

CITY OF PALO ALTO

REQUEST FOR TEMPORARY ELEVATION BENCHMARK

To assist residents and businesses in determining the approximate elevation of their property, the City Surveyor will establish a temporary benchmark on the sidewalk in front of a property upon request. This service will be provided for a fee of \$270.00. Following submittal of this form and payment of the fee, the temporary elevation benchmark will be provided within approximately two weeks. The City Surveyor will return this form to you with the elevation data when the survey work has been completed.

The elevation data provided is approximate only, and the temporary benchmark is not to be used by surveyors as the basis of any official site topographical survey.
