

SIGN PANEL SPECIFICATIONS

DIGITAL PRINT GRAPHIC

PROTECTIVE CLEAR LAMINATED COVER

RED BACKGROUND PMS 032C

WHITE COPY

8" X 10"

PRINT LAMINATED TO AN .080 ALUMINUM BACKER
WITH EASED EDGES (NO PAINT)

All the signs are red with white letter, metal and 8 inches tall by 10 inches wide. Reflective vinyl material must similar to the 3M (or equal) red engineer grade scotchlite vinyl with 3M(or equal) white engineer grade scotchlite lettering. You can then add that greater reflectivity like H.I.P. (High Intensity Prismatic) sheeting is also acceptable.

FACP - the text is 4 inches tall, and the font is Helvetica Med Compact

Fire Alarm Control Panel – the text is 1.25 inches tall, Helvetica Med Compact

Electrical Panel – text is 1.5 inches tall, Helvetica Med Compact

Emergency Power Off - text is 1.5 inches tall, Helvetica Med Compact

Fire Pump Room - text is 1.5 inches tall, however we used Helvetica Medium as the font

Fire Riser Room - text is also 1.5 inches tall, and also Helvetica Medium as the font
