RE: Thank You

Dear Congresswoman Eshoo,

On behalf of the City of Palo Alto, I would like to thank you for your recommendation to the Appropriations Committee to consider our request for the Mental Health Alternative Response Pilot Program as one of your recommended Community Project Funding requests this year.

The City is aware that this inaugural year of Community Project Funding requests returning is very significant and we are grateful to be part of the process. We understand that there are many steps to go but we are very appreciative to have advanced in this first very important step of receiving your support for our project which impacts our community and beyond.

Additionally, I would like to thank you for including our Palo Alto Avenue Grade Separation and Downtown Coordinated Area Plan (CAP) Study in your list of recommendations for the Transportation and Infrastructure Committee as a Transportation and Infrastructure Project Funding Request. Our grade separation projects are likely to be one of our biggest infrastructure projects in recent history and your support of this as a Transportation and Infrastructure Project Funding Request is well appreciated.

Lastly, we wanted to share a special thank you to your staff for their hard work on these processes and in being available throughout to answer any questions. Your professional team is stellar, and it is our pleasure to continue to work with all of you.

Warm regards,
