**Council Question Response**

Dear Mayor and Council Members:

On behalf of City Manager Ed Shikada, please find below the staff responses to inquiries made by Council Member Cormack in regard to the June 15, 2020 Council Meeting agenda.

**Item 5: Approve Contract Amendment for Dixon Resources to Extend Term**

**1. With this extension, when should we expect to see the plan brought to Council?**

The Dixon contract work queues up several returns to the Planning & Transportation Commission (PTC) and City Council in the coming months and year. Staff is developing a public outreach process for these and will be bringing back to PTC and Council regular updates, likely to occur in Fall 2020 and early 2021. These will bring forward options for moving forward with automated enforcement using license plate reader (LPR) technology and enhanced parking management through expanded paid parking, as well as updates on progress on the 35 recommended Parking Work Plan items developed in the MRG report approved by Council in June 2019

Thank you.
