Ordinance No. \_\_\_\_\_

Ordinance of the Council of the City of Palo Alto Repealing Chapter 9.17 (Personal Cultivation of Marijuana) of Title 9 (Public Peace, Morals and Safety) of the Palo Alto Municipal Code; Repealing Ordinance No. 4422; and Amending Chapters 18.04 (Definitions) and 18.42 (Standards for Special Uses) of Title 18 (Zoning) to Prohibit Medical Cannabis Dispensaries and Prohibit Commercial Cannabis Activities, Except for Deliveries.

The Council of the City of Palo Alto does ORDAIN as follows:

SECTION 1: The Council of the City of Palo Alto finds and declares as follows:

- A. On June 9, 1997, the Palo Alto City Council adopted uncodified urgency Ordinance No. 4422 declaring the establishment and operation of medical cannabis dispensaries to be a prohibited use under the City's zoning ordinance.
- B. On October 24, 2016, the Palo Alto City Council adopted Ordinance No. 5399, prohibiting the outdoor cultivation of cannabis. That ordinance had a sunset date of one year from the date the ordinance took effect.
- C. On November 8, 2016, California voters passed Proposition 64, known as the Adult Use of Marijuana Act (AUMA), which legalized the use, sale, and consumption of recreational cannabis by persons 21 years of age and older.
- D. In June 2017, the California Legislature passed SB 94, which consolidated the state regulation of medical and recreational cannabis into the Medicinal and Adult Use Cannabis Regulation and Safety Act (MAUCRSA), taking the place of the Medical Cannabis Regulation and Safety Act and the AUMA.
- E. The MAUCRSA provides base standards for personal cultivation of cannabis and allows local jurisdictions to legislate additional standards. (*See* Health and Safety Code section 11362.2).
- F. The MAUCRSA permits commercial cannabis activities subject to state licensure, but preserves local governments' authority to regulate or ban commercial cannabis activities. (*See, e.g.*, Business and Professions Code section 26200).
- G. Medical cannabis dispensaries and commercial cannabis activities are not listed in the City's zoning code as permitted or conditionally-permitted land uses, making them prohibited under the principles of permissive zoning provisions. (*See, e.g., City of Corona v. Naulls* (2008) 166 Cal.App.4th 418). Nevertheless, the state may not necessarily recognize the application of permissive zoning principles as to cannabis-related uses.
- H. In order to protect the public health, safety, and welfare, the Palo Alto City Council desires to replace the existing uncodified prohibition of medical cannabis dispensaries

SECTION 6. Severability. If any provision, clause, sentence or paragraph of this ordinance, or the application to any person or circumstances, shall be held invalid, such invalidity shall not affect the other provisions of this ordinance which can be given effect without the invalid provision or application and, to this end, the provisions of this ordinance are hereby declared to be severable.

SECTION 7. CEQA. The City Council finds and determines that this Ordinance is not a “project” within the meaning of section 15378 of the California Environmental Quality Act (CEQA) Guidelines because it has no potential for resulting in physical change in the environment, either directly or ultimately. In the event that this Ordinance is found to be a project under CEQA, it is subject to the CEQA exemption contained in CEQA Guidelines section 15061(b)(3) because it can be seen with certainty to have no possibility of a significant effect on the environment.
