

COUNCIL MEETING

6/10/2019

Received Before Meeting

10

10

TO: HONORABLE CITY COUNCIL

FROM: BRAD EGGLESTON, DIRECTOR OF PUBLIC WORKS

DATE: MONDAY, JUNE 10, 2019

SUBJECT: ACTION ITEM NUMBER 10 – Public Works Department
PUBLIC HEARING: Adoption of Three Ordinances Amending Title 5 (Health and Sanitation) of the Palo Alto Municipal Code to: 1) Establish New Disposable Foodware Requirements, Including Restrictions on the use of Plastic Straws, Cutlery, Stirrers and Related Items, and Provision of Printed Receipts at Food Service Establishments; 2) Establish Regulations Related to Produce Bags at Retail Service Establishments; and 3) Require Deconstruction and Source Separation of Construction and Demolition Related Materials to Maximize Salvage and Reuse of Building Materials, and Increase Recycling and Diversion from Landfills; Adoption of a Negative Declaration for New Deconstruction Program Activities; and Finding the Disposable Foodware and Refuse Collection Ordinance to be Exempt Under California Environmental Quality Act (CEQA)

-
1. The proposed amendments to Chapter 5.20 of the Municipal Code (Refuse Collection Ordinance) will need to be removed from consideration this evening. This is item #2 of the staff recommendation in the report. The agenda title did not clearly reference the proposed changes to Chapter 5.20 to provide adequate notice and thus the ordinance should be postponed for consideration. The proposed Refuse Collection Ordinance changes will be brought back to Council at a later date.
 2. The original staff report included as Attachment H a letter from Stanford Health Care and Lucile Packard Children’s Hospital (referred to together as “Stanford Hospitals”) related to the Disposable Foodware Ordinance requesting an exemption for patient care areas from the Ordinance’s requirements. Recently, City staff met with representatives of the Stanford Hospitals to discuss their concerns and confirmed that the Ordinance does not apply to hospitals’ meal service provided directly to patients as part of patient

care. However, public cafeterias or food courts within hospitals and other establishments would have to abide by the disposable foodware requirements.
