Summary Title: State of CA COPS Funding 2018

Title: Approval of the Acceptance and Appropriation of State of California Citizens Options for Public Safety (COPS) Funds and Approval of a Budget Amendment in the Supplemental Law Enforcement Services Fund

From: City Manager

Lead Department: Police

Recommendation

Staff recommends that the City Council:

1. Approve the acceptance and appropriation of Citizens Options for Public Safety (COPS) funds from the State of California; and
2. Amend the Fiscal Year 2019 Budget Appropriation for the Supplemental Law Enforcement Services Fund by:
 - a. Increasing the estimate for Revenue from the State of California by \$105,964; and,
 - b. Increasing the Police Department Facilities and Equipment appropriation by \$133,000.
 - c. Decreasing the Ending Fund Balance by \$27,036.

Background

Since 1997, the California State Budget Act has included allocations to counties and cities for the COPS program. This funding is intended to fill the need for additional resources at the local level to ensure public safety. Under the provisions of Government Code Section 30061, a percentage of the funds are allocated to counties and cities, based upon population, for law enforcement services. Funds must supplement existing services and cannot be used to supplant any existing funds. Each city is also required to deposit the funds into a separate Supplemental Law Enforcement Services Fund so that these funds are not intermingled with General Fund dollars. The funds must be used to benefit front-line law enforcement efforts.

Previous uses of COPS funds have included the purchase of a replacement K-9 unit; crime scene evidence collection vehicle; firearm instructor hearing protection; mobile data terminals, youth program activities; upgrades to the telecommunications infrastructure; upgrades to the patrol vehicle and traffic motorcycle programs; and property and evidence operational and security improvements.

Discussion

Staff proposes to use the COPS funds in the following manner:

- Automated External Defibrillators (AED) (\$30,000)
The proposed Palo Alto Automated External Defibrillator (AED) purchase matches a contribution of \$30,000 from the County of Santa Clara, in partnership with Racing Hearts, a Palo Alto-based non-profit. The County funding comes from the County EMS Trust Funds and 2012 Measure A Funds for public safety and health programs. The AED purchase will allow the Palo Alto Police Department to equip every patrol car (deployed on the street) with an AED device for the first time. Previous AED deployments required police officers to check out an AED on a daily basis. This program will provide the community with faster, more efficient access to these life saving devices by having one AED mounted in every patrol car. When an automated external defibrillator (AED) is deployed within the first 4-6 minutes and in combination with CPR, the survival rates of sudden cardiac arrest can increase up to 80 percent. This purchase would ensure constant, around the clock accessibility to ensure lifesaving measures for our aging citizenry and assist with the increasing volume of medical aid calls for service.
- Electronic Citation Software (\$50,000)
Electronic citation software ("E-cite") provides officers with a more efficient and accurate means of issuing citations. E-citations eliminate two common issues, writing illegibility and a failure to complete all required cite information. The system's improved accuracy and faster processing time should increase the ability to issue cites or warnings and enhance revenue. The Council previously approved \$45,000 of COPS funding for the E-cite program ([CMR 5425](#)) in 2015. This additional allocation is to fully fund the E-cite program (\$95,000) to include all patrol officers, rather than just traffic officers.
- Rifle Magnifiers (\$53,000)
The purchase of the rifle magnifiers decreases liability to the City and officers and improves safety for citizens by increasing accuracy should the need to use a rifle in the field arise. The rifle magnifiers are a safety extension for the rifle. The new magnifiers will allow an officer to see the object three times larger than currently allowed. All officers (except a handful of our newest officers) are rifle-certified, and all patrol cars are outfitted with rifles. The deployment of rifles is a long-standing, standard law enforcement practice. Palo Alto officers have been outfitted with rifles for over twenty years. The Department hosts an in-house course approved by the California Peace Officer Standards and Training (POST) Commission to train all of our officers in the use of the patrol rifle.

Resource Impact

The Police Department has received funds each year under this program since its inception in 1998. Annual allocations have averaged approximately \$100,000 over the last few years. The

City received the official [notice](#) from the California Department of Finance in September 2018 that the City's COPS allocation for Fiscal Year 2019 is \$105,964. Revenues of \$105,964 are recommended to be recognized in the City's Supplemental Law Enforcement Services Fund.

A total of \$133,000 of expenditures are anticipated as described previously in the memorandum, which will be covered by the COPS grant funding appropriated in FY 2019 (\$105,964), as well as COPS funding received in previous years that was unspent (\$27,036). There will be no impact to the General Fund as ongoing maintenance costs for the items purchased by the SLESF will be absorbed in the Department's existing non-salary budget.

Policy Implications

Expenditures of funds associated with COPS funds are consistent with City Policy.

Environmental Assessment

Acceptance of COPS funding and the proposed expenditures for public safety equipment are not projects subject to CEQA requirements.

Honorable Betty T. Yee
State Controller
300 Capitol Mall, Suite 1850
Sacramento, CA 95814

Attention: Ms. Debra Morton
Local Government Programs and Services Division, Manager, Local
Apportionments

Dear Controller Yee:

Pursuant to Government Code section 30029.05, subdivision (e), paragraph (2), the Department of Finance respectfully submits the attached (Attachments I and II) percentages for the 2018-19 allocation of \$214,200,000 in Citizens' Option for Public Safety (COPS) and Juvenile Justice Crime Prevention Act (JJCPA) funds deposited in the Enhancing Law Enforcement Activities Subaccount (ELEAS) in the Law Enforcement Services Account within the Local Revenue Fund 2011.

Pursuant to Government Code section 30061, subdivisions (b) and (g), subsequent to the allocation described in subdivision (d) of Section 29552, 47.08727192 percent of the remaining funds deposited in the ELEAS for the COPS (23.54363596 percent) and JJCPA (23.54363596 percent) programs are to be allocated, according to the relative population for each county and city, as follows:

- (1) 5.15 percent to the county sheriff for county jail construction and operation (\$11,031,300).
- (2) 5.15 percent to the district attorney for criminal prosecution (\$11,031,300).
- (3) 50 percent to the county or city and county to implement a comprehensive multi-agency juvenile justice plan (\$107,100,000).
- (4) 39.7 percent to the county and the cities within the county for front-line law enforcement (\$85,037,400). Note that pursuant to Government Code section 30061, subdivision (b), paragraph (3), each law enforcement jurisdiction receiving front-line law enforcement funding is to receive a minimum grant of \$100,000. The percentages included in Attachment II are calculated in a manner that provides for a minimum grant allocation of \$100,000 to each law enforcement jurisdiction listed in Attachment II.

Note that the by-county percentages for the first three allocations above: (1) county jail construction, (2) district attorney criminal prosecution, and (3) multi-agency juvenile justice plans, are specified on Attachment I and the by-county/city percentages for the fourth allocation, front-line law enforcement, are identified on Attachment II.

Honorable Betty T. Yee
