

Eichler Neighborhood Design Guidelines

JOIN US!

Property owners, residents, and Eichler enthusiasts are invited to attend a **Community Workshop on Palo Alto Eichler neighborhood design.**

The purpose of the project is to develop and adopt illustrated architectural guidelines to assist homeowners, architects, City staff, and City review bodies in making decisions so that alterations, additions, and new construction will be compatible with the character of Palo Alto's Eichler neighborhoods. The project will also consider whether there should be accompanying changes to the City's zoning regulations.

The meeting will allow City staff and the City's consultant, **PAGE & TURNBULL**, to present information about the project and gather community input.

**Tuesday April 11, 2017
6:30-8:30 p.m.
Midtown Room
Mitchell Park Community Center
3700 Middlefield Road
Palo Alto, CA 94303**
