elect the number of vacation hours they will cash-out during the next calendar year, up to the maximum of 120 hours. For the 2012 calendar vacation year, employees will make their election for vacation hours to cash out no later than November 1, 2012. The election will apply only to vacation hours that are accrued in the next calendar year and that are eligible for cash-out.

The election to cash-out vacation hours in each designated year will be irrevocable. This means that employees who elect to cash-out vacation hours must cash-out the number of accrued hours pre-designates on the election form.

Employees who do not elect a cash-out amount by November 1 of the prior calendar year will be deemed to have waived the right to cash out any leave in the following tax year and will not be eligible to cash-out vacation hours in the next tax year

Employees who elect cash-out amounts may request a cash-out at any time in the designated tax year by submitting a cash-out form to payroll. Payroll will complete the cash-out upon request, provided the requested cash-out amount has accrued and is consistent with the amount the employee pre-designated. If the full amount of hours designated for cash-out is not available at the time of cash-out request, the maximum available will be paid. For employees who have not requested cash-out of the elected amount by November 1 of each year, Payroll will automatically cash-out the elected amount in a paycheck issued on or after the payroll date including November 1.

#### 4. Bereavement

Leave of absence with pay of three (3) days may be granted an employee by the head of his/her department in the event of death in the employee's immediate family, which is

defined for purposes of this section as wife, husband, son, son-in-law, step-son, daughter, daughter-in-law, step-daughter, mother, mother-in-law, father, father-in-law, brother, brother-in-law, sister, sister-in-law, grandmother, grandmother-in-law, grandfather, grandfather-in-law, grandchild, aunt, uncle, niece, nephew, registered domestic partner, or a close relative residing in the household of employee. Such leave shall be at full pay and shall not be charged against the employee's accrued vacation or sick leave. Requests for leave in excess of three days shall be subject to the approval of a Council-Appointed Officer for employees under his/her control.

5. Use of accrued leave credits during leaves of absence.

During unpaid leaves of absence for disability or other reasons, the employee may elect and the City may require the employee to use accrued paid vacation and sick leave in a manner consistent with state and federal law. Requests for leaves without pay shall not be unreasonably denied. In order to avoid misunderstandings, all leaves without pay must be in writing to be effective.

# COMPENSATION PLAN FOR THE CITY OF PALO ALTO

## Management and Professional Personnel

As used in this Plan, the term “Management and Professional” refers to all employees, including Confidential employees, previously classified as “Management and Confidential” by the City. This group will hereafter be identified as “Management and Professional” personnel.

### SECTION I. COMPENSATION

This section applies to all management and professional employees and does not include Council Members or Council-appointed officers. Each Council-appointed officer shall be the responsible decision-maker under this Plan for those employees in departments under his/her control.

#### **A. MANAGEMENT AND PROFESSIONAL COMPENSATION POLICY**

The City's policy for management and professional compensation is to establish and maintain a general structure based on marketplace norms and internal job alignment with broad compensation grades and ranges. Structures and ranges will be reviewed and updated as necessary based on marketplace survey data, internal relationships, and City financial conditions.

Individual compensation adjustments will be considered by the Council-appointed officer based on (1) performance factors including achievement of predetermined objectives; (2) pay structure adjustments; and (3) City financial conditions.

#### **B. BASIC PLAN ELEMENTS**

1. Structure. The compensation plan includes separate multi-grade structures for both management and professional employees. Each grade will have a salary range with a mid-point which is 20% above the minimum, and 20% below the maximum of the range. All management and professional positions will be assigned an appropriate pay grade based on salary survey data and internal relationships. Actual salary within the range is determined by experience and performance.

Competitive marketplace studies will be conducted as needed by surveying a maximum of 14 organizations similar to Palo Alto in number of employees, funding mechanisms, population and services provided. A market study is planned to be completed by January 2017. These studies will focus on total compensation for management positions such as first line supervisors, administrative, confidential, professional and top management. Periodically, studies will include position-by-position comparisons using market research and internal equity data. The results of these studies may indicate that the entire pay grade structure be adjusted, that individual positions be reassigned to different pay grades, or that no change

takes place. Such adjustments will only affect the salary administration framework. No individual salaries will be automatically changed because of structural adjustments.

A department director may request that HR reevaluate a job or jobs in his or her department based on significant and permanent changes in job content. In doing so the director will supply needed information and will provide a position description questionnaire as requested. The Chief People Officer will respond to such requests within his or her discretion.

2. Compensation Adjustment Authorization. In consultation with feedback received from the Management and Professional Compensation Committee, the City Manager may propose as part of the budget process for Council approval of a compensation adjustment based on (1) competitive market data, (2) changes in internal position relationships, (3) the City's ability to pay, and (4) a recommendation received from the Chief People Officer. Effective the first pay period following Council adoption of this plan all classifications will receive a two and one-half percent (2.5%) salary increase ~~in consideration of the medical changes described in section H, retroactive to the pay period including July 1, 2014.~~ Effective the pay period including July 1, ~~2015~~2017, all classifications will receive a two and one-half percent (2.5%) salary increase. Effective the pay period including July 1, 2018, all classifications will receive a two and one-half percent (2.5%) salary increase.

a) Base Compensation. Compensation for management and professional employees includes bi-weekly base salary and is paid on a continuing basis. On a fiscal year basis, the bi-weekly base salary must fall within pay grade limits of no less than 20% below the mid-point and no more than 20% above the mid-point.

Base salary increases are earned and authorized in accordance with administrative guidelines based upon growth within the position and performance, which must meet or exceed position standards defined through the performance planning and appraisal process described in subsection b below, the salary structure and the City's ability to pay.

Management/professional employees who have received an overall rating of "Meets", "Higher" or "Exceeds" expectations on their annual review and who have not been on a performance improvement plan during the preceding fiscal year will be eligible for an adjustment to base compensation. Nothing herein shall preclude an employee's manager from awarding a mid-point adjustment increase to an employee on a performance plan at a later date should employee's performance improve.

b) Performance Planning and Appraisal. Performance appraisals will be conducted at the end of each fiscal year during the months of July through September 30 each year prior to determining individual employee fixed compensation. This process includes both review of previous performance plan and preparation of the performance plan for the next planning period (usually the fiscal year). Performance plans are jointly prepared by the employee and supervisor with the concurrence of the department head or Council-appointed officer. The performance plans shall contain measurable objectives which place special emphasis on position description duties or specific assignments. Progress toward meeting objectives

shall be monitored periodically. The performance appraisals should be implemented in a manner that will achieve the following objectives:

- Define the employee's job duties and expected level of performance for the next review period to ensure that both the employee and supervisor have a clear understanding of the employee's role and responsibilities;
- Evaluate and document past performance to serve as a basis for establishing and obtaining future performance standards/objectives;
- Facilitate two-way communication and understanding between the employee and his or her supervisor;
- Counsel and encourage employees to work toward a learning development plan and realize their full potential;
- Establish future work plan objectives.

Work plans should include job related projects or special goals related to regular job duties when applicable. At the conclusion of the fiscal year (or review period), supervisors shall make a final determination of the overall performance rating.

Recommendations shall be forwarded to department heads and to the Chief People Officer or appropriate Council appointed officer who will then determine individual fixed adjustments according to the provisions of the compensation plan. Each department will ensure that metrics tie to the performance appraisal. The performance planning and appraisal process should be completed by September 30.

an individual employee, the Council-appointed officer may, if circumstances warrant, continue the salary for such employee in an amount in excess of the revised grade limit for a reasonable period of time. Such interim salary rates shall be defined as "Y-rates." Employees in "Y-rated" positions shall not be eligible for any increase to base salary unless and until the amount of the "Y-rated" salary is equal to or less than the published pay rates. Employees assigned to work above class duties shall not be eligible for "Y-rated" pay on conclusion of a work above class assignment.

Unused balances as of the end of the year will be paid in cash unless a different option as indicated above is elected by the employee.
