Dear Council Members and Mr. Kamhi,

I am writing to support the Dixon Contract extension. This is critical for the parking permit management system and other Office of Transportation projects currently underway. These projects will bring increased efficiency to the City's operations and provide better data on which to make decisions. Many of the projects have been planned for years and could be operational in 2021.

Carol Scott
Palo Alto Resident

To City Council:

Please support the contract extension. It is mission critical for the parking permit management system and other Office of Transportation projects currently underway. Many of these projects have been planned for years and could be operational early in 2021.
