### **LAW ENFORCEMENT CODE OF ETHICS**

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

## **Chapter 1 - Law Enforcement Role and Authority**

# Law Enforcement Authority

## 100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Palo Alto Police Department to perform their functions based on established legal authority.

## 100.2 PEACE OFFICER POWERS

Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

### 100.2.1 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE PALO ALTO POLICE DEPARTMENT

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed within the City or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

When an officer makes an out-of-county arrest pursuant to a warrant, the officer shall inform the arrestee of the right to be taken before a magistrate in that county (Penal Code § 821; Penal Code § 822).

### 100.2.2 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE PALO ALTO POLICE DEPARTMENT

The arrest authority within the State of California is as follows (Penal Code § 830.1):

- (a) As to any public offense committed or which there is probable cause to believe has been committed within the jurisdiction of the Palo Alto Police Department.
- (b) Where the peace officer has the consent of the Chief of Police.
- (c) As to any public offense committed or which there is probable cause to believe has been committed in the officer's presence and there is immediate danger to a person or property, or of the escape of the perpetrator of the offense.
- (d) Arrest pursuant to a warrant.
  - 1. For out-of-county warrants, the arresting officer shall inform the arrestee, in writing without delay, of the right to be taken before a magistrate in this county (Penal Code § 821; Penal Code § 822):

## 100.3 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

- (a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.
- (b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

### *Law Enforcement Authority*

---

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

Peace officers of another state who enter the State of California in fresh pursuit to arrest a person who has committed a felony in the other state have the same authority to arrest and hold in custody such person as peace officers of this state have to arrest and hold a person in custody (Penal Code § 852.2).

#### **100.4 POLICY**

It is the policy of the Palo Alto Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

#### **100.5 CONSTITUTIONAL REQUIREMENTS**

All members shall observe and comply with every person's clearly established rights under the United States and California Constitutions.

# Chief Executive Officer

## 102.1 PURPOSE AND SCOPE

The California Commission on Peace Officer Standards and Training (POST) has mandated that all sworn officers and dispatchers employed within the State of California shall receive certification by POST within prescribed time periods.

### 102.1.1 CHIEF EXECUTIVE OFFICER REQUIREMENTS

Any chief executive officer of this department appointed after January 1, 1999, shall, as a condition of continued employment, complete the course of training prescribed by POST and obtain the Basic Certificate by POST within two years of appointment.

### 104.3 OATH OF OFFICE

All department members, when appropriate, shall take and subscribe to the oaths or affirmations applicable to their positions. All sworn members shall be required to affirm the oath of office expressing commitment and intent to respect constitutional rights in discharging the duties of a law enforcement officer (Cal. Const. Art. 20, § 3; Government Code § 3102). The oath shall be as follows:

## *Training Policy*

---

knowledge of department policy/procedure, reaction to threat/danger, or ability to be safe and survive confrontations.

### **208.8.1 DEFINITION**

FX Marking Cartridge is a non-lethal live training ammunition available in a variety of colors. Calibers of 9mm and .38 are available. The round has a reduced noise signature so that hearing protection is not needed. It has a reduced energy design so that it can be used on live targets. It cleans up easily. It has sufficient recoil to provide realism. It's effective accuracy is 7-10 yards in handguns, and 20 meters in longer guns. The design tactical accuracy is 6 inches at 25 feet.

### **208.8.2 SAFETY MEASURES/GUIDELINES**

Safety is paramount in scenario training. Proper and sound safety practices are mandatory when the FX Marking Cartridge is utilized. The following safety measures/guidelines will be followed:

- (a) The use of protective equipment is mandatory. It shall include full-face mask, throat protection, and groin protection. Optional equipment, but highly recommended are gloves, hard athletic style cup, and clothing to cover the skin (Eye protection should be tested and able to withstand velocities in excess of 400 f.p.s.).
- (b) Students should wear the clothing and equipment that they normally wear during their duty assignments. Additionally, the training artificialities such as the groin, face, eye, and throat protection mentioned above should be worn on top of normal duty clothing and equipment.

Role players' safety is of extreme importance and they should be as protected from blunt trauma and from FX projectile impact as possible. A role player should not be injured due to a lack of or improper use of protective clothing and equipment.

### **208.9 SCENARIO DEVELOPMENT/TRAINING**

Scenario based training involves placing students in situations that simulate actual conditions normally found in their working environment. The objective of the scenario should either be to teach a response to a situation or test a response to a situation.

- (a) Each Scenario developed will have the following mandatory components addressed:
  - 1. Personnel;
  - 2. Training Location;
  - 3. Equipment;
  - 4. Training Objective;
  - 5. Briefings.
- (b) Minimum Recommended Personnel - The following personnel are deemed as the minimum requirement for all scenario training:

## Training Policy

---

1. **Training Safety Officer (TSO)** - one person whose sole task is to insure the safety of all scenario personnel;
  2. **Training Officer in Charge (OIC)** - the person who is in charge of establishing (setting up) and running the scenarios. There may be assistant OIC's if there are several scenario's running;
  3. **Role Player(s) Student Trainee** - the student trainee should arrive at the training scene with a positive attitude. He/she is also responsible for the training environment safety;
  4. Other personnel could include additional training staff personnel, depending on the complexity of the scenario training. A Camera Operator, medical personnel, range guards (control entry and exit of the training area), administrators and legal representatives;
  5. VIP's that are present to observe must follow all safety rules; including the rules governing protective gear. VIP's are not allowed to interfere with the training environment;
  6. In general, photographs and video recordings of the training are prohibited. However, the Personnel and Training Unit may elect to video- tape the training for training purposes only.
- (c) **Training Sites** - All training sites must be comprised of three definitive zones. They are as follows:
1. **Unsafe Zone:** this zone contains all live lethal weapons, rounds, knives etc.;
  2. **Semi Safe Zone:** this zone is free from impact of the safe zone and separated by a physical barrier from the safe zone. This zone houses all briefings, gear storage, FX marking cartridge storage, etc.;
  3. **Safe Zone:** This is the zone that the actual training takes place. No one enters this zone w/ out a safety check.
- (d) **EQUIPMENT** - The OIC is responsible for ensuring all of the necessary equipment is present for the scenario training. This equipment includes but is not limited to:
1. Safety equipment;
  2. Training aids;
  3. Administrative items; and
  4. Scenario Information Cards. For a complete list of equipment needs, consult a Department Simunition Instructor.
- (e) **TRAINING OBJECTIVE**

## Training Policy

---

1. **The Primary Training Objective (PTO)** is the concise statement, which defines the intent and the overall methodology of the training session. It should state whether or not the session is testing or training. If it is testing, the student should have been taught the proper response previously. The primary training objective should relate directly to the student's line of work.
  2. **The Student Training Objectives (STO)**, are the teaching/learning points to be covered in the scenario. There may be many or there may just be one. They must be identified to the student prior to the training. They must be prioritized to allow for proper time management and they must be included in the instructor information cards to provide consistency and continuity in the training program.
- (f) **BRIEFINGS** - There are essentially three different types of briefings that occur before, during, and after the scenario training. They are as follows:
1. **Safety Briefing** - Prior to the beginning of the training scenario, the TSO is required to discuss safety issues. This includes overall safety issues, a medical plan, and general firearm safety issues. All participants should be present for this briefing.
  2. **Evolution Briefing** - The OIC provides the students with an evolution briefing in order to explain to the students what to expect. Evolution briefings should provide planning information which facilitates the efficiency and quality of the training session, however, they do not cover specific information about the scenario.
  3. **DEBRIEFING** - A debriefing should be conducted right away, not at the end of the day, unless the scenario is video taped. The student, role player, OIC, TSO, and camera operator should be included. Regardless of the debriefing method, staff should always be close enough to the students to physically stop a student from becoming over zealous, hurting themselves, or from brutalizing a role player during training. Staff should not change the course of the training scenario by being close to the action.

## Email/Personal Mail/Telephone Usage/Voicemail

### 212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

### 212.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its e-mail system or that is stored on any department system.

The e-mail system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the e-mail system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of e-mail. Employees using the Department's e-mail system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

### 212.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Captain. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.

### 212.4 MANAGEMENT OF E-MAIL

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored

in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages in excess of one month will be deleted at regular intervals from the server computer.

#### **212.5 TELEPHONE USAGE**

The Palo Alto Police Department is not expected to absorb the costs associated with personal telephone calls or the receiving and distribution of personal mail. However, it is understood that employees may need to make personal calls on occasions while on-duty. If City telephones are used for personal reasons, the City shall be reimbursed for the cost of the personal call. However, the prior described situation is an exception; the policy of this Department is that all telephone calls and all correspondence directed to the Department will be of a business nature.

##### **212.5.1 PROCEDURE**

When it is necessary to use the City telephone system for personal calls, the user shall reimburse the City according to the following procedure:

- (a) The phone bill will be distributed to each division monthly. The division captain/coordinator will circulate the phone bill to each employee;
- (b) Employees shall identify their personal phone calls and complete a Telephone Use Reimbursement form listing the name, the number from which the call was made and the cost. Telephone Use Reimbursement forms are located with the other forms in the Report Writing Room;
- (c) The total cost of personal phone calls should be paid by check, unless the amount is under one dollar (\$1.00), written to the City of Palo Alto. Those bills under one-dollar (\$1.00), accompanied with a Telephone Use Reimbursement Form, should be paid in-person at the Revenue Collection counter;
- (d) The Telephone Use Reimbursement form, together with a check, should be routed to the Division Captain/Coordinator, who will forward it to revenue collections.

#### **212.6 CITY CELLULAR TELEPHONES**

The Palo Alto Police Department provides cellular telephones or personal digital assistants (PDA's) to personnel in specialty assignments or positions which necessitate the need for this type of equipment to enhance their effectiveness and efficiency. The Department has established rate plans for each individual based on the "business need" for the respective assignment or position.

##### **212.6.1 PERSONAL CALLS ON CITY CELLULAR PHONES**

It is understood employees may need to make personal calls on occasions while on-duty. However, the use of City issued telephones for non-business related calls that bring about billing overages outside of the rate plan will result in the employee having to reimburse the City for personal calls that may have contributed to the overage.

## *Email/Personal Mail/Telephone Usage/Voicemail*

---

Employees who need to make personal calls on their issued cellular phones are required to obtain their supervisor's approval.

### 212.6.2 HANDS FREE DEVICES

California Law prohibits the use of cellular telephones by drivers unless the driver is using a hands-free device.

Although emergency personnel are exempt from the new "hands-free law" requiring the use of "hands-free" devices for drivers using a cellular phone or PDA, the Department intends to comply with the new law and requires all personnel comply with the following:

- (a) Hands-free devices shall be used any time a personal or City issued cellular phone/PDA is used while driving a City vehicle.
- (b) Use of a hands-free device, while encouraged, is not required by an emergency services professional using a wireless telephone while operating an authorized emergency vehicle, in the course and scope of his or her duties. (California Vehicle Code Section 23123)
- (c) The use of over-the-ear hands-free devices will be prohibited when driving department vehicles. Using a hands-free device while driving does not eliminate the distraction that comes with cellular telephones. Talking on the phone, dialing and hanging up the phone create a distraction while driving. Whenever possible, department personnel should restrict the use to matters of an urgent nature, exercise caution when using cellular telephones while driving and where practical, stop the vehicle at an appropriate location to complete the call.

### 212.6.3 OFFICIAL USE

The use of personal communication devices may be appropriate in the following situations:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political/community events
- (f) Investigative stakeouts where regular phone usage is not practical
- (g) Emergency contact with outside agency or outside agency field unit
- (h) When immediate communication is needed and the use of the radio is not appropriate and other means are not readily available.
- (i) Calls that must be made immediately and where the use of a hard line telephone would be untimely or not suitable for the situation.

#### 212.6.4 PROCEDURE

To ensure compliance with established rate plans and ensure personal use of City issued equipment does not create additional cost to the City, the following procedure shall be adhered to:

- (a) The monthly phone bill will be distributed to each division coordinator. The Coordinator is responsible for identifying any overages or discrepancies.
- (b) Employees required to reimburse the City for personal calls resulting from a rate plan overage shall complete a Telephone Use Reimbursement form listing the name, number from which the call was made, and the cost. The Telephone Use Reimbursement forms are located with the other forms in the Report Writing Room.
- (c) The total cost of personal phone calls should be paid by check written to the City of Palo Alto, unless the amount is under one dollar (\$1.00). Those bills under one dollar (\$1.00), accompanied with a Telephone Reimbursement form, should be paid in person at the Revenue Collection counter.
- (d) The Telephone Reimbursement form, together with a check, should be routed to the Division Coordinator, who will forward it to Revenue Collections.

#### 212.6.5 INDIVIDUALLY OWNED CELLULAR PHONES

Employees may carry their own cell phone while on duty subject to the following conditions:

- (a) Carrying an individually-owned cell phone is optional.
- (b) The device shall be purchased, used and maintained at the employees expense.
- (c) Damage or loss of personal device will be the responsibility of the employee.

#### **212.7 PERSONAL MAIL**

Receiving personal mail at the Police Department address is generally prohibited.

#### **212.8 EMPLOYEE MAIL BOXES**

Employees are required to visibly check their mailbox on each workday. Employee mailboxes should be kept neat and orderly. Employees should purge old documents in order to maintain room for new material.

#### **212.9 VOICE MAIL**

##### 212.9.1 PURPOSE AND SCOPE

The Voice Mail policy describes and sets the standards for the way members of the Police Department use voice mail technology. In using the voice mail system, the Police Department will place a strong emphasis on the needs of the public and the public's ability to reach police employees as quickly as possible. Voice mail technology is intended to remove, rather than erect barriers. Consequently, the Police Department's voice mail system is designed to be used in a manner that will enable callers to communicate with a police employee if they so desire.

## 218.1 PURPOSE AND SCOPE

The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). The application process for a license to carry a firearm shall consist of two phases. Upon the successful completion of each phase, the applicant will advance to the next phase until the process is completed and the license is either issued or denied.

**218.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)**

- (a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).
  - 1. In the event of any discrepancies in the application or background investigation, the applicant may be required to undergo a polygraph examination, at no cost to the applicant.
  - 2. If an incomplete application package is received, the Chief of Police or authorized designee may do any of the following:
    - (a) Require the applicant to complete the package before any further processing.
    - (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
    - (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).
- (b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Palo Alto for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).
  - 1. Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.
  - 2. Full payment of the remainder of the application fee will be required upon issuance of a license.

- (c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A second set of fingerprints may be required for retention in [department/office] files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for [department/office] use. No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code

### *License to Carry a Firearm*

---

§ 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

- (d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.
- (e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

#### 218.4.2 PHASE TWO

This phase is to be completed only by those applicants successfully completing phase one.

- (a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant's statement of good cause and any potential restrictions or conditions that might be placed on the license.
  - 1. The determination of good cause should consider the totality of circumstances in each individual case.
  - 2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.
  - 3. The [Department/Office] will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).
- (b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the [Department/Office] for psychological testing. The cost of such psychological testing (not to exceed \$150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).
- (c) The applicant shall complete a course of training approved by the [department/office], which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).

### *License to Carry a Firearm*

- (e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the [department/office] Rangemaster, or provide proof of successful completion of another [department/office]-approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

A chief of a municipal police [department/office] may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

- (a) The applicant physically spends a substantial period of working hours in the applicant's principal place of employment or business within the City of Palo Alto (Penal Code § 26150).

    - (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
    - (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

### *Retiree Concealed Firearms*

---

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

#### **220.8 FIREARM QUALIFICATIONS**

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

## **Chapter 3 - General Operations**

## Use of Force

### 300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Weapon policies.

#### 300.1.1 DEFINITIONS

Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

**Serious bodily injury** - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

**Totality of the circumstances** - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

### 300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, training, and a careful balancing of all interests.

### *Use of Force*

---

#### **300.2.1 DUTY TO INTERCEDE**

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances based upon the totality of information actually known to the officer, shall, when in a position to do so, intercede to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

#### **300.2.2 FAIR AND UNBIASED USE OF FORCE**

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See Section 402, Racial or Bias-Based Profiling for additional guidance.

#### **300.2.3 DUTY TO REPORT EXCESSIVE FORCE**

Any officer who observes a law enforcement officer or an employee use force that exceeds what the officer reasonably believes to be necessary based upon the totality of information actually known to the officer shall promptly report these observations to a supervisor as soon as feasible (Government Code § 7286(b)).

### **300.3 USE OF FORCE**

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

Notwithstanding any other section of this policy, it is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, techniques or methods provided or taught by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device, technique or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

## *Use of Force*

---

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

### 300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

### 300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

## *Use of Force*

---

- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

### 300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

### 300.3.4 CAROTID CONTROL HOLD

The use of the carotid restraint, or any technique (e.g. “chokeholds,” “strangleholds,” lateral vascular neck restraints, chest compressions, etc.) deliberately applied for the purpose of restricting blood flow or air flow to the head or neck, is not authorized.

### 300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force.

When feasible officers shall utilize de-escalation techniques, crisis intervention techniques, and other alternatives to force. (Government Code § 7286(b)(1)). Such alternatives may include:

- (a) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention;
- (b) Attempting to isolate and contain the subject;

## *Use of Force*

---

- (c) Creating time and distance from the subject by establishing a reactionary gap and utilizing cover to avoid creating an immediate threat that may require the use of force;
- (d) Requesting additional resources, such as Crisis Intervention Team (CIT) trained officers, Crisis/Hostage Negotiation Team, or a Kinetic Energy Weapon;
- (e) Attempting to establish rapport and engage in communication with the subject;
- (f) Identify resources available for help, assistance, and/or treatment in lieu of threats of penalties, or criminal prosecution;
- (g) Verbal volume or non-verbal communication, including posturing, silence and delayed response;
- (h) Tactically re-positioning to maintain the reactionary gap, protect the public, and preserve officer safety; and
- (i) Taking as much time as reasonably necessary to resolve the incident, without having to use force, if feasible.

When feasible, officers shall attempt to understand and consider the possible reasons why a subject may be noncompliant. This may not make the subject any less dangerous, but understanding a subject's situation may enable officers to calm the subject and allow officers to use de-escalation techniques while maintaining public and officer safety. A subject may not be capable of understanding the situation because of a medical condition; mental, physical, or hearing impairment; language barrier; drug interaction; or emotional crisis, and have no criminal intent.

### **300.4 FORCE OPTIONS**

The following chart illustrates how a suspect's resistance/actions correlate to the force applied by an officer; it is offered as general guidance to officers for consideration and is not intended to be exhaustive. It should be considered as part of and in conjunction with the entire policy manual.

Other, more specific guidance can be found elsewhere.

Officers are not required to use these force options based on a continuum.

It should be noted that the suspect's actions (as described below) are those perceived by a reasonable officer taking into account the totality of the circumstances. It is also recognized that a suspect's actions can change rapidly and without warning.

Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Ultimately, despite what may appear in any chart, officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to

### **300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this [department/office] shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the [Department/Office] may require the completion of additional report forms, as specified in [department/office] policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

#### **300.5.1 NOTIFICATION TO SUPERVISORS**

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a CED or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

## *Use of Force*

---

### 300.5.2 INCIDENTS REQUIRING A SUPERVISOR'S REPORT

Use of force incidents that meet any one of the below listed criteria will be investigated and documented.

- (a) An officer strikes a blow using any physical strength or object to a subject;
- (b) An officer uses force which causes any visible or apparent physical injury, or which results in the subject claiming he or she was injured;
- (c) An officer strikes a blow using any physical strength or object to a subject that causes any visible physical injury or which the subject complains of pain;
- (d) An officer uses physical control on a subject beyond a physical compliance hold that causes any visible physical injury or which the subject complains of pain;
- (e) An officer uses O.C./baton/ASP on any subject;
- (f) An officer delivers a Less Lethal Kinetic Energy projectile at a person;
- (g) A CEW application by an officer;
- (h) Any bite or injury resulting from the use of a police service dog;
- (i) Any other incident for which the supervisor/Watch Commander deems a "use of force" report is necessary.
- (j) Any use of force where the suspect becomes unconscious.

### 300.5.3 SUPERVISOR'S REPORT ON USE OF FORCE

The on-duty supervisor will investigate the use of force and complete the "Supervisor's Report on Use of Force" form. All relevant documents will be attached. The Supervisor's "Use of Force" report narrative should be documented in a memorandum format and contain the following headings/information:

- (a) Synopsis - A brief narrative of the incident:
- (b) Suspect Information/Statements - If the supervisor was able to obtain a statement from involved suspect, the statement should be provided.
- (c) Injuries - Describe in detail any injuries suffered by the suspect, officers or any other involved subject(s).
- (d) De-Escalation - Describe any de-escalation techniques employed or an explanation why such techniques were not feasible
- (e) Property Damage - Any property damage that occurred.
- (f) Involved Officer(s) and Roles - Describe actions taken by involved officers.
- (g) Investigation- Investigative steps taken.
- (h) Attachments - Any pertinent documents and attachments.
- (i) Opinions and Conclusions - A summary of the incident.

### *Use of Force*

---

The report will be submitted prior to the end of the shift. The investigating supervisor must obtain approval from the Watch Commander if the report cannot be completed in time. The report will be routed through the chain of command for approval. The Division Captain, Assistant Police Chief and the Police Chief will conduct a final review.

#### **300.5.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE**

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Technical Services Division Policy.

#### **300.6 DEADLY FORCE APPLICATIONS**

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a(5)(c)(1)(B)).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

## *Use of Force*

---

### **300.6.1 SHOOTING AT OR FROM MOVING VEHICLES**

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, officers shall take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer shall only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

### **300.6.2 DISPLAYING OF FIREARMS**

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists (e.g., building search, yard search), firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such imminent threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

The following incidents shall be documented using the appropriate approved report:

- (a) Anytime an officer points a firearm at any person
- (b) Any firearm discharge (see the Firearms Policy)

### **300.7 MEDICAL CONSIDERATION**

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

### *Use of Force*

---

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

#### **300.8 SUPERVISOR RESPONSIBILITY**

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
  - 1. The content of the interview should not be summarized or included in any related criminal charges.
  - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
  - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
  - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

### *Use of Force*

---

- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

#### **300.8.1 WATCH COMMANDER RESPONSIBILITY**

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

#### **300.9 USE OF FORCE INCIDENTS/INTERNAL AFFAIRS INVESTIGATIONS**

At any time after a use of force incident the supervisor has reason to believe the involved officer could be facing disciplinary action, the supervisor should immediately notify the Watch Commander. The Watch Commander will consult with the Division Captain and the Personnel and Training Lieutenant. If the decision is made to conduct an Internal Affairs Investigation, the initial supervisor should not conduct any further investigation unless directed otherwise. The initial supervisor will complete as much of the "Supervisor's Report on Use of Force" Form as possible. The supervisor will then check the box on the report form indicating Administrative Investigation and forward the report form to the designated Internal Affairs Investigator.

#### **300.10 TRAINING**

Officers, investigators, and supervisors will receive periodic training on this policy, relevant statutes and caselaw, and demonstrate their knowledge and understanding (Government Code § 7286(b)). Training should occur not less than biannually.

Subject to available resources, the Personnel and Training Lieutenant should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

#### **300.11 USE OF FORCE COMPLAINTS**

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

11-3-2020

## Use of Force Review Boards

### 302.1 PURPOSE AND SCOPE

This policy establishes a process for the Palo Alto Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

### 302.2 POLICY

The Palo Alto Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

### 302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

### 302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administrative Services Division Captain will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Captain or supervisor of the involved employee to notify the Administrative Services Division Captain of any incidents requiring board review. The involved employee's Division Captain or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

#### 302.4.1 COMPOSITION OF THE BOARD

The Administrative Services Division Captain should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command

### *Use of Force Review Boards*

---

- Personnel and Training Lieutenant
- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

#### 302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to

consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

# Handcuffing and Restraints

## 306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

## 306.2 POLICY

The Palo Alto Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

## 306.3 USE OF RESTRAINTS

Only members who have successfully completed Palo Alto Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

### 306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

### 306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons or waist chains.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

## *Handcuffing and Restraints*

---

determination that such restraints are necessary for the safety of the arrestee, officers or others (Penal Code § 3407, Penal Code § 6030).

### **306.3.3 RESTRAINT OF JUVENILES**

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

### **306.3.4 NOTIFICATIONS**

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

### **306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS**

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

### **306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS**

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or

## *Handcuffing and Restraints*

---

distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

### **306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

### **306.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

#### **306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS**

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

### *Handcuffing and Restraints*

---

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

#### **306.8 REQUIRED DOCUMENTATION**

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

# Control Devices and Techniques

## 308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

## 308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Palo Alto Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

## 308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

## 308.4 RESPONSIBILITIES

### 308.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

### 308.4.2 RANGEMASTER RESPONSIBILITIES

The Staff Assistant, Rangemaster or the designated instructor for a particular control device shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

## *Control Devices and Techniques*

---

### **308.4.3 USER RESPONSIBILITIES**

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Staff Assistant for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

### **308.5 BATON GUIDELINES**

When based upon the circumstances perceived by the officer, such force reasonably appears justified and necessary to result in the safe control of the suspect the use of the baton is authorized.

Officers are authorized to use the the following batons:

- Rapid Containment Baton (RCB)
- ASP Collapsible Baton
- Long Baton for riot control

The need to immediately control a suspect must be weighed against the risk of causing serious injury. When using the RCB, ASP or long baton, the head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

The Rapid Containment Baton or Asp Collapsible Baton shall be carried by all sworn, uniformed personnel while on-duty. When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt or load bearing vest. The addition of the TASER X26 does not preclude officers from carrying OC spray.

Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

Officers will be provided training on the use of the Rapid Containment Baton and the Asp Collapsible Baton during the defensive tactics training provided every two years. Officer must show proficiency using the authorized baton that they choose to carry.

### **308.6 TEAR GAS GUIDELINES**

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

## *Control Devices and Techniques*

---

### **308.7 OLEORESIN CAPSICUM (OC) GUIDELINES**

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

All uniformed personnel shall carry the OC spray device in its holster on the equipment belt or load bearing vest. The addition of the TASER X26 does not preclude officers from carrying OC spray. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor. Canisters involved in any type of malfunction or damage shall be turned in to the Staff Assistant for exchange.

#### **308.7.1 PEPPER PROJECTILE SYSTEMS**

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

#### **308.7.2 TREATMENT FOR OC SPRAY EXPOSURE**

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Paramedics shall be requested immediately to treat the exposure and the subject shall be transported to the emergency room for medical clearance.

### **308.8 POST-APPLICATION NOTICE**

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense.

## *Control Devices and Techniques*

---

Information regarding the method of notice and the individuals notified should be included in related reports.

### **308.9 KINETIC ENERGY PROJECTILE GUIDELINES**

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

#### **308.9.1 DEPLOYMENT AND USE**

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

#### **308.9.2 DEPLOYMENT CONSIDERATIONS**

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

## *Control Devices and Techniques*

---

The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

### **308.9.3 SAFETY PROCEDURES**

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

### **308.10 TRAINING FOR CONTROL DEVICES**

The Personnel and Training Lieutenant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

## *Control Devices and Techniques*

---

### **308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES**

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

# Conducted Energy Weapon

## 309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of a Conducted Energy Weapon (CEW).

## 309.2 POLICY

The Conducted Energy Weapon is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of a CEW should result in fewer serious injuries to officers and suspects.

Definitions:

Activation - Depressing the trigger of a CEW causing the CEW to arc or fire probes.

Deployment - Removal of the CEW from the holster.

## 309.3 ISSUANCE AND CARRYING A CONDUCTED ENERGY WEAPON

Only officer's who have successfully completed department approved training may be issued and carry a CEW. CEWs are issued for use during an officer's current assignment. Those leaving a particular assignment may be required to return the CEW to the department's inventory.

Officers shall only use a CEW and cartridges that have been issued by the Department.

Uniformed officers who have been issued the CEW shall wear the CEW in an approved holster on their person.

Plainclothes officers may carry a CEW when appropriate (situation might include search/arrest warrant service and in-progress calls for service) so long as it is carried in an approved holster on their person.

Officers carrying the CEW should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the CEW in a weak side holster on the side opposite their duty weapon.

All CEWs shall be clearly and distinctly marked to differentiate them from their duty weapon and any other device.

Officers shall be responsible for ensuring that their issued CEW is properly maintained and in good working order.

Unless lethal force is justified, Officers should not hold both a firearm and the CEW at the same time.

Officers deploying a CEW, whenever possible, should have another officer present as a cover officer who is capable of providing immediate assistance.

Officers shall carry the TASER X2.

## *Conducted Energy Weapon*

---

### **309.4 VERBAL AND VISUAL WARNINGS**

A verbal warning of the intended use of the CEW should precede its activation, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CEW may be deployed.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CEW in the related report.

### **309.5 USE OF THE CEW**

The CEW has limitations and restrictions requiring consideration before its use. The CEW should only be used when its operator can safely approach the subject within the operational range of the device. Although the CEW is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

#### **309.5.1 ACTIVATION OF THE CEW**

The CEW may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such activation is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the to apprehend an individual.

#### **309.5.2 TARGETING CONSIDERATIONS**

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin.

If the dynamics of a situation or officer safety do not permit the officer to limit the activation of the CEW probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

The use of the CEW on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the CEW. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.

### *Conducted Energy Weapon*

---

- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g. falls from heights, bicycles, operating vehicles).

Because the application of the CEW in the drive stun mode (i.e. direct contact without probes) relies primarily on pain compliance, the use of the drive stun mode generally should be limited to supplementing the probe mode to complete the circuit by pressing the arc button.

The CEW shall not be used to psychologically torment, elicit statements or to punish any individual.

#### 309.5.3 MULTIPLE ACTIVATIONS OF THE CEW

Officers should activate the CEW for only one standard cycle and then evaluate the situation before activating any subsequent cycles. Multiple activations of the CEW against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple activations.

If the first activation of the CEW appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional activations of the activation, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one CEW at a time against a single subject.

#### 309.5.4 ACTIONS FOLLOWING ACTIVATIONS

Officers shall notify a supervisor of all CEW activations. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

For report writing purposes and supervisory response, exceptions to activation notifications are Department approved training and spark/maintenance tests.

#### 309.5.5 DANGEROUS ANIMALS

The CEW may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

### *Conducted Energy Weapon*

---

#### 309.5.6 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department issued CEWs while off-duty.

Officers shall ensure that CEWs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

#### 309.6 DOCUMENTATION

Officers shall document all CEW activations in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person and laser activation will be documented via CAD and additionally noted in any applicable police report.

Any accidental activation of a CEW device will be investigated by the involved officer's supervisor. The supervisor shall write a memorandum documenting the circumstances of the accidental activation and forward the memorandum to his/her Manager.

##### 309.6.1 REPORTS

The officer should include the following in the arrest/crime report:

- (a) The date, time, location and type of call
- (b) Time of arrival
- (c) Observations of suspect actions and circumstances justifying application of the CEW, including weapons possessed, level of aggression, suspect statements, distances between the suspect and threatened officers or citizens, etc.
- (d) Documentation of warnings given prior to CEW activation or reasons those warnings were not given.
- (e) Documentation of the use of laser dot.
- (f) Officer's justification of reasonableness for force used for the initial activation and any subsequent activation.
- (g) Method of use of the CEW (probe or drive stun), range at which the CEW was activated, and number of activations.
- (h) Serial number and model of the CEW and serial number of any cartridge(s) used in the incident.
- (i) Location and description of contact sites.
- (j) Type of clothing worn by the suspect.
- (k) Response of the suspect to the CEW activation (ie. reactions such as "stiffened and fell backwards").
- (l) All photographs taken of the scene, suspect, injuries, etc. Photos of probes should include a scale for reference.
- (m) Injuries sustained by the suspect, officer(s), or citizens.
- (n) Type of medical aid provided, including treating medical personnel names.

## *Conducted Energy Weapon*

---

- (o) Suspect transport for medical clearance and doctor's name.
- (p) Officer shall document the suspect's completion of the "Authorization for Release of Medical Information and Records" form or the suspect's denial.
- (q) Suspect booking information and custodial staff advisement of CEW activation.
- (r) Identification of all personnel firing CEWs.
- (s) Identification of all witnesses.
- (t) Observation of the suspect's physical and physiological actions.
- (u) Any known or suspected drug use, intoxication or other medical problems.

### **309.7 MEDICAL TREATMENT**

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove CEW probes from a person's body. Used CEW probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by the CEW probes or received an application of the CEW drive stun shall be medically assessed. After the initial assessment, all subjects shall be transported to a medical facility for a medical clearance.

If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should also be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the activation of the CEW.

### **309.8 SUPERVISOR RESPONSIBILITIES**

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CEW may be used. A supervisor should respond to all incidents where the CEW was activated.

A supervisor should review each incident where a person has been exposed to an activation of the CEW. The device's onboard memory should be downloaded through the data port by a supervisor or DT Instructor and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

Supervisors shall attempt to obtain a signed "Authorization for Release of Medical Information and Records" form from the subject prior to release or transfer to a custodial facility.

Following a CEW activation, the field supervisor shall notify the shift Lieutenant as soon as practical, but no later than the end of the shift.

Complete a Use of Force report pursuant to Policy 300 and submit the investigation to the next in line in the chain of command.

## *Conducted Energy Weapon*

---

Obtain a TASER tracking number from the Personnel and Training Division.

### **309.9 TRAINING**

Personnel who are authorized to carry the CEW shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CEW as a part of their assignment for a period of six months or more shall be recertified by a department-approved CEW instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEWs should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Personnel and Training Lieutenant. All training and proficiency for CEWs will be documented in the officer's training file.

Command staff, supervisors and investigators should receive CEW training as appropriate for the investigations they conduct and review.

Officers who do not carry CEWs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Personnel and Training Lieutenant is responsible for ensuring that all personnel who carry CEWs have received initial and annual proficiency training. Periodic audits should be used for verification.

Activation of CEWs during training could result in injury to personnel and should not be mandatory for certification.

The Personnel and Training Lieutenant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional activation of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the activation of the CEW and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the activation of the CEW.

### **309.10 POLICY ISSUE DATE**

7-13-20

## Officer Involved Incidents

### 310.1 PURPOSE AND SCOPE

The intent of this policy is to establish policy and procedure for the investigations of Officer-Involved Incidents and to ensure that such incidents be investigated in a fair and impartial manner. Investigations of Officer-Involved Incidents will be conducted to develop all relevant information available about the incident. They will be performed in a manner that provides for a thorough and credible investigation that is free from conflicts of interest.

In addition to the policies and procedures contained in this Officer-Involved Incidents Policy, all personnel are required to read and follow the Santa Clara County Protocols Section 6 - Officer-Involved Incidents when investigating and responding to officer-involved incidents.

### 310.2 INVESTIGATION RESPONSIBILITY

This department conforms to the Santa Clara County Protocols Section 6 - Officer Involved Incidents for investigation responsibility when investigating officer-involved incidents.

### 310.3 THE INVESTIGATION PROCESS

The following procedures are additional guidelines to be used during the investigation of an officer-involved incident.

#### 310.3.1 DUTIES OF INITIAL ON SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

- (a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.
- (b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).
  - 1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (c) If necessary, the supervisor may administratively order any officer from this department to immediately provide publicsafetyinformation necessary to secure the scene and pursue suspects.
  - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.
- (e) Provide all available information to the Watch Commander and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

## *Officer Involved Incidents*

---

- (f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.
- (g) As soon as practical, shooter officers should respond or be transported (separately, if feasible) to the station for further direction.
  - 1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.
  - 2. When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

### 310.3.2 WATCH COMMANDER DUTIES

Upon learning of an officer-involved shooting, the Watch Commander shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Division Captain.

### 310.3.3 INVOLVED OFFICERS

Once the involved officer(s) have arrived at the station, the Watch Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officer:

- (a) Any request for department or legal representation will be accommodated, however, no involved officer shall be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report (Government Code § 3303(i)).
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information however.
- (d) A psychotherapist shall be provided by the Department to each involved officer, or any other officer, upon request.
  - 1. Interviews with a licensed psychotherapist will be considered privileged and will not be disclosed except to the extent that the officer is or is not fit for return to duty.
  - 2. An interview or session with a licensed psychotherapist may take place prior to the involved officer providing a formal interview or report, but the involved officers shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
- (e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

### *Officer Involved Incidents*

---

Care should be taken to preserve the integrity of any physical evidence present on the officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Detectives shall make reasonable accommodations to the officer's physical and emotional needs (Government Code § 3303(d)).

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

#### **310.4 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION**

##### **310.4.1 DETECTIVE PERSONNEL**

Once notified of an officer-involved incident, it shall be the responsibility of the Investigative Services Division Coordinator to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to conduct the criminal investigation and may be assigned to separately handle the investigation of any related crimes.

All related departmental reports except administrative and/or privileged reports will be forwarded to the designated detective supervisor for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the appropriate Division Captain.

##### **310.4.2 REPORTS BY INVOLVED OFFICERS**

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting.

**310.4.3 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an officer-involved shooting or other major incident may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
  - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Assign available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

**310.5 ADMINISTRATIVE INVESTIGATION**

In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential peace officer personnel file.

- (a) Any officer involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

### Officer Involved Incidents

---

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s) (Government Code § 3303(g))
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
  1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer(s) physical and psychological needs have been addressed before commencing the interview.
  2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Government Code § 3303(i)). However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
  3. Administrative interview(s) should be recorded by the investigator (the officer may also record the interview) (Government Code § 3303(g)).
  4. The officer shall be informed of all constitutional *Miranda* rights (Government Code § 3303(h)) and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions (Government Code § 3303(e)). The officer shall be informed, however, that the interview will be for administrative purposes only and that the statement cannot be used criminally (The *Lybarger* or *Garrity* admonishment).
  5. The administrative interview shall be considered part of the officer's confidential personnel file.
  6. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
  7. The completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Department use of force policy.
  8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

In such cases, firearms will be rendered inoperable by a Firearms Instructor by removal of the bolt, or by placing non-removable cable ties through the ejection port/breech face area, and magazine well. Cable ties placed in such a fashion prevent the bolt from closing, prevent the possibility of magazine insertion, prevent a round from being chambered, and prevent the firing pin from being able to reach a chambered round. The report shall be specific as to the officer's deficiencies and state what remedial training will be required. Once the officer has successfully completed the remedial training, the range instructor must complete a training record certifying the officer's return to full duty status;
- (f) The Personnel and Training Unit shall be responsible for forwarding this documentation to the officer's division captain.

### **312.6 WARNING AND OTHER SHOTS**

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

#### **312.6.1 STORAGE IN VEHICLES**

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container which is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

### **312.7 FIREARMS TRAINING AND QUALIFICATIONS**

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

### 312.7.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

### 312.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Captain or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

#### 312.8.1 ACCIDENTAL DISCHARGE-OUTSIDE AGENCY

In the event that another law enforcement agency member has an accidental discharge while inside the City of Palo Alto, the following shall occur:

- (a) Render first aid;
- (b) On-duty supervisor notified;
- (c) Scene security;
- (d) Identify and secure witnesses;
- (e) Attempt to recover the round(s);
- (f) Obtain photographs of scene/injuries/damage to property;
- (g) Document incident as an informational case (Discharging a firearm).

#### 312.8.2 SUPERVISOR'S RESPONSIBILITIES

The on-duty supervisor should immediately respond to the scene and ensure that the proper steps are taken. The supervisor should also notify the following:

- (a) The outside law enforcement officer's supervisor;
- (b) The Watch Commander.

**312.9 RANGEMASTER DUTIES**

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Personnel and Training Lieutenant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to [Department/Office] members during hours established by the [Department/Office].

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this [department/office] to verify proper operation. The Rangemaster has the authority to deem any [department/office]-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Personnel and Training Lieutenant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the [Department/Office], a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Personnel and Training Lieutenant.

**312.10 FLYING WHILE ARMED**

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the [Department/Office] based on the law and published TSA rules.
- (b) Officers must carry their Palo Alto Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the [Department/Office] and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Palo Alto Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If

## Firearms

---

approved, TSA will send the Palo Alto Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the [department/office]-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

### **312.11 CARRYING FIREARMS OUT OF STATE**

Qualified, active, full-time officers of this [department/office] are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Palo Alto Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other [department/office] policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

#### **312.12 POLICY UPDATES**

Updated 4-20-17

## Vehicle Pursuits

### 314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

#### 314.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

#### 314.1.2 FAILURE TO YIELD

A Failure to Yield refers to the actions of a vehicle operator who fails to stop or respond to the emergency light(s) and siren of a law enforcement vehicle, but does not demonstrate an intention to willfully evade. The vehicle operator continues to travel at or below the speed limit, observes all applicable rules of the road and does not change the direction of travel in an evasive manner. An officer may follow the vehicle for such time as is necessary to effect a vehicle stop and/or identify the vehicle operator for later contact, or until directed otherwise by a supervisor.

### 314.2 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules

## Vehicle Pursuits

---

of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

### 314.2.1 WHEN TO INITIATE A PURSUIT

The following factors shall be considered in deciding whether to initiate a pursuit:

- (a) [REDACTED]
- (b) [REDACTED]

Officers are authorized to continue a pursuit unless conditions and circumstances change to the point that the danger to officers, other motorists and/or pedestrians outweighs the need to apprehend the violator.

Vehicle pursuits are one of the most dangerous enforcement actions an officer may be involved in. Officers must consider that their decision to initiate, continue or terminate a pursuit may result in fatal consequences. In making that decision officers should consider the following:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety;
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others;
- (c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety);
- (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time;
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors;
- (f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit;
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect;
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit;
- (i) Vehicle speeds;

### *Vehicle Pursuits*

---

- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages);
- (k) Availability of other resources such as helicopter assistance;
- (l) The police vehicle is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

#### 314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in **WHEN TO INITIATE A PURSUIT** of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in **WHEN TO INITIATE A PURSUIT** of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) There are hazards to uninvolved bystanders or motorists.
- (e) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (f) Pursuit is terminated by a supervisor.

#### 314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

## Vehicle Pursuits

---

- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

### 314.3 PURSUIT UNITS

Pursuit units should be limited to [REDACTED] however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

#### 314.3.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

#### 314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officers in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

#### 314.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify the Communications Center that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.

## Vehicle Pursuits

---

- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

### 314.3.4 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

### 314.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
  - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
  - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) [REDACTED]
  - 1. [REDACTED]
  - 2. [REDACTED]
  - 3. [REDACTED]

### *Vehicle Pursuits*

---

- (d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

#### **314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT**

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should normally be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit. A Code 3 response for additional units can be authorized by a supervisor if necessary, specifically to allow those units to get to a position to deploy intervention techniques.

#### **314.3.7 PURSUIT TRAILING**

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

#### **314.3.8 AIRCRAFT ASSISTANCE**

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

### **314.4 SUPERVISORY CONTROL AND RESPONSIBILITY**

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

### *Vehicle Pursuits*

---

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft are requested if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Controlling and managing PAPD units when a pursuit enters another jurisdiction.
- (j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

#### **314.4.1 WATCH COMMANDER RESPONSIBILITY**

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Captain.

### **314.5 COMMUNICATIONS**

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

#### **314.5.1 COMMUNICATION CENTER RESPONSIBILITIES**

Upon notification that a pursuit has been initiated, the Communications Center will:

- (a) Restrict radio traffic (Code 22);

### *Vehicle Pursuits*

---

- (b) Identify the secondary unit;
- (c) Coordinate pursuit communications of the involved units and personnel;
- (d) Notify and coordinate with other involved or affected agencies as practical;
- (e) Ensure that a field supervisor is notified of the pursuit;
- (f) Assign an incident number and log all pursuit activities;
- (g) Broadcast pursuit updates as well as other pertinent information as necessary;
- (h) Notify the Watch Commander as soon as practical;
- (i) Attempt to identify the driver of the suspect vehicle and his/her home address by means of vehicle license plate, if available
- (j) Repeat information from pursuing officers as needed. Always repeat critical information regarding weapons, shots fired, etc.

#### **314.5.2 LOSS OF PURSUED VEHICLE**

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

#### **314.6 INTER-JURISDICTIONAL CONSIDERATIONS**

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

##### **314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Palo Alto Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a

## *Vehicle Pursuits*

---

pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

### 314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

[REDACTED]

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

### 314.6.3 ADDITIONAL SUPERVISOR CONSIDERATION

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor shall ensure that the reason for the pursuit conforms to this policy; i.e. violent felony.

### 314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, [REDACTED]

#### 314.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

**314.7.5 CAPTURE OF SUSPECTS**

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.

**314.8 REPORTING REQUIREMENTS**

The following reports should be completed upon conclusion of all pursuits:

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
- (c) After first obtaining the available information, a field supervisor shall promptly complete a Supervisor's Pursuit Report, briefly summarizing the pursuit, and submit it to his/her manager. This report should minimally contain the following information:
  - 1. Date and time of pursuit
  - 2. Length of pursuit
  - 3. Involved units and officers

# Officer Response to Calls

## 316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

## 316.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

## 316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

### 316.3.1 NUMBER OF UNITS ASSIGNED

Normally, only [REDACTED] should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

## 316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Communications Center. Generally, only [REDACTED] should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, the Communications

Center shall be notified and the Watch Commander or field supervisor will make a determination as to whether [REDACTED] officers driving Code-3 is appropriate.

### **316.5 RESPONSIBILITIES OF RESPONDING OFFICERS**

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

### **316.6 COMMUNICATIONS RESPONSIBILITIES**

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3 . The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Immediately notify the Watch Commander
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

### **316.7 SUPERVISORY RESPONSIBILITIES**

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

## *Officer Response to Calls*

---

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

### **316.8 FAILURE OF EMERGENCY EQUIPMENT**

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

## Opium Medical Aid and Response

### 317.1 <STRONG>PURPOSE AND SCOPE</STRONG>

The purpose of this policy is to establish guidelines for the Palo Alto Police Department for the utilization of nasal naloxone hydrochloride (Brand Name: Narcan) for proper prehospital administration. This program is designed to aid in reducing fatalities, which occur as a result of opiate overdose. Similar to Automated External Defibrillators, the program intends to provide first responders with another tool that may potentially save lives.

### 317.2 LEGAL PREMISES FOR IMPLEMENTATION

California law permits the administration of nasal naloxone by prehospital emergency medical care personnel, which include peace officers. The medical director of a local EMS agency may, pursuant to H&S § 1797.221, approve or conduct a trial study of the use and administration of naloxone hydrochloride or other opioid antagonists by any level of prehospital emergency medical care personnel. Existing law also allows for the dispensing of naloxone by a pharmacist over the counter. (AB:1535, SB:1438, H&S § 1797.189 paragraph (2) of subdivision (a)).

### 317.3 POLICY

It is the policy of the Palo Alto Police Department that officers be trained to provide emergency medical aid to persons experiencing an opioid overdose and facilitate an emergency medical response.

### 317.4 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Officers may administer opioid overdose medication in accordance with protocol specified by the licensed health care provider who provided the overdose medication for use by the member and (Civil Code § 1714.22; 22 CCR 100019):

- (a) When trained and tested to demonstrate competence following initial instruction.
- (b) When authorized by the medical director of the Local Emergency Medical Services Agency (LEMSA).
- (c) In accordance with California Peace Officer Standards and Training (POST) standards.

### 317.5 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Officers who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Officers should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication should be removed from service and given to the Department Administrator (Watch Commander or Emergency Medical Supervisor).

### *Opioid Medical Aid and Response*

---

Any officer administering opioid overdose medication should notify Communications as soon as possible and request a response by Emergency Medical Service (EMS) or the Palo Alto Fire Department. The officer shall notify their supervisor as soon as practicable.

Personnel, who are trained in the use of naloxone, are authorized to use it without prior approval in cases where an opiate overdose is suspected.

Prior to administration of naloxone, officers must assess the victim for lack of breathing, pulse, and unresponsiveness. If the victim is not breathing and/or has no pulse, officers should immediately begin CPR/AED procedures. Officers should conduct a brief visual survey for any obvious signs, symptoms or evidence of drug use or exposure. Signs and symptoms may include, but are not limited to; the victim is unable to awaken with loud noise or rubbing firmly on the middle of the chest, slow or shallow breathing, and lack of breathing and/or pinpoint pupils.

Naloxone shall be administered by officers utilizing intranasal **method only as approved by the Santa Clara County EMS Agency and in accordance with training guidelines. Officers should use caution after administering naloxone as the subject may become agitated or combative.**

**If after 3 minutes no patient response to the naloxone is observed, a second dose may be administered if EMS personnel have not arrived on-scene.**

**On-scene medical personnel shall be informed when naloxone has been administered so further medical assessments can be made.**

#### **317.6 OPIOID OVERDOSE MEDICATION REPORTING**

Any use of opioid overdose medication requires a written report.

Responsibilities:

- Officer - Any officer administering opioid overdose medication shall detail it's use in an appropriate report
- Sergeant/Supervisor - The supervisor will ensure that the report contains the needed information to meet applicable state reporting requirements and note the usage on the Patrol Daily Report.
- Records Division - Staff will process the report and email a copy of the report to the Police Chief and Department Program Administrator within 48 hours.
- Department Program Administrator – The administrator will complete the Santa Clara County Emergency Medical Services (SCCEMS) Naloxone Use Report and turn that report in to SCCEMS within 96 hours.

#### **317.7 OPIOID OVERDOSE MEDICATION TRAINING**

The Palo Alto Police Department's Personnel and Training Unit should ensure initial and refresher training in compliance with POST Continuing Professional Training (CPT - 2 year cycle) is provided to members authorized to administer opioid overdose medication. Training should be coordinated

with the EMS Agency and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

Senate Bill 1438 authorizes Law Enforcement Personnel to administer naloxone to a person at risk of an opioid-related overdose without being subject to civil or criminal liability.

Training is required before officers are authorized to administer naloxone. The training will consist of patient assessment (signs and symptoms of overdose), distinguishing between the different types of overdose, rescue breathing, the use of intra-nasal naloxone as described in this order and follow-up care.

The training delivery will be presented within the Enforcement First Aid/CPR mandated training class and through the viewing of the specific training video authorized by EMS Agency and distributed by Personnel and Training . Refresher training will be provided on a bi-annual basis through instructor led First Aid/CPR training or video training.

Only those sworn officers who have received and successfully completed the naloxone training course are allowed to administer naloxone.

#### **317.8 CONTINUOUS QUALITY IMPROVEMENT**

The Palo Alto Police Department is dedicated to continuous quality improvement with the storage, training and administration of naloxone by department personnel. In an effort to ensure appropriate administration of naloxone the Palo Alto Police Department will review 100% of administrations of the medication by department personnel. Personnel are required to follow the appropriate documentation standards prescribed within this policy and submit to their supervisor for review. All incident reports will be forwarded to the Santa Clara County EMS Agency via email within 96 hours of administration.

# Canines

## 318.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

## 318.2 POLICY

It is the policy of the Palo Alto Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

## 318.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Field Services Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time.

## 318.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Field Services Division or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

## Canines

---

### 318.5 REQUESTS FOR CANINE TEAMS

Field Services Division members are encouraged to request the use of a canine. Requests for a canine team from [department/office] units outside of the Field Services Division shall be reviewed by the Watch Commander.

#### 318.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged but may be authorized by the on duty Watch Commander.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

#### 318.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine supervisor prior to making any resource commitment. The canine supervisor is responsible for obtaining resources and coordinating involvement in the detail to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine supervisor.

### 318.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine

### *Canines*

---

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

#### 318.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

### *Canines*

---

#### **318.6.2 WARNINGS AND ANNOUNCEMENTS**

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary. The canine handler should attempt to insure the warning was recorded on MAV or a body camera.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

#### **318.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES**

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine supervisor. Unintended bites or injuries caused by a canine should be documented in an administrative report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current [department/office] evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685). The handler will insure that the canine's up to date medical files, including required vaccinations, are on file with Personnel and Training.

#### **318.7 NON-APPREHENSION GUIDELINES**

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

## Canines

---

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

### 318.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

### 318.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

### 318.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

## *Canines*

---

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

### **318.8 HANDLER SELECTION**

The minimum qualifications for the assignment of canine handler include:

- (a) An officer/agent who is currently off probation.
- (b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).
- (c) A garage that can be secured and accommodate a canine vehicle when authorized by the canine supervisor or watch commander. The vehicle should not be visible from the street.

- (f) Ability to work night shifts with flexibility to adjust hours for special operations and call-outs.
- (g) A willingness to devote off-duty time to the care, feeding and training of the police canine.
- (h) Ability to pass a required psychological examination.

### **318.9 HANDLER RESPONSIBILITIES**

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all [department/office] equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, but authorized to take a canine vehicle home, the handler shall maintain the canine vehicle in a locked garage or other approved location that can be secured and concealed from the street and public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Palo Alto Police Department facility.
- (e) Upon complaint or concern of the Canine Supervisor, handlers shall permit the canine supervisor to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

## Canines

---

- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine supervisor as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine supervisor or Watch Commander.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine supervisor or Watch Commander.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine supervisor so that appropriate arrangements can be made.

### 318.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.
- (c) Barring extraordinary circumstances, the center partition door inside of the police vehicle shall be secured.

### 318.10 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine supervisor or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

### 318.11 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives

### *Canines*

also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine supervisor shall be responsible for scheduling periodic training for all [department/office] members in order to familiarize them with how to conduct themselves in the presence of [department/office] canines.

All canine training should be conducted while on-duty unless otherwise approved by the caninesupervisor or Watch Commander.

All canine handlers shall attend a POST approved canine handler liability course.

#### 318.11.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Palo Alto Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine supervisor.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this [department/office].

#### 318.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

#### 318.11.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's training file. The canine handler is responsible for maintaining monthly training records. Training records shall be submitted by each handler to the canine supervisor on a monthly basis. The canine supervisor is responsible for turning in monthly training records to the personnel and training division on a monthly basis.

#### 318.11.4 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

## Canines

---

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine supervisor shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine supervisor, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

### 318.11.5 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this [department/office].
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine supervisor with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

#### 318.11.6 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Palo Alto Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this [department/office] for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

#### 318.11.7 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Palo Alto Police Department may work with outside trainers with the applicable licenses or permits.

# Domestic Violence

## 320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this [department/office] to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

## 320.2 POLICY

The Palo Alto Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

In addition to the policies and procedures contained in this Domestic Violence Policy, all personnel are required to read and follow the Santa Clara County Protocols Section 3 - Domestic Violence Protocol for Law Enforcement, when investigating and responding to domestic violence investigations.

## 320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

## 320.4 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

### 320.4.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
  - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how

*Domestic Violence*

---

to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
  - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
  - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
  - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
  - 4. Penal Code § 646.9 (stalking)
  - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
  - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
  - 2. The threats creating fear of physical injury.
  - 3. The history of domestic violence between the persons involved.
  - 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

**320.4.2 COURT ORDERS**

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

### *Domestic Violence*

---

- (b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

# Search and Seizure

## 322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Palo Alto Police Department personnel to consider when dealing with search and seizure issues.

## 322.2 POLICY

It is the policy of the Palo Alto Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

## 322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

### *Search and Seizure*

---

#### **322.4 SEARCH PROTOCOL**

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a Palo Alto Police Department officer of the same sex as the subject should conduct the search if one is available. If one is not available, it is recommended that the search be witnessed by another officer, or conducted within view of the Department's Mobile Audio Video (MAV) system.

#### **322.5 DOCUMENTATION**

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- Documentation may consist of a police report or CAD entry if no report was written.

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

#### **322.6 EXECUTION OF SEARCH WARRANTS**

It shall be the policy of the Palo Alto Police Department that the execution of search warrants and parole or probation searches be conducted on a safety-first basis. The safety of involved personnel shall take precedence over the apprehension of suspects or recovery of contraband.

## *Search and Seizure*

### 322.6.1 THREAT ASSESSMENT

Few responsibilities pose as high a danger to police, suspects or citizens as the execution of search warrants, parole/probation searches and planned arrests. The level of response to these situations will be based on intelligence gathered by the case agent.

### 322.6.2 SEARCH WARRANTS FOR DOCUMENTS

The lowest level involving officer safety or tactics is any search warrant that is served at any business or to any professional person for the purposes of securing documentary evidence. Although no tactical response is necessary, basic officer safety principles should be considered.

### 322.6.3 HOTEL CHECKS/PALO ALTO WARRANT SERVICE

This level of arrest is typically served by the Field Services Division and is most often generated through in house warrants, hotel registry checks, or outside agency requests. This level typically involves misdemeanor crimes, traffic-related offenses and municipal code violations or the service of warrants at hotel rooms, offices or residences where it is not anticipated that a lengthy tactical search will be required.

Officers shall check the backgrounds of persons sought for the following:

- (a) Past violence or weapons history;
- (b) Address check for associates;
- (c) History of mental instability.

If the person's background includes violence or weapons, the officer shall contact the supervisor to determine the appropriate level of police response.

### 322.6.4 FELONY/WEAPONS/OTHER ARREST & SEARCH WARRANTS

Warrants that fall into one of the below categories must have a comprehensive threat assessment conducted and an Operations Plan unless exigent circumstances exist for immediate service:

- (a) Felony or weapon violation;
- (b) Background of suspect includes violence or weapons;
- (c) Suspect has a history of mental instability;
- (d) Arrest of multiple suspects;
- (e) Narcotics violations;
- (f) Information that indicates a serious threat to officers;
- (g) Any search warrant;
- (h) Supervisor deems it necessary.

1. Prior to the actual search, the supervisor shall attempt to verify that the premises listed in the search warrant are, in fact, the premises to be searched;
  2. Prior to using force to gain entrance to the location to be searched, the supervisor or previously designated officer shall provide notice of his/her authority and purpose to persons inside the residence per Penal Code §1531 and give them a reasonable amount of time to respond;
  3. Prior to any search, an "evidence collector" will be designated. This individual shall take possession of packages and seal and mark all items seized in accordance with proper collection techniques;
  4. Once the premises are secured, the search shall take place in an orderly progression with minimum disruption to the premises;

  6. All searching shall be conducted in a courteous and non-destructive manner. Any disarray created by the search shall be minimized;
  7. When all items listed in the warrant have been found, or when it reasonably appears that the listed items are not on the premises, the search will be terminated;
  8. Per Penal Code §1535, a receipt will be prepared of all items seized prior to departure and will be reviewed with the occupant, if present. The receipt is to be signed by the designated evidence collector. A copy of the receipt shall be given to the occupant or left in a conspicuous location on the premises;
  9. A complete record of the execution of the search shall be made including the time of search, all circumstances of the entry, and names of persons present (both occupants of premises and police personnel);

## Temporary Custody of Juveniles

### 324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Palo Alto Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

#### 324.1.1 DEFINITIONS

Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this [department/office] performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

### *Temporary Custody of Juveniles*

---

- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact.

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

#### **324.2 POLICY**

The Palo Alto Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Palo Alto Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

#### **324.3 JUVENILES WHO SHOULD NOT BE HELD**

Juveniles who exhibit any of the following conditions should not be held at the Palo Alto Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Palo Alto Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

## *Temporary Custody of Juveniles*

---

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

### **324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY**

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. [Department/Office] members should administer first aid as applicable (15 CCR 1142).

### **324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY**

[Department/Office] members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

## **324.4 CUSTODY OF JUVENILES**

Officers should take custody of a juvenile and temporarily hold the juvenile at the Palo Alto Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Palo Alto Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Palo Alto Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

### **324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS**

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Palo Alto Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

### **324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS**

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do

## *Temporary Custody of Juveniles*

so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

### **324.4.3 CUSTODY OF JUVENILE OFFENDERS**

Juvenile offenders should be held in non-secure custody while at the Palo Alto Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the [Department/Office].
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

### **324.5 ADVISEMENTS**

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Members and supervisors assigned to monitor or process any juvenile at the Palo Alto Police Department shall ensure the following:

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

### **324.10 USE OF RESTRAINT DEVICES**

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Palo Alto Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

### **324.11 OFFICER RESPONSIBILITIES**

- (a) In any case where a juvenile is taken into temporary custody for either W&I § 601 or W&I § 602, as set forth in W&I § 625, the juvenile should be promptly advised of his/her Miranda Rights to ensure the admissibility of any spontaneous statements, even when there is no interrogation. Parents may not invoke Miranda for their child.
- (b) Take immediate steps to notify parents/guardians per W&I § 308(a) and W&I § 627(a). The investigating officer shall notify the parent or guardian of a minor when their child has been detained or questioned by police pursuant to a criminal investigation. The officer should explain the events to the parent so that they understand the reason for the contact and where the minor has been taken or is being held. In the instance of a detention or investigation in which a minor is questioned but not arrested, the officer shall have the option or discretion of notifying the parent at the conclusion of the incident, especially if there is a reasonable concern that early notification would jeopardize the investigation or compromise officer safety.
- (c) Allow the juvenile to make the necessary phone calls within one hour, as set forth in W&I § 308(b) and W&I § 627(b). No later than one hour after being taken into custody, the minor shall be advised that he/she has the right to make two completed phone calls from the place where the minor is being held. One to a parent or guardian, a responsible relative, or employer, and another call to an attorney. The only exception

to this requirement will be when the minor is physically unable to make the phone calls. Any public officer or employer who willfully deprives a minor taken into custody of his right to make such telephone calls is guilty of a misdemeanor.

- (d) When responding to the schools, absent an emergency or exigent circumstances, officer(s) shall notify a school administrator, preferably the Principal, Vice-Principal or Dean of Students prior to contacting a juvenile on campus. The officer(s) shall advise the school administrator of the purpose of the contact and cooperatively develop a clear plan to deal with the situation since the school is responsible for the child during school hours. Generally, for matters that are non-criminal in nature, school staff should take the lead on mediating these issues with the responding officer providing appropriate assistance. The intent of this is to avoid unnecessarily escalating a counseling/behavioral matter to a criminal level. Upon completing a student contact for any action on a school campus, the officer(s) shall let the school administrator know the disposition of the contact before leaving campus. The officer should use his/her discretion when interviewing a child on a school campus. If an interview is conducted on a school campus, the officer shall contact the parents immediately after the interview. Officers should consult with school administrators and be aware of their family reporting requirements per PAUSD/ school policy.

#### 324.11.1 JUVENILE CONTACT REPORT (JCR)

Police officers shall complete a JCR in the following instances:

- (a) When the juvenile is taken to Juvenile Hall. All juvenile bookings require a statement of probable cause, for each on-view law violation, summarized on the JCR;
- (b) When the juvenile is issued a citation for an offense that is not traffic related or not a municipal code violation;
- (c) When the juvenile is taken into protective custody.

#### 324.11.2 PHOTOGRAPHING JUVENILES

The photographing of juveniles shall not be arbitrary or indiscriminate but shall meet the minimum standard or criteria of reasonable suspicion required for a lawful detention based on articulable facts. Using discretion photographs may be taken in the following instances:

- (a) When the juvenile is lawfully detained or arrested for a law violation;
- (b) When fingerprints or photographs are needed to establish or verify identity;
- (c) When the arrested juvenile is a suspect in an additional case, and a photographs is needed for a photo line-up;
- (d) When the supervisor or watch commander deems it necessary.

**324.11.3 FINGERPRINTING JUVENILES**

All sworn personnel will be trained in the use of the AFIS/Live Scan Machine. The fingerprinting of a juvenile shall occur in accordance with the guidelines set forth in the Santa Clara County Protocols Section 14 - Juvenile Fingerprint/Data Entry Into CJIC.

- (a) Juvenile information may not be entered into the CJIC database without positive identification by fingerprints verified through AFIS.
- (b) All juveniles who are arrested and fingerprinted must have their associated PFN and CEN number recorded on a JCR which is forwarded to the Juvenile Probation Department.

Juveniles arrested for the following should be fingerprinted:

(a) **FELONY VIOLATIONS**

1. All juveniles arrested on any felony violation shall be fingerprinted using the AFIS/Live Scan Machines prior to being released or booked into Juvenile hall.
2. An exception to this is if the juvenile is under the influence of alcohol or drugs and the supervisor deems it necessary to release the juvenile at the hospital. If this were to occur, the juvenile's parents should be referred to the TSD Records Unit to ensure that the juvenile is fingerprinted at a later time.

(b) **MISDEMEANOR VIOLATIONS**

1. A juvenile arrested on a misdemeanor offense shall not be fingerprinted without a compelling reason unless the offense is Penal Code §243.4 (a), (b), (c), (d) or (e), §243.4 (e) (1), §314.1 PC, §314.2 PC, or §417.

**324.11.4 DISPOSITION OF JUVENILE OFFENDERS**

In no event shall a juvenile be released on his/her own if the case falls under W&I § 300, those juveniles who have suffered, or there is a substantial risk that the child will suffer serious physical harm inflicted non-accidentally upon the child by the child's parent or guardian.

**Status offenders**, those juveniles who violate W&I § 601, are those who refuse to obey the reasonable and proper orders or directions from parents or guardians, school officials, and those who run away from home. Prior to legislation enacted in 1976, juveniles with these behaviors were detainable. Legislation prohibiting detention for these offenses also recommended that local governments establish a system of services for these juveniles to help keep them safe and out of trouble. In response, referral to the following agencies have proved to be beneficial:

- Uplift
- Family and Children Services
- Adolescent Counseling Services
- KARA (Grief Support)

### *Temporary Custody of Juveniles*

- RAIC
- Bill Wilson Center

**Criminal offenders**, those juveniles who violate W&I § 602, are those who violate any law of this state other than those that fall under W&I § 601. In the majority of incidents, the juvenile will be cited and released back to a parent or guardian, or with the permission of a parent or guardian, released back to school officials.

Due to juvenile detention reform in Santa Clara County, only those juveniles involved in serious crimes will be allowed admittance into Juvenile Hall. Officers shall release juvenile offenders, including release to parents, release with a written promise to appear, release to a diversion program, or release to alternative community resources, unless one or more of the following circumstances exist:

- (a) The juvenile is 14 years old, or older and commits a violation specified in 707(b) W
- (b) An outstanding warrant exists for the juvenile, or a probation officer directs that the juvenile be incarcerated;
- (c) The release of the juvenile would create a continuing threat to public safety and/or an individual;
- (d) The crime is violent, serious, or involves a firearm;
- (e) Any crime involving domestic violence;
- (f) When satisfactory evidence of identity cannot be established;
- (g) When a parent or guardian cannot be located
- (h) Release of the juvenile would compromise an investigation
- (i) The juvenile demands to be taken before a magistrate.

Exceptions for non release for a crime that does not fit the above listed criteria must be approved by a supervisor and documented on a JCR and arrest report.

#### **Community Alternative to Incarceration**

- (a) Palo Alto Police Officers can refer WI § 602 offenders who are not eligible to be admitted to juvenile hall to the Bill Wilson Center when the minor's parents are not available or not willing to accept their minor :

#### **Documentation**

### *Temporary Custody of Juveniles*

---

**All in-custody reports shall be completed no later than the end of the shift. The completed report is either faxed, or delivered, to the Probation Department. Under unusual circumstances, the patrol supervisor may authorize the completion of the report to be made on the following day. By law, W&I § 631, any decision to hold or detain a minor more than 24 hours must be reviewed and approved by a supervising probation officer. Therefore, it is imperative that the report be delivered to the Probation Department within 24 hours from the time of the minor's arrest.**

#### **324.11.5 RELEASING THE MINOR TO DESIGNATED PERSONS**

When a parent is arrested and required to be booked into jail, and the parent has their child with them, the following considerations should be made for releasing or securing the child:

- (a) The supervisor, or watch commander shall be notified and consulted to establish a suitable disposition for the child;
- (b) If there are any circumstances that allege child abuse, neglect, or reasonable suspicion is raised regarding the suitability of the child's home, or of the person who is to take custody of the child, and then the child should be placed in the Children's Shelter;
- (c) In the absence of any known or alleged disqualifying condition, a child may, at the request of the arrested parent and with the approval of a supervisor, be released to a designated family member or other responsible adult known to the family whom the parent and the child trust. In such cases where a minor is released to an individual so designated by the parent, the investigating officer will document the request and disposition of the minor in the arrest report. The identity of the person taking custody of the child, as necessary, should be established with photo identification;
- (d) If the parent is reluctant about identifying or agreeing on who should take custody of the child, the child should be taken to the Children's Shelter. An exception might be when the child is old enough to care for himself or herself, such as a teenager, who may only need a ride home. In such cases, it is permissible to have a friend provide transportation for the teenager.

#### **324.12 PERSONAL PROPERTY**

The officer taking custody of a juvenile offender or status offender at the Palo Alto Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Palo Alto Police Department.

### **324.13 SECURE CUSTODY**

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this [department/office] shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

#### **324.13.1 LOCKED ENCLOSURES**

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to [department/office] members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

### *Temporary Custody of Juveniles*

---

- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
  - 1. All safety checks shall be logged.
  - 2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
  - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

#### **324.14 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE**

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Palo Alto Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigative Services Division Supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City attorney.
- (e) Notification to the coroner.
- (f) Notification of the juvenile court.
- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

#### **324.15 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS**

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone,

## *Temporary Custody of Juveniles*

---

or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

### 324.15.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a [department/office] facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

*Temporary Custody of Juveniles*

**324.16 FORMAL BOOKING**

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigative Services supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

**324.17 RELEASE OF INFORMATION CONCERNING JUVENILES**

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this [department/office] shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Palo Alto Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Investigative Services supervisors to ensure that personnel of those bureaus act within legal guidelines.

**324.18 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION**

The Field Services Division Captain shall coordinate the procedures related to the custody of juveniles held at the Palo Alto Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

### **326.5 PROTECTIVE CUSTODY**

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim (Pursuant to W&I Code 15700 and 15703). Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

#### **326.5.1 EMERGENCY PROTECTIVE ORDERS**

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

#### **326.5.2 MENTAL HEALTH HOLDS**

When an elder (65 years and older) is taken on a Mental Health Hold per W&I 5150, officers shall classify the report as Elder Abuse/Self Neglect and complete a Report of Suspected Dependant Adult/Elder Abuse form (SOC 341). The officer shall ensure that the SOC 341 form is forwarded to Adult Protective Services (APS) and make a phone report to APS immediately in order to cross report.

In cases of Mental Health Holds which involve subjects who are between the ages of 18 and 64, Investigative Services Division personnel will evaluate the details of the case and decide whether the subject should be classified as a "Dependant Adult". Those deemed Dependant Adults will be referred to APS.

### **326.6 INTERVIEWS**

### *Adult Abuse*

---

#### **326.6.1 PRELIMINARY INTERVIEWS**

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

#### **326.6.2 DETAINING VICTIMS FOR INTERVIEWS**

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
  - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
  - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

#### **326.7 MEDICAL EXAMINATIONS**

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

# Discriminatory Harassment

## 328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent [department/office] members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

## 328.2 POLICY

The Palo Alto Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The [Department/Office] will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The [Department/Office] will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the [Department/Office] may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

## 328.3 DEFINITIONS

Definitions related to this policy include:

### 328.3.1 DISCRIMINATION

The [Department/Office] prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or [department/office] equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to [department/office] policy and to a work environment that is free of discrimination.

### *Discriminatory Harassment*

---

#### 328.3.2 SEXUAL HARASSMENT

The [Department/Office] prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

#### 328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or [department/office] rules or regulations, or any other appropriate work-related communication between supervisor and member.

#### 328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

#### 328.4 RESPONSIBILITIES

This policy applies to all [department/office] personnel. All members shall follow the intent of these guidelines in a manner that reflects [department/office] policy, professional law enforcement standards and the best interest of the [Department/Office] and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel and Training Lieutenant or the City Manager.

### *Discriminatory Harassment*

---

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

#### 328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensuring that his/her subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or Personnel and Training Lieutenant in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

#### 328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the [Department/Office] and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

#### 328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel and Training Lieutenant, the City Manager or the California Department of Fair Employment and Housing for further information, direction or clarification.

### *Discriminatory Harassment*

---

#### **328.5 INVESTIGATION OF COMPLAINTS**

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the [Department/Office] that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

##### **328.5.1 SUPERVISORY RESOLUTION**

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

##### **328.5.2 FORMAL INVESTIGATION**

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Personnel and Training Lieutenant or the City Manager.

##### **328.5.3 ALTERNATIVE COMPLAINT PROCESS**

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the [Department/Office]. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

#### **328.6 DOCUMENTATION OF COMPLAINTS**

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

## *Discriminatory Harassment*

---

### 328.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the [Department/Office].

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

When a patrol officer is dispatched to an active or on-view child abuse, he/she shall take appropriate steps to assure the safety of the child and the identification and/or apprehension of the suspect.

#### **330.5 PROTECTIVE CUSTODY**

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and

## *Child Abuse*

---

Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
  2. The child is in immediate danger of physical or sexual abuse.
  3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
  2. There is no lawful custodian available to take custody of the child.
  3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
  4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

### **330.5.1 CALIFORNIA SAFELY SURRENDERED BABY LAW**

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

## **330.6 INTERVIEWS**

### **330.6.1 PRELIMINARY INTERVIEWS**

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained

in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

Patrol officers should interview all parties involved, including children, separately. If the case involves severe, ongoing, physical or sexual abuse or severe neglect, the Investigative Services Division Person Crimes supervisor should be contacted for assistance from a child abuse detective. At this point consideration should be given to scheduling a Multi-Disciplinary Interview (MDI), and the patrol officer should conduct basic interviews only to determine jurisdiction, and elements of at least one crime.

### **330.6.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW**

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
  - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
  - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

### **330.6.3 INTERVIEWS AT A SCHOOL**

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3). The officer shall inform the child of that right prior to the interview.

In addition, the officer should notify the school administration (Principal) that he/she is conducting a child abuse investigation. The officer should not reveal any specific details concerning the type of abuse or suspect information. The staff member should be instructed not to discuss the facts or circumstances of the case with the child or participate in the interview. No member of the school staff can demand to be present at an interview. It is solely up to the child to initiate a request for support after being told by the officer that he or she has the right to do so.

## **330.7 STATE MANDATES AND OTHER RELEVANT LAWS**

California requires or permits the following:

### *Child Abuse*

---

#### 330.7.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

#### 330.7.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

#### 330.7.3 CACI HEARING OFFICER

The Investigative Services supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

#### 330.7.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

## 332.2 POLICY

The Palo Alto Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Palo Alto Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

## 332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. - (e) Ensure that entries are made into the appropriate missing person networks as follows:

- (i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

# Hate Crimes

## 338.1 PURPOSE AND SCOPE

The purpose of this policy is to meet or exceed the provisions of Penal Code § 13519.6(c) and provides members of this [department/office] with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

### 338.1.1 DEFINITIONS

**Hate crimes** - A criminal act committed in whole or in part, because of one or more of the following actual or perceived characteristics of the victim (Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.57):

- (g) Association with a person or group with one or more of these actual or perceived characteristics
- (h) Examples of hate crimes include, but are not limited to:
  - 1. Interfering with, oppressing or threatening any other person in the free exercise or enjoyment of any right or privilege secured by the constitution or laws because of one or more of the actual or perceived characteristics of the victim (Penal Code § 422.6).

### **338.2 POLICY**

The Palo Alto Police Department recognizes and places a high priority on the rights of all individuals guaranteed under the state and federal constitution and incorporated in state and federal law.

The Palo Alto Police Department hate crimes policy is drafted in accordance with the Santa Clara County Protocols. Personnel are required to read and follow the additional guidelines set forth in the Santa Clara County Protocols Section 10 - Santa Clara County Law Enforcement Policy Statement Regarding Hate Crimes.

### **338.3 PREVENTION AND PREPARATION**

While it is recognized that not all crime can be prevented, this [department/office] is committed to taking a proactive approach to preventing and preparing for likely hate crimes by, among other things:

- (a) Make an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes and forming networks that address prevention and response.
- (b) Accessing assistance by, among other things, activating the California Department of Justice Hate Crime Rapid Response Protocol when necessary.
- (c) Providing victim assistance and community follow-up as outlined below.
- (d) Educating community and civic groups about hate crime laws.
- (e) Establishing a community relations liaison to work with community organizations and leaders to coordinate public meetings, local group meetings and school assemblies on recognizing, preparing for and preventing hate crimes.

#### **338.3.1 REPORTING**

Hate crime laws have been upheld by the United States Supreme Court as constitutional, and not a violation of one's first amendment right to speech, when the speech incites/encourages hate motivated violence or crime. Penal Code §415.3 also addresses the use of offensive words in public, which will provoke immediate violent reaction. The victims of bias related crime, and the communities we serve expect and deserve swift response, thorough investigation, apprehension of suspects, and prosecution of suspects, when it comes to reported bias incidents. Finally, even if no crime can be attached to reported biased related behavior, a hate incident investigation should be initiated, perpetrators and/or the group they are associated with should be identified, and a report should be completed. Hate crimes are important to document and to differentiate from other forms of crime because of their uniquely violent and assault characteristic, the trauma sustained by the victims, the threat they pose to community stability, and the potential for community unrest.

Other concepts to consider when investigating bias related incidents/crimes:

- (a) Bias related vandalisms must involve a specific target, such as an individual, property of an individual, or residence in order to charge Penal Code §422.6.

## *Hate Crimes*

---

- (b) Vandalisms which are bias in nature associated with a private institution or public agency (houses of worship, religious/ethnic organizations or businesses, etc.) must be a felony (\$400.00) in nature for a hate crime to be charged. All other bias related vandalisms would be labeled hate related incidents.
- (c) Obscene or threatening phone calls when containing threats, derogatory content, slurs directed at one who is a member or suspected of being a member of a protected class as defined in the definition of hate crime in this general order are to be considered bias crimes.

When an incident is determined to be prejudice based in nature, the officer will list the offense as a Hate Crime. The classification will be one of the following: Interfere w/ another's civil rights, battery, assault w/ a deadly weapon, desecration, vandalism, other (incident in nature, leafleting w/out a permit, etc.)

### **338.4 INVESTIGATIONS**

Whenever any member of this [department/office] receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (a) Assigned officers should promptly contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate
- (b) A supervisor should be notified of the circumstances as soon as practical.
- (c) Once in-progress aspects of any such situation have been stabilized (e.g., treatment of victims, apprehension of suspects at the scene), the assigned officers should take all reasonable steps to preserve evidence that establishes a possible hate crime.
- (d) Based upon available information, officers should take appropriate action to mitigate further injury or damage to potential victims or the community.
  - 1. Officers should contact the property owner to remove any evidence that cannot be physically removed (i.e., painted words or signs on a wall) by the officer once the offense is documented.
- (e) The assigned officers should interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime.
  - 1. No victim of or a witness to a hate crime who is not otherwise charged with or convicted of a crime under state law may be detained for or turned over to federal authorities exclusively for any actual or suspected immigration violation (Penal Code § 422.93(b))
  - 2. Statements of victims and witnesses should be audio or video recorded if practicable (see the Portable Audio/Video Recorders Policy).
- (f) Depending on the situation, the assigned officers or supervisor may request additional assistance from detectives or other resources.
- (g) The assigned officers should include all available evidence indicating the likelihood of a hate crime in the relevant reports. All related reports should be clearly marked as

### *Hate Crimes*

---

“Hate Crimes” and, absent prior approval of a supervisor, should be completed and submitted by the assigned officers before the end of the shift.

- (h) The assigned officers will provide the victims of any suspected hate crime with a brochure on hate crimes (Penal Code § 422.92). Such brochures will also be available to members of the general public upon request. The assigned officers should also make reasonable efforts to assist the victims by providing available information on local assistance programs and organizations.
- (i) The assigned officers and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid (e.g., Possible Temporary Restraining Order through the District Attorney or City Attorney Penal Code § 136.2 or Civil Code § 52.1 as indicated).

- (j) Insure proper and thorough collection of evidence.

### **338.4.3 RECORDS UNIT**

The Records Unit insures that state and federal justice Departments receive reports of hate crimes and hate incidents, which occur within the jurisdiction of Palo Alto.

The Records Unit will maintain statistical data on suspected hate crimes and tracking as indicated and report such data to the Attorney General upon request pursuant to Penal Code § 13023.

### **338.4.4 SUPERVISOR RESPONSIBILITY**

The supervisor should confer with the initial responding officers to identify reasonable and appropriate preliminary actions. The supervisor should:

- (a) Review related reports to verify whether the incident is appropriately classified as a hate crime for federal and state bias crime-reporting purposes.
- (b) Notify other appropriate personnel in the chain of command, depending on the nature and seriousness of the offense and its potential inflammatory and related impact on the community.

### **338.5 TRAINING**

# Report Preparation

## 344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

### 344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. ---

### **348.8.1 OFFICER'S RESPONSIBILITIES (TRAFFIC SUBPOENA)**

Any officer who receives a traffic court subpoena is required to be present on the scheduled date and time.

Valid reasons for an officer to request a continuance are illness, previously approved training, or a planned vacation. Regular days off are not valid reasons for requesting a continuance. If an officer has a valid reason for requesting a continuance as noted above, then he or she should:

- (a) Obtain their immediate supervisor's approval and signature on the Traffic Court Notification Form, approving the request for a continuance;
- (b) Notify the Court Liaison Officer as soon as possible by completing and returning the Traffic Court Notification Form. The specific reason for the requested continuance shall be listed;

A Trial by Declaration is essentially a traffic trial done via writing. The Court Liaison officer receives the paperwork from the Palo Alto traffic court. Upon receiving the notice, the Court Liaison officer attaches a label to the paperwork with a due date on it and distributes it to the officer. The officer must complete his or her testimony in writing. The officer must complete and return the paperwork to the Court Liaison officer by the listed date.

### **348.8.3 TRAFFIC SUBPOENAS FROM ANOTHER COUNTY**

If an officer receives a traffic subpoena from another county, the officer should follow the directions listed on the subpoena for the appearance requirements.

If the officer is required to appear in person, the subpoena will indicate this with the appropriate box checked. The DMV address will be listed on the subpoena as to where to appear. The officer does not need to do anything unless there is a problem with appearing on the specified date. If the officer cannot appear, he or she must contact the hearing officer immediately upon receipt of the subpoena to let them know why they cannot be there. The hearing officer's name and phone number are always listed on the subpoena. The only valid reasons for not appearing are sickness, training, or pre-approved vacation.

## *Subpoenas and Court Appearances*

### **348.9.2 APPEARANCE BY TELEPHONE**

The box labeled "respond by telephoning the above number at the date and time listed above" may be checked on the subpoena. If this is the case, the officer needs to call the listed phone number at the specified date and time to have the hearing conducted over the telephone. If the officer cannot call at the specified date and time, they must call the hearing officer immediately upon receipt of the subpoena. The hearing officer's name and phone number are always listed on the subpoena.

The box labeled "be available for a call by telephone at this number" may be checked on the subpoena. If so, the hearing officer expects the officer to be available to receive a telephone call at the listed phone number at the date and time specified on the subpoena (in this type of subpoena, the number usually listed is the main Communications number of 650-329-2413). If the officer will not be available to receive a call at the specified number, he or she must contact the hearing officer immediately upon receipt of the subpoena.

The only valid reasons for not appearing by telephone are sickness, training, or pre-approved vacation.

### **348.9.3 PRODUCE RECORDS**

There will be an affidavit attached to the subpoena listing the records that the officer needs to produce at the hearing (usually PAS calibrations, etc). The same procedure for the "appearance in person," as described above, should be followed.

### **348.10 PAROLE REVOCATION HEARINGS**

The Board of Prison Terms mails subpoenas to the Department for parole revocation hearings. The officer is required to appear at the listed date, time, and place on the subpoena. Such hearings are usually held at the Santa Clara County Main Jail, the Alameda County Santa Rita Jail, or at San Quentin State Prison. If the officer is unable to appear at the hearing they must contact the Parole Revocation Unit at the listed prison facility immediately upon receipt of the subpoena.

The only valid reasons for not appearing are sickness, training, and pre-approved vacation.

Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

#### **350.3.2 RESERVE OFFICER ASSIGNMENTS**

All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

#### **350.3.3 RESERVE COORDINATOR**

The Chief of Police shall delegate the responsibility for administering the Reserve Officer Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

##### **350.4.1 TRAINING OFFICERS**

Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.

##### **350.4.2 PRIMARY TRAINING OFFICER**

Upon completion of the Academy, reserve officers will be assigned to a primary training officer. function as an officer with the Palo Alto Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

#### 350.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE

At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

#### 350.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

#### 350.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. *Reserve Officers*

---

**350.5 SUPERVISION OF RESERVE OFFICERS**

Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6(a)(2)). The immediate supervision requirement shall also continue for reserve officers who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Division Captain.

**350.5.1 SPECIAL AUTHORIZATION REQUIREMENTS**

Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Captain, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Captain, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

**350.5.2 RESERVE OFFICER MEETINGS**

All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

**350.5.3 IDENTIFICATION OF RESERVE OFFICERS**

The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

**350.5.4 UNIFORM**

Reserve officers shall conform to all uniform regulation and appearance standards of this department.

**350.5.5 INVESTIGATIONS AND COMPLAINTS**

If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Field Services Division Captain.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

### *Reserve Officers*

#### **350.5.6 RESERVE OFFICER EVALUATIONS**

While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

#### **350.6 FIREARMS REQUIREMENTS**

Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

##### **350.6.1 CARRYING WEAPON ON DUTY**

Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

##### **350.6.2 CONCEALED FIREARMS PROHIBITED**

No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in Policy Manual § 350.4), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing with the Palo Alto Police Department Reserve Officer Program.

##### **350.6.3 RESERVE OFFICER FIREARM TRAINING**

All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

## Outside Agency Assistance

### 352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

#### 352.1.1 MUTUAL AID PROTOCOL

Officers shall follow the guidelines set forth in the Santa Clara County Protocols Section 16 - Mutual Aid Protocol when requesting formal Law Enforcement Mutual Aid at the Operational Area level. Personnel shall read and follow the guidelines set forth in the Santa Clara County Protocols Section 16 - Mutual Aid Protocol.

### 352.2 POLICY

It is the policy of the Palo Alto Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

### 352.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency.

#### 352.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Palo Alto Police Department shall notify his/her supervisor or the Watch Commander and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

### 352.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

### *Outside Agency Assistance*

---

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

#### **352.5 REPORTING REQUIREMENTS**

Incidents of outside assistance or law enforcement activities may be documented in a crime report or as directed by the Watch Commander.

## Registered Offender Information

### 356.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Palo Alto Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the [Department/Office] will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

### 356.2 POLICY

It is the policy of the Palo Alto Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

The Megan's Law Internet Web Site was implemented by the California Department of Justice on December 15, 2004. The California Department of Justice has categorized each registered sex offender on this site as either "Full Address", "Zip Code Only", "No Post", or "Excluded". The inclusion on the Web Site is allowed only for "Full Address" and "Zip Code Only" sex offenders. The site is accessible directly at <http://meganslaw.ca.gov> or through the Attorney General's Home Page at <http://ag.ca.gov>.

### 356.3 REGISTRATION

The Investigative Services supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

#### 356.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

*Registered Offender Information*

---

**356.4 MONITORING OF REGISTERED OFFENDERS**

The Investigative Services supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The Investigative Services supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Palo Alto Police Department personnel, including timely updates regarding new or relocated registrants.

**356.5 DISSEMINATION OF PUBLIC INFORMATION**

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Palo Alto Police Department's website. Information on sex registrants placed on the Palo Alto Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Records Manager may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

**356.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY**

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description

## *Registered Offender Information*

---

- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

### 356.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

# Major Incident Notification

The Press Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

# Death Investigation

## 360.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

## 360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). A supervisor shall be notified in all death investigations.

A death will be classified as either an Attended Death or an Unattended Death.

An Attended Death is classified as such when circumstances indicate death resulted from natural causes (i.e., history of illness, old age). The officer assigned to this case will make every effort to notify the decedent's physician. If a physician saw the decedent within the last 20 days, and the physician is willing to sign a death certificate, the officer will not write a case. However, in all circumstances, the officer shall notify the coroner to provide him with the circumstances of the death and obtain a release number.

The Investigative Services Supervisor or designee will be notified of any suspicious unattended deaths, including all SIDS deaths.

### 360.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.
- (c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.
- (d) Known or suspected homicide.
- (e) Known or suspected suicide.

*Death Investigation*

---

- (f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.
- (g) Related to or following known or suspected self-induced or criminal abortion.
- (h) Associated with a known or alleged rape or crime against nature.
- (i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.
- (j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.
- (k) Accidental poisoning (food, chemical, drug, therapeutic agents).
- (l) Occupational diseases or occupational hazards.
- (m) Known or suspected contagious disease and constituting a public hazard.
- (n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
- (o) In prison or while under sentence. Includes all in-custody and police involved deaths.
- (p) All deaths of unidentified persons.
- (q) All deaths of state hospital patients.
- (r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

#### 360.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death

### *Death Investigation*

---

report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

#### **360.2.3 DEATH NOTIFICATION**

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

#### **360.2.4 UNIDENTIFIED DEAD BODIES**

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

#### **360.2.5 DEATH INVESTIGATION REPORTING**

All incidents involving an unattended death shall be documented on the appropriate form.

#### **360.2.6 SUSPECTED HOMICIDE**

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

#### **360.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES**

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

### **360.3 GENERAL CONSIDERATIONS**

- (a) Initially, the scene of a death should be treated as if it were a homicide until such time as it can be determined otherwise.
- (b) Investigative reports shall be written in all but attended death cases where the doctor will sign the death certificate. Refer to Palo Alto Police Department's Offense/Classification guide for the proper headings.
- (c) Motor vehicle fatalities will be investigated by patrol and documented according to Policy 502 Traffic Collision Reporting. The on-duty supervisor shall notify the Specialized Traffic Accident Reconstruction Team (STAR) to assist in cases of fatal or major injury collisions.
- (d) The coroner shall be notified in all death cases. Release numbers shall be obtained verbally in all attended death cases. The name of the coroner contacted shall be

### *Death Investigation*

---

included in all investigative reports. Unless released by the coroner, an officer shall remain on the scene until the coroner's arrival.

- (e) In all death cases, no attempt shall be made to move, search or alter the body except by the coroner, the coroner's investigator, or after the coroner's release. Exceptions to this rule shall be limited to situations in which there is a danger to human life or a likelihood of the destruction of evidence (i.e., fire scenes, etc.).
- (f) Photographs will be taken, and a diagram will be drawn in all death cases, except those where a doctor will sign the death certificate.
- (g) The Watch Commander shall immediately be notified of all death investigations. The Watch Commander shall, as soon as practical, notify the ISD Body Crimes Supervisor in any suspicious death. In all homicides, the Watch Commander shall notify the FSD Coordinator.
- (h) Weapons should not be handled unless their loss or destruction is likely. Firearms should not be unloaded unless there is an imminent chance of discharge.

The function of patrol officers at the scene of a homicide or questioned death shall be limited to the following: securing of that scene, a search for suspects, witnesses or additional victims, the rendering of any necessary medical aid and the notification of the patrol supervisor and Watch Commander. Evidence collection, crime scene search and the interviewing of suspects and witnesses shall be conducted by, or under the supervision of, the detective assigned.

#### 360.3.1 POST-MORTEM SEXUAL ASSAULT EXAMINATIONS

The Santa Clara County Protocols Section 18 - Post-Mortem Sexual Assault Examinations shall be utilized as a guideline in all cases where investigators suspect a homicide and sexual assault. All personnel are required to read and follow the Santa Clara County Protocols Section 18 - Post-Mortem Sexual Assault Examinations Protocol.

#### 360.3.2 AUTOPSY ATTENDANCE

Santa Clara County Protocols Section 23 - Autopsy Attendance Protocol shall be utilized as a guideline for autopsy attendance by law enforcement personnel. All personnel are required to read and follow the Santa Clara County Protocols Section 23 - Autopsy Attendance Protocol.

# Identity Theft

## 362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

This policy is drafted in accordance with the Santa Clara County Protocols Section 15 - Identity Theft Protocol. Personnel shall read and follow the guidelines set forth in the Santa Clara County Protocols Section 15 - Identity Theft Protocol when investigating identity theft.

## 362.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" (Penal Code § 530.6) shall initiate a report for victims residing, or whose primary place of employment is, within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
  - 1. For any victim not residing or working within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim may be offered the opportunity to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in our jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application) and obtain as much information as possible regarding the incidents. Some examples are as follows:
  - 1. Document the actual credit card number;
  - 2. Have the victim obtain the credit card application (or the information that was documented on the application);
  - 3. If the merchandise was shipped somewhere, obtain the shipping address;
  - 4. Determine the actual store address where the credit was requested - not the main office;
  - 5. Request digital photos and videotape (if any) from the appropriate businesses immediately. These initial requests can be made by phone in an attempt to preserve evidence;
  - 6. Penal Code §530.8 states that if a person discovers an application for credit has been fraudulently made/obtained in the victim's name, the victim is entitled to that information upon presentation of a police report to that business. The

person or entity with which the application was filed or the account was opened, shall provide copies of all paper records, records of telephone applications or authorizations or records of electronic applications or authorizations required by this section, without charge, within ten (10) business days of receipt of the person's request and submission of the required police report and identifying information.

- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers. Officers should also assist victims by directing them to make notification of identity theft with the credit reporting bureaus, the DMV and other appropriate agencies as necessary.
- (e) The reporting officer should inform the victim of identity theft that the California Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement or other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code §530.7). Information regarding the California Identity Theft Registry can be obtained by call toll free (888) 880-0240
- (f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

## Private Persons Arrests

### 364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

### 364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

### 364.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

### 364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

## *Private Persons Arrests*

---

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The officer must include the basis of such a determination in a related report.
  2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
  2. Release the individual pursuant to a Notice to Appear
  3. Release the individual pursuant to Penal Code § 849

### **364.5 REPORTING REQUIREMENTS**

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

# Anti-Reproductive Rights Crimes Reporting

## 366.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

## 366.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant
- (c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

## 366.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

- (a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.
- (b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Division Captain.
- (c) By the tenth day of each month, it shall be the responsibility of the Investigation Division Captain to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.
  - 1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.

## Limited English Proficiency Services

### 368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

#### 368.1.1 DEFINITIONS

Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Palo Alto Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

### 368.2 POLICY

It is the policy of the Palo Alto Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

### 368.3 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law

### *Limited English Proficiency Services*

---

enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

#### **368.4 TYPES OF LEP ASSISTANCE AVAILABLE**

Palo Alto Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

#### **368.5 WRITTEN FORMS AND GUIDELINES**

Vital documents or those that are frequently used should be translated into languages most likely to be encountered.

#### **368.6 AUDIO RECORDINGS**

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

#### **368.7 QUALIFIED BILINGUAL MEMBERS**

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the

### *Limited English Proficiency Services*

---

non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

#### **368.8 AUTHORIZED INTERPRETERS**

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

##### **368.8.1 SOURCES OF AUTHORIZED INTERPRETERS**

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

##### **368.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE**

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

### *Limited English Proficiency Services*

---

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

#### **368.9 CONTACT AND REPORTING**

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

#### **368.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE**

The Palo Alto Police Department will take reasonable steps and will work with the Personnel and Training to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

##### **368.10.1 EMERGENCY CALLS TO 9-1-1**

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

#### **368.11 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary.

### *Limited English Proficiency Services*

---

Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

#### **368.12 INVESTIGATIVE FIELD INTERVIEWS**

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

#### **368.13 CUSTODIAL INTERROGATIONS**

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

## *Limited English Proficiency Services*

---

### **368.14 BOOKINGS**

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

### **368.15 COMPLAINTS**

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate.

Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

### **368.16 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

### **368.17 TRAINING**

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Personnel and Training Lieutenant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Lieutenant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

# Communications with Persons with Disabilities

## 370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

### 370.1.1 DEFINITIONS

Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

## 370.2 POLICY

It is the policy of the Palo Alto Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

## 370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Field Services Division Captain or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Palo Alto Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

### *Communications with Persons with Disabilities*

---

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
  - 1. Contact information
  - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

#### **370.4 FACTORS TO CONSIDER**

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

*Communications with Persons with Disabilities*

---

**370.5 INITIAL AND IMMEDIATE CONSIDERATIONS**

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Palo Alto Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

**370.6 TYPES OF ASSISTANCE AVAILABLE**

Palo Alto Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

## *Communications with Persons with Disabilities*

---

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

### **370.7 AUDIO RECORDINGS AND ENLARGED PRINT**

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

### **370.8 QUALIFIED INTERPRETERS**

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

### **370.9 TTY AND RELAY SERVICES**

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

### *Communications with Persons with Disabilities*

---

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

#### **370.10 COMMUNITY VOLUNTEERS**

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

#### **370.11 FAMILY AND FRIENDS**

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

#### **370.12 REPORTING**

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

#### **370.13 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

##### **370.13.1 FIELD RESOURCES**

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

#### **370.14 CUSTODIAL INTERROGATIONS**

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

### *Communications with Persons with Disabilities*

---

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

#### **370.15 ARREST AND BOOKINGS**

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

#### **370.16 COMPLAINTS**

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

#### **370.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

### **370.18 TRAINING**

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Personnel and Training Lieutenant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Lieutenant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

#### **370.18.1 CALL-TAKER TRAINING**

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

#### 374.6.3 LITIGATION

Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

## 378.3 OPERATIONAL GUIDELINES

Only [department/office]-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

The [Department/Office] should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

#### **378.4 VIDEO SUPERVISION**

Supervisors should monitor video surveillance access and usage to ensure members are within [department/office] policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

*Public Safety Video Surveillance System*

A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule and for a minimum of one year. Prior to destruction, written consent shall be obtained from the City Attorney. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved (Government Code § 34090.6).

Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for [department/office] public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

### *Public Safety Video Surveillance System*

---

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established [department/office] subpoena process.

#### **378.7 TRAINING**

All [department/office] members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

#### **378.8 POLICY ISSUE DATE**

Updated 1-25-19

## Child and Dependent Adult Safety

### 379.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

### 379.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Palo Alto Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

### 379.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

---

**379.3.1 AFTER AN ARREST**

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
  - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
  - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

**379.3.2 DURING THE BOOKING PROCESS**

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

### *Child and Dependent Adult Safety*

---

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

#### **379.3.3 SUPPORT AND COUNSELING REFERRAL**

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

#### **379.4 DEPENDENT WELFARE SERVICES**

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

#### **379.5 TRAINING**

The Personnel and Training Lieutenant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

## Service Animals

### 381.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

#### 381.1.1 DEFINITIONS

Definitions related to this policy include:

**Service animal** - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

### 381.2 POLICY

It is the policy of the Palo Alto Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

### 381.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

#### **381.4 MEMBER RESPONSIBILITIES**

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Palo Alto Police Department affords to all members of the public (28 CFR 35.136).

##### **381.4.1 INQUIRY**

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

##### **381.4.2 CONTACT**

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

##### **381.4.3 REMOVAL**

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

##### **381.4.4 COMPLAINTS**

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service

### *Service Animals*

---

animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

## Off-Duty Law Enforcement Actions

### 385.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Palo Alto Police Department with respect to taking law enforcement action while off-duty.

### 385.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

In all cases where enforcement action is taken outside the jurisdiction of Palo Alto, officers are required to adhere to the current policies, procedures, rules and guidelines of the Policy Manual.

### 385.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

### 385.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

## *Off-Duty Law Enforcement Actions*

---

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

### **385.4.1 INTERVENTION PROCEDURE**

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Palo Alto Police Department officer until acknowledged. Official identification should also be displayed.

### **385.4.2 INCIDENTS OF PERSONAL INTEREST**

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

### **385.4.3 CIVILIAN RESPONSIBILITIES**

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

### **385.4.4 OTHER CONSIDERATIONS**

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

## **385.5 REPORTING**

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

All employees should use safe work practices, follow all directives and policies and assist in maintaining a safe work environment.

#### **390.4 COMMUNICATION**

Supervisors shall establish and maintain communication with employees on health and safety issues. This is essential for an injury-free, productive workplace.

3. Heat illness prevention (8 CCR § 3395).

**390.5 HAZARD ASSESSMENT**

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards utilizing the applicable sections of the Hazard Assessment Checklist to ensure a thorough inspection. These checklists can be found at on the California Department of Industrial Relations website.

**390.5.1 ADMINISTRATIVE SERVICES SUPERVISOR INSPECTION DUTIES**

The City Safety Officer shall ensure an Identified Hazard and Correction Record (located on the California Department of Industrial Relations website) is completed for each inspection.

**390.5.2 PATROL OFFICERS INSPECTION DUTIES**

#### **390.7 HAZARD CORRECTION**

All employees should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Employees should make their reports to a supervisor (as a general rule, their own supervisor).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner based on the severity of the hazards. Hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering employees or property, supervisors should protect or remove all exposed workers from the area or item, except those necessary to correct the existing condition.

Employees who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazard and Correction Form. This should be forwarded to the Administrative Services Supervisor via the chain of command.

# Gun Violence Restraining Orders

## 392.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders.

### 392.1.1 DEFINITIONS

Definitions related to this policy include:

**Gun violence restraining order** - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

## 392.2 POLICY

It is the policy of the Palo Alto Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the department pursuant to such orders.

## 392.3 GUN VIOLENCE RESTRAINING ORDERS

An officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, an officer may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

## 392.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

### **392.5 SEARCH WARRANTS**

If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the officer should consider whether to seek a search warrant. If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

- (a) The officer serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.

  - 1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.

## *Gun Violence Restraining Orders*

---

2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.
- (c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the officer shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Any search of the safe must be done in the owner's presence.

### **392.6 RECORDS MANAGER RESPONSIBILITIES**

The Records Manager is responsible for ensuring:

- (a) Proof of service of any gun violence restraining order served by an officer or received from the clerk of the court is entered in the computer database system for protective and restraining orders maintained by the Department of Justice within one business day of service if served by an officer, or within one business day of receipt of proof of service if served by a person other than a law enforcement officer (Penal Code § 18115).

## **Chapter 4 - Patrol Operations**

## Patrol Function

### 400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

### 400.2 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the [Department/Office] should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily [briefing]s and to attend [briefing]s of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with [department/office] policies and applicable laws. Members are encouraged to share information with other units and divisions.

### 400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

### 400.4 POLICY

### 404.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

## Crime And Disaster Scene Integrity

### 406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

### 406.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue to do so until he/she is relieved by a supervisor.

#### 406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. ### 406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

### *Crime And Disaster Scene Integrity*

---

#### 406.3.1 CONSENT

Officers should seek consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations, it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.

## Crisis Response Unit

### 408.1 PURPOSE AND SCOPE

The Crisis Response Unit (CRU) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

#### 408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Crisis Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

#### 408.1.2 SWAT TEAM DEFINED

A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

#### 408.1.3 SWAT TEAM COMPOSITION

The SWAT Team is comprised of [REDACTED] members. Members are assigned to one of the following positions:

- (a) **Team Leader (TL):** The Team Leader is responsible for:

- (a) Command and Control
- (b) Containment
- (c) Entry/Apprehension/Rescue

### *Crisis Response Unit*

---

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

#### 408.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

#### 408.2.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

  1. Documentation of the incident.

# Hazardous Material Response

## 412.1 PURPOSE AND SCOPE

### 412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

## 412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

## 412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

### *Hazardous Material Response*

---

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

**Anthrax Exposure:** Santa Clara County Protocols Section 19 - Anthrax Exposure Protocol shall be utilized as a guideline when personnel respond to suspected anthrax exposure incident. All personnel are required to read and follow Santa Clara County Protocols Section 19 - Anthrax Exposure Protocol.

#### 412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

## Hostage and Barricade Incidents

### 414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

#### 414.1.1 DEFINITIONS

Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

- (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- (b) Unlawfully held against his/her will under threat or actual use of force.

### 414.2 POLICY

It is the policy of the Palo Alto Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

### 414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, [department/office]-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

**414.4 FIRST RESPONDER CONSIDERATIONS**

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

**414.4.1 BARRICADE SITUATION**

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

## *Hostage and Barricade Incidents*

---

- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the [Department/Office], such as command officers and the Press Information Officer ([PIO]).
- (j) [REDACTED]
- (k) Establish a command post.

### 414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.

*Hostage and Barricade Incidents*

---

- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the [Department/Office], such as command officers and the [PIO].
- (m) [REDACTED]

**414.5 SUPERVISOR RESPONSIBILITIES**

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a [Crisis Response Unit] ([CRU]) response if appropriate and apprising the [CRU] Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
  - (b) Ensure the completion of necessary first responder responsibilities or assignments.
  - (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
  - (d) Establish a command post location as resources and circumstances permit.
  - (e) Designate assistants who can help with intelligence information and documentation of the incident.
  - (f) If it is practicable to do so, arrange for video documentation of the operation.
  - (g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).
1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the [Department/Office] obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be

## *Hostage and Barricade Incidents*

---

submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the [department/office] Press Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

### **414.6 [CRU] RESPONSIBILITIES**

The Incident Commander will decide, with input from the [CRU] Commander, whether to deploy the [CRU] during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the [CRU] Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the [CRU]. The Incident Commander and the [CRU] Commander or the authorized designee shall maintain communications at all times.

### **414.7 REPORTING**

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

---

## Response to Bomb Calls

### **416.1 PURPOSE AND SCOPE**

The purpose of this policy is to provide guidelines to assist members of the Palo Alto Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

### **416.2 POLICY**

It is the policy of the Palo Alto Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

### **416.3 RECEIPT OF BOMB THREAT**

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

### **416.4 GOVERNMENT FACILITY OR PROPERTY**

A bomb threat targeting a government facility may require a different response based on the government agency.

#### **416.4.1 PALO ALTO POLICE DEPARTMENT FACILITY**

If the bomb threat is against the Palo Alto Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

#### **416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY**

If the bomb threat is against a county or municipal facility within the jurisdiction of the Palo Alto Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

### *Response to Bomb Calls*

---

#### **416.4.3 FEDERAL BUILDING OR PROPERTY**

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

#### **416.5 PRIVATE FACILITY OR PROPERTY**

When a member of this department receives notification of a bomb threat at a location in the City of Palo Alto, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
  - 1. No evacuation of personnel and no search for a device.
  - 2. Search for a device without evacuation of personnel.
  - 3. Evacuation of personnel without a search for a device.
  - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

##### **416.5.1 ASSISTANCE**

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

## *Response to Bomb Calls*

---

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
  - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
  - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
  - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

### **416.6 FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) [REDACTED]
  - 1. [REDACTED]
  - 2. [REDACTED]
  - 3. [REDACTED]
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) [REDACTED]
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
  - 1. The time of discovery.

### *Response to Bomb Calls*

---

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

#### **416.7 EXPLOSION/BOMBING INCIDENTS**

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

##### **416.7.1 CONSIDERATIONS**

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

##### **416.7.2 NOTIFICATIONS**

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and the CSI Team
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

### *Response to Bomb Calls*

---

#### 416.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

#### 416.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

## Mental Illness Commitments

### 418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

### 418.2 POLICY

It is the policy of the Palo Alto Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

### 418.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

#### 418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

### 418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

## *Mental Illness Commitments*

---

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others. If the individual reasonably appears to the officers to be in need of medical care, officers should ensure that it is obtained as soon as it is safe to do so.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

### **418.4.1 SECURING OF PROPERTY**

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

### **418.5 TRANSPORTATION**

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

### **418.6 TRANSFER TO APPROPRIATE FACILITY**

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility

## *Mental Illness Commitments*

---

restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

### **418.7 DOCUMENTATION**

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

#### **418.7.1 <STRONG>ADVISEMENT</STRONG>**

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

### **418.8 CRIMINAL OFFENSES**

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

## *Mental Illness Commitments*

---

- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this [department/office] to regain custody of the individual, [department/office] resources (e.g., posting a guard) and other relevant factors in making this decision.

### **418.9 FIREARMS AND OTHER WEAPONS**

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

#### **418.9.1 <STRONG>PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS</STRONG>**

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigative Services, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the [Department/Office] makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the [Department/Office] shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

## Cite and Release Policy

### 420.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

### 420.2 POLICY

It is the policy of the Palo Alto Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the [Department/Office]'s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

### 420.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

#### 420.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

### 420.4 NON-RELEASE

#### 420.4.1 NON FIELD RELEASE

A subject arrested on a misdemeanor warrant with bail of \$15000.00 or greater will not be released in the field, but will be booked into county jail.

*Cite and Release Policy*

---

**420.4.2 DISQUALIFYING OFFENSES**

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Rape of a spouse (Penal Code § 262)
- (f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (g) Stalking (Penal Code § 646.9)
- (h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

**420.4.3 REASONS FOR NON-RELEASE**

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the [Department/ Office] and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
  - 1. The Palo Alto Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).

## *Cite and Release Policy*

---

- (e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).
- (f) The person could not provide satisfactory evidence of personal identification.
  - 1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:
  - (a) Previous failure to appear is on record
  - (b) The person lacks ties to the area, such as a residence, job, or family
  - (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Technical Services Division.

### 420.4.4 COUNTY SPECIFIC GUIDELINES FOR NON-RELEASE

### **420.5 MISDEMEANOR WARRANTS**

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.
- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.

*Cite and Release Policy*

---

- (e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
- (f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.
- (g) The person has other ineligible charges pending against him/her.
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

**420.5.1 COMMUNITY ALTERNATIVES TO INCARCERATION**

Santa Clara County Protocols, Section 11 - Juvenile Detention Reform Law Enforcement Policy For The Incarceration of Juveniles shall be utilized as a guideline regarding the disposition of youthful offenders. See Policy 324 - Juvenile Procedures for further details.

**420.5.2 COUNTY SPECIFIC GUIDELINES**

**420.6 REQUESTING CASE NUMBERS**

Most cases involving a criminal citation release will require a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code violations will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

# Reporting Police Activity Outside of Jurisdiction

## **426.1 PURPOSE AND SCOPE**

This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of the Palo Alto Police Department.

### **426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY**

When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Watch Commander. If the request is of an emergency nature, the officer shall notify the Communications Center before responding and thereafter notify a supervisor as soon as practical.

### **426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY**

## 428.3 VICTIMS AND WITNESSES

---

If an immigration agency operating in the City of Palo Alto calls for immediate officer safety assistance in a life-threatening situation, the on-duty Watch Commander will coordinate the appropriate number of resources to respond in order to keep the peace and preserve lives. Additionally, if a criminal investigation results from that agency's actions (such as the discharge of a firearm), the Palo Alto Police Department will have primary investigative responsibility, per the Santa Clara County Officer-Involved Incident Investigation Protocol, pertaining to the criminal investigation, until relieved by a higher authority.

#### **428.7 IMMIGRATION WARRANTS**

The Department recognizes that there exists the need to meet all deadly force threats with the most effective equipment possible. In keeping with the policy that officers must be prepared to act decisively to defend innocent lives, the Department has authorized the use of rifles by a specially trained group of officers. This group of officers shall be known as Designated Rifle Officers (DRO).

# Aircraft Accidents

## 434.1 PURPOSE AND SCOPE

The purpose of this policy is to provide [department/office] members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

### 434.1.1 DEFINITIONS

Definitions related to this policy include:

**Aircraft** - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

## 434.2 POLICY

It is the policy of the Palo Alto Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

## 434.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

## 434.4 AIRBORNE AIRCRAFT IN-FLIGHT EMERGENCY

### 434.4.1 PURPOSE AND SCOPE

It is the policy of this Department to make every reasonable effort to assist a wireless 911 caller reporting an in-flight emergency on an aircraft, and to notify the appropriate authorities of the circumstances. The need to act quickly is obvious; if there is a hijacking in progress, the federal and state authorities will need to take immediate action to mitigate or eliminate the threat posed by the in-flight emergency.

### *Aircraft Accidents*

---

Three things need to happen:

- (a) Identify the flight and direction of the aircraft;
- (b) Determine the nature of the emergency;
- (c) Notify the appropriate authorities

#### 434.4.2 PROCEDURE

If the City of Palo Alto Communications Center receives a call from a passenger or crewmember onboard an airborne aircraft, reporting a hijacking or other violent potential terrorist event, the call taker needs to secure as much information as possible. Simultaneously, federal authorities must be notified, so a second dispatcher needs to immediately notify NORAD, (phone number is in CAD phone files). The dispatcher should announce themselves as a 911 dispatcher. A separate notification should be made to the Transportation Security Administrative Services (TSA) at 703-563-3240.

The call taker should attempt to determine the following information:

- (a) The caller's name, seat number, cellular telephone number and if possible the home telephone number.
- (b) The flight information, including the name of the airline (United, Delta, etc.), the flight number, the departure City and the destination City.
- (c) The intent of the persons who have taken control of the aircraft or have interfered with the flight crew and if the suspects taken control of the cockpit?
- (d) If the aircraft is being used as a bomb/missile, does the caller know the possible target?
- (e) Stay on the phone with the caller as long as possible, use normal caller interrogation technique questions to keep them calm and to determine the number of suspects, descriptions, weapons, etc. Convey all known information to NORAD.
- (f) Continue with secondary questioning by having the caller be very specific with what has happened or is happening, including the number of persons involved; any indication of weapons (hand held or bombs); are there any individual hostages; has there been any violence?
- (g) Inform the caller that federal authorities have been notified. The dispatcher who has contacted NORAD should ask if they would like to conference into the call with the person on the aircraft. If you are going to conference the caller, let them know who they will be talking to at NORAD and why.
- (h) If the call is disconnected, make all efforts to re-contact them by telephone.
- (i) Keep NORAD, FAA and CALWAS informed of the current situation.

Another circumstance that would lead to using the NORAD number is the report of a suspicious airborne object. A suspicious airborne object would NOT include noise complaints about aircraft.

## *Aircraft Accidents*

---

Below is an outline of the information NORAD would need for both circumstances:

### **Airborne Object**

Name and Phone # of RP

Location of RP

Direction the object is flying

Altitude of the object

Speed of the object

Other descriptors

### **Aircraft Passenger Call**

Name and Phone # of RP

Airline the RP is on

Destination Airport

Departure Airport

Time departed

Flight Number

## **434.5 INJURIES AND CASUALTIES**

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

## **434.6 NOTIFICATIONS**

When an aircraft accident is reported to this [department/office], the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

## *Aircraft Accidents*

---

### **434.7 CONTROLLING ACCESS AND SCENE AUTHORITY**

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) [Medical Examiner/JOP].
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this [department/office] will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene [department/office] supervisor should ensure the accident is still appropriately investigated and documented.

### **434.8 DOCUMENTATION**

All aircraft accidents occurring within the City of Palo Alto shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of PAPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

#### **434.8.1 WRECKAGE**

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
  - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

## *Aircraft Accidents*

---

- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

### **434.8.2 WITNESSES**

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

### **434.9 DANGEROUS MATERIALS**

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

### **434.10 MEDIA RELATIONS**

The Press Information Officer ([PIO]) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The [PIO] should coordinate with other involved entities before the release of information.

# Obtaining Air Support

## 438.1 PURPOSE AND SCOPE

## 438.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

### 438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

### 438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

# Field Interviews & Photographing of Field Detainees

## 440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

## 440.2 DEFINITIONS

**Detention** - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

**Consensual Encounter** - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

**Field Interview** - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

**Field Photographs** - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

**Pat-Down Search** - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

**Reasonable Suspicion** - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

## 440.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

### *Field Interviews & Photographing of Field Detainees*

---

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

#### 440.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Palo Alto Police Department to strengthen our community involvement, community awareness and problem identification.

#### 440.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

## Policy Manual

### *Field Interviews & Photographing of Field Detainees*

---

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

#### **440.3.3 FIELD INTERVIEW CARDS**

It is the policy of the Palo Alto Police Department to record all information relevant to the identity of suspicious persons who have been interviewed and released by an officer in the field. The detention and recording of personal information of those persons deemed "suspicious" shall take place only when due consideration is given to legal statutes, case law, and individual rights.

A Field Interview Card (F.I. Card) shall be completed when an officer is not certain that the suspicious actions of the person being interviewed are legitimate. The following procedures shall be adhered to in the completion, review and retention of F.I. cards:

All completed F.I. cards shall be reviewed and, if acceptable, signed by a supervisor. Those field interview cards deemed to be unacceptable shall be destroyed. Approved F.I. cards shall be forwarded to the ISD Office Specialist for entry into the Department computer system.

F.I. cards shall be filed for a period of six months. All F.I. cards that are older than six months shall be destroyed by the ISD Office Specialist. The ISD Office Specialist shall also purge all information from the Department computer that is related to those F.I. cards which have been destroyed.

#### **440.4 PAT-DOWN SEARCHES**

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

*Field Interviews & Photographing of Field Detainees*

---

**440.5 FIELD PHOTOGRAPHS**

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

**440.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT**

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent to be photographed.

**440.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT**

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

**440.6 SUPERVISOR RESPONSIBILITY**

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

**440.7 DISPOSITION OF PHOTOGRAPHS**

All detainee photographs must be downloaded into the Digital Imaging Database. See Policy Manual § 711 for procedures.

**440.7.1 PURGING THE FIELD PHOTO FILE**

The Records Manager will be responsible for ensuring that photographs maintained by the Technical Services Division that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Palo Alto Police Department and the booking file remains in the Technical Services Division.

**440.8 PHOTO REVIEW POLICY**

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

**440.8.1 REVIEW PROCESS**

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her designee to discuss the matter.

After carefully considering the information available, the Chief of Police or designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Palo Alto Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Palo Alto Police Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original FI was not obtained in accordance with established law or Palo Alto Police Department policy, the original FI may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any involved Palo Alto Police Department personnel violated existing law or department policy, the Chief of Police or designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

The person photographed/FI'd will be informed in writing within 30 days of the Chief of Police's determination whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

# Criminal Organizations

## 442.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Palo Alto Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

### 442.1.1 DEFINITIONS

Definitions related to this policy include:

**Criminal intelligence system** - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

## 442.2 POLICY

The Palo Alto Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this [department/office] to collect and share relevant information while respecting the privacy and legal rights of the public.

## 442.3 CRIMINAL INTELLIGENCE SYSTEMS

No [department/office] member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for [department/office] use.

Any criminal intelligence system approved for [department/office] use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for [department/office] use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

### 442.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this [department/office], such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Technical

Services Division. Any supporting documentation for an entry shall be retained by the Technical Services Division in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Technical Services Division are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

#### 442.3.2 GANG DATABASES

The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database.

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate or affiliate in a shared gang database accessible by the [department/office], the basis for that designation and the name of the agency that made the designation. The [department/office] shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the [department/office]'s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Technical Services Division after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

## *Criminal Organizations*

---

It is the responsibility of the Technical Services Division supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

### **442.3.3 REPORT TO THE CALIFORNIA DEPARTMENT OF JUSTICE**

The Investigative Services Division Captain or the authorized designee shall ensure that the annual report of information submitted to a shared gang database as required by Penal Code § 186.34 is submitted to the California Department of Justice.

### **442.4 TEMPORARY INFORMATION FILE**

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the [department/office]-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

#### **442.4.1 FILE CONTENTS**

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible [department/office] supervisor.
- (b) Should not be originals that would ordinarily be retained by the Technical Services Division or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, the Communications Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

#### **442.4.2 FILE REVIEW AND PURGING**

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

## *Criminal Organizations*

---

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

### **442.5 INFORMATION RECOGNITION**

[Department/Office] members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

[Department/Office] supervisors who utilize an authorized criminal intelligence system should work with the Personnel and Training Lieutenant to train members to identify information that may be particularly relevant for inclusion.

### **442.6 RELEASE OF INFORMATION**

[Department/Office] members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to [department/office] members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

### **442.7 CRIMINAL STREET GANGS**

The Investigative Services supervisor should ensure that there are an appropriate number of [department/office] members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
  - 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
  - 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.

*Criminal Organizations*

---

3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

**442.8 TRAINING**

The Personnel and Training Lieutenant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

**442.9 POLICY ISSUE DATE**

Updated: 12-8-16

## Watch Commanders

### **444.1 PURPOSE AND SCOPE**

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

### **444.2 DESIGNATION AS ACTING WATCH COMMANDER**

When a Lieutenant is unavailable for duty as Watch Commander, a Sergeant shall be designated as acting Watch Commander. In rare occasions an Agent may be assigned as a Watch Commander. This shall be done with the approval of the Field Services Division Captain.

## Field-Based Video Policy

### 446.1 PURPOSE AND SCOPE

The Palo Alto Police Department has equipped officers with body-worn cameras to work in conjunction with the in-car camera recording system in patrol vehicles to provide a record of events and assist officers in the performance of their duties. The body-worn cameras and the in-car camera system will work as one integrated field-based video system that captures the same event and automatically links it to the Department's evidence library. The body-worn cameras may also be independently deployed for various non-patrol related assignments or when a police vehicle is not available to use as an integrated field-based video solution.

This policy provides guidance on the use of these systems.

#### 446.1.1 DEFINITIONS

Definitions related to this policy include:

**Activate** - Any process that causes the body-worn camera or the in-car camera recording system to transmit or store video or audio data in an active mode.

**Field-based video** – The recorded audio, images, and media collected from the body-worn camera and the in-car camera systems.

**Body-worn camera** – A wearable camera acting as a digital video recording system that captures, processes, and stores video and audio evidence that can be uploaded to an evidence library for evidence management. The body-worn camera is a component of the Department's field-based video system.

**In-car camera system and Mobile Audio/Video (MAV) system**- Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor. The in-car camera system is a component of the Department's field-based video system.

**Field-based video technician** - Personnel certified or trained in the operational use and repair of the Vista body-worn camera or MAV system, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

**Recorded media** - Audio-video signals recorded or digitally stored on a storage medium or portable media.

### 446.2 POLICY

It is the policy of the Palo Alto Police Department to use the body-worn camera in conjunction with the in-car camera system to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

*Field-Based Video Policy*

---

**446.3 OFFICER RESPONSIBILITIES**

The body-worn camera and the in-car camera system are different components of the field-based video system and each must be logged onto separately in order for the media from an event to be linked to the Department's evidence library. The use of these systems is mandatory for sworn Field Services Division personnel as outlined in this policy.

**446.3.1 REQUIRED PROCEDURES FOR LOGGING ON AND SYNCING THE FIELD-BASED VIDEO SYSTEMS**

Body-worn camera:

- (a) Officers will log onto a designated computer and complete the checkout process for being assigned a body-worn camera unit.
- (b) If an officer is not syncing a body-worn camera unit to a police vehicle, the officer will verify that the recording, stop, and classification functions are working properly. To initiate a video recording using the body-worn camera, the officer must press the "Start/Stop Record" button on the front of the body-worn camera unit. When the Start/Stop Record button is pressed a red LED will be illuminated on the device to show active recording status. To stop the recording, the officer must press the same button (Start/Stop Record button) twice. After the first press of the button, the officer will be prompted by the device to stop the recording. A second press of the button is required to confirm and stop the recording.
- (c) The recording then needs to be classified by a category selection. The available event categories mimic those found within the in car video system. The officer must toggle through the categories using the button on the side of the device (Display Backlight Button) until the desired category is reached and then hold the side button for 2 seconds to select and saved the event under that category. The LCD screen on the top of the device will confirm the event was saved by displaying the word SAVED on the screen.
- (d) Officers will not be able to review audio/video from the body-worn camera unit after verifying that the recording, stop, and classification functions are working properly, but should ensure the unit's red LED light is illuminated after activation to confirm the unit is recording.
- (e) Officers using a body-worn camera in conjunction with the in-car camera system will sync their assigned body-worn camera unit to their police vehicle by placing it in the vehicle's docking station and allowing the sync process to be completed. This should take between 15-20 seconds and officers should see the LED lights on the cradle and body-worn camera unit flash several times during the process. Once the body-worn camera unit is synced to the police vehicle, officers will then sign onto the in-car system as detailed below.
- (f) The supervisor will ensure Technical Services Division staff is notified of any system malfunction that requires repair or maintenance.
- (g) Body-worn camera recordings containing arrests, assaults, physical or verbal confrontations, vehicle pursuits, vehicle searches in which contraband is recovered,

## *Field-Based Video Policy*

---

driving while intoxicated or under the influence arrests, or any prisoner transport shall be treated as evidence and held for use in criminal prosecution.

### In-car camera system:

- (a) When using a police vehicle equipped with the in-car camera system, each officer shall sign onto the in-car camera system by selecting their name from the drop down menu on the system. Prior to going into service, each officer will ensure that the equipment is functioning properly.
- (b) Required procedures include checking the power source, checking connections to the recording equipment AND checking that the system is recording both audio and visual information (including a remote activation test).
- (c) Any identified malfunction of the in-car camera system shall be reported immediately to a supervisor. If a vehicle is kept in service without an operational in-car camera system, a notation shall be made to Dispatch via radio transmission.
- (d) The supervisor will ensure that Technical Services Division staff is notified of any system malfunction that requires repair or maintenance.
- (e) The officer may view in-car camera recordings in the field during their shift in accordance with section 446.5 of this policy.
- (f) In cases where the officer desires to have a particular recording flagged with a case number, after it has been uploaded, the officer shall notify the authorized Department personnel to mark the video recording for retention, and authorized Department personnel will mark the recording to be held.
- (g) In-car camera recordings containing arrests, assaults, physical or verbal confrontations, vehicle pursuits, vehicle searches in which contraband is recovered, driving while intoxicated or under the influence arrests, or any prisoner transport shall be treated as evidence and held for use in criminal prosecution.

Officers shall utilize these procedures for signing onto the in-car camera system whether or not they are utilizing the body-worn camera unit since each component of the field-based system must be logged onto independently. Once the body-worn camera unit has been synched with the in-car camera system, officers will ensure both systems are synched by initiating a test recording on either the in-car camera system or from the body-worn camera unit.

### **446.4 ACTIVATION OF THE FIELD-BASED VIDEO SYSTEMS**

(a) The in-car camera system remains on until turned off manually while the ignition is on. Turning off the ignition will initiate the system's shutdown 30 minute timer which will have to be bypassed if a longer recording is desired with the ignition off. The body-worn cameras are on from the time the device is checked out, maintaining a 30 second recording loop, unless manually turned off by the officer.

(b) Events are recorded on the body-worn camera and the in-car camera system automatically under the following circumstances:

- Manual activation of the body-worn camera by the officer.

### *Field-Based Video Policy*

---

- Manual activation of the in-car system from the vehicle's console.
- The patrol vehicle's emergency lights (position #2 or #3), siren, or PA (public address system) are activated.
- The rear door of a K9 vehicle is opened.
- The rear door of a patrol vehicle is opened.
- The crash indicator is activated.
- The patrol vehicle attains a speed of 80 MPH.

(c) Unless otherwise required, the body-worn camera unit will act as the field-based video system's microphone.

(d) The body-worn camera and in-car camera system have pre-event recording capabilities and will record events prior to manual or automatic activation into a memory buffer. 30 seconds of video only pre-event recording is saved upon activation of either of the systems. Additional "after the fact" video only is available from the in-car system's hard drive. It is available for retrieval until overwritten.

(e) The in-car microphone is automatically activated when a recording is activated.

#### 446.4.1 REQUIRED ACTIVATION OF THE FIELD-BASED VIDEO SYSTEMS

This policy is not intended to describe every possible situation in which the body-worn camera and the in-car camera system may be used, although there are many situations where their use is appropriate. The safety of officers and members of the public is the highest priority, and the Department acknowledges there may be situations in which the operation of the field-based video system is impractical or may be an impediment to public and officer safety. Additionally, the Department recognizes human performance limitations during particularly stressful, critical situations. Officers are not required to advise or obtain consent to utilize the field-based video system from a private person when in a public place or in a location where there is an expectation of privacy, but the officer is lawfully present.

Officers shall make every reasonable effort to activate the field-based video system during all law enforcement contacts. Law enforcement contacts may include, but are not limited to, any enforcement or investigative activity, vehicle or pedestrian stops, consensual encounters, citizen flag downs, searches, taking or attempting to take a person into custody, use of force incidents, citation issuance, and any dispatched or self-initiated call for service. An officer may also activate the field-based video system anytime the officer believes it would be appropriate or valuable to document an incident.

In instances when the field-based video system is not automatically activated, officers shall activate their body-worn camera and/or the in-car camera system prior to arriving to a call for service, or as soon as possible if the officer has self-initiated the call, to preclude arriving on scene and being unable to activate the system.

### *Field-Based Video Policy*

---

In circumstances in which the officer is only utilizing the in-car camera system, it may not be possible to capture images of the incident due to conditions or the location of the vehicle's camera. However, the audio portion of an event can be valuable evidence and is subject to the same activation requirements as the field-based video system. Officers shall ensure they are utilizing the audio mic specifically synched to the in-car camera system to capture any audio in this circumstance.

#### 446.4.2 CESSATION OF RECORDING

Once activated, the body-worn camera and in-car camera system should remain on until the incident no longer holds evidentiary or investigative value. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Once the officer determines an incident no longer holds evidentiary or investigative value, the officer shall make a verbal announcement indicating the incident has concluded prior to deactivating the body-worn camera and/or the in car camera system.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

Officers will also have discretion to stop a recording to protect the anonymity of an informant, confidential source, or undercover officer or if it becomes necessary to discuss operational or tactical issues of a confidential nature occurring in the field with a supervisor or another officer.

Under these circumstances, the officer will verbally note the reason for terminating the recording prior to stopping the recording. If the incident still holds evidentiary or investigative value once the officer has concluded a confidential conversation as described above, the officer will re-activate the field-based video system until the recording no longer hold evidentiary or investigative value.

If the in-car camera system is activated, it must be stopped from the vehicle's console. Once the recording is stopped, the officer is required to select the appropriate classification for the event.

If the incident or Designated Report (DR) number is known at this time, the officer is required to enter that number. If the vehicle is synched with a body-worn camera and the unit is in range, the body-worn camera video will be stopped when the in-car camera is stopped. If the body-worn camera unit is out of range or is not synched with the in-car camera system, the completed recording must be stopped and classified using the body-worn camera unit.

#### 446.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the body-worn camera and in-car camera system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department.

### *Field-Based Video Policy*

---

#### **446.4.4 SUPERVISOR RESPONSIBILITIES**

Supervisors should determine if officers with non-functioning body-worn cameras or vehicles with non-functioning in-car camera systems should go into service or switch to an alternate vehicle or body-worn camera. If the non-functioning cameras are placed into service, the appropriate documentation should be made, including notification of the Communications Center and the field-based video technician

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Videos are marked as required.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, field-based video technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the in-car camera system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the in-car camera system for the purpose of monitoring the conversations or actions of an officer. Any time remote viewing is activated, a visual indicator will appear on the in-car video screen and the supervisor who initiated the activation will direct dispatch to notify all units that remote viewing is in progress.

#### **446.5 REVIEW OF FIELD-BASED RECORDINGS**

All recording media, recorded images and audio recordings are the property of the Department. Unauthorized review and/or dissemination are strictly prohibited.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department field-based video technician or forensic media staff. A copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media. The original media is stored and maintained on the Department's server.

Recordings may be reviewed in any of the following situations:

- (a) By the officer in preparation of a written report or a follow-up investigation
- (b) By a supervisor or manager investigating a specific act of officer conduct or to mitigate a citizen complaint or inquiry
- (c) By a supervisor or manager for purposes of improving officer performance based on an articulable training issue

### *Field-Based Video Policy*

---

- (d) By a Department employee after approval of a manager who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (e) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment or court purposes
- (f) By authorized personnel (e.g. District Attorney, supervisor, manager) during discovery/court process. Recordings must be accessed through the proper process (Penal Code 1054.5 - discovery or court order)
- (g) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the Chief of Police to determine if the training value outweighs the officer's objection for not showing the recording. Recordings shown for training purposes will be presented in a fair and unbiased manner.
- (h) In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee or member of the public.

In the event of an Officer-Involved Incident as defined in the Santa Clara County Chiefs' Officer-Involved Incident Guidelines the initial interview of an Involved Officer should occur before the officer has reviewed any audio/video recordings of the incident. An Involved Officer will have an opportunity to review recordings after the initial statement has been taken and after having been admonished per the Officer-Involved Incident Guidelines.

When recordings are administratively reviewed, minor policy infractions, not criminal in nature, discovered as a consequence of an unrelated viewing of the recording shall be addressed as a training opportunity and will not be utilized to initiate disciplinary action unless the policy infraction at issue has been documented as a reoccurring performance issue for the officer in question.

The field-based video systems are configured with high quality audio and have the capability to capture a significant amount of video and audio when in operation, however, the systems are limited in the scope of their audio and visual capabilities. An individual officer's experience may not include everything captured by the system. Similarly, the field based video systems may not capture everything by the officer.

#### **446.6 DOCUMENTING FIELD-BASED VIDEO USE**

- (a) If any incident is recorded with either the body-worn camera or the in-car camera system, the existence of that recording shall be documented in the officer's report.
- (b) If a citation is issued, the officer shall make a notation on the back of the officer's copy of the citation, indicating that the incident was recorded.
- (c) In the event of accidental recording, the officer shall submit a request to the field-based video technician for the deletion of the accidentally recorded data.

*Field-Based Video Policy*

---

**446.7 RECORDING MEDIA STORAGE AND INTEGRITY**

All field-based recordings will be retained in accordance with the established records retention schedule. (Government Code § 34090.6).

Only the field-based video technician or authorized designee may erase video or reissue media that has been previously recorded. Officers shall not erase, alter, reuse, modify or tamper with video from any of the field-based video recording systems, including, but not limited to the in-car camera system and the body-worn camera unit.

**446.7.1 COPIES OF ORIGINAL RECORDING MEDIA**

A copy of the original recording media will be made for use as authorized in this policy.

**446.7.2 FIELD-BASED RECORDING AS EVIDENCE**

Officers who reasonably believe that a field-based video recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Palo Alto Police Department should indicate this in an appropriate report. Officers shall ensure relevant recordings are preserved.

**446.8 SYSTEM OPERATIONAL STANDARDS**

- (a) The in-car camera system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The body-worn camera and the in-car camera system shall be configured to record for 30 seconds prior to an event.
- (c) The body-worn camera and the in-car camera system shall not be configured to record audio data occurring prior to activation.

**446.9 FIELD-BASED VIDEO CUSTODIAN RESPONSIBILITIES**

- (a) The Technical Services Division (TSD) has overall responsibility for the field-based video system and shall serve as custodian of these records
- (b) All Police field-based video recordings, excepting test recordings or accidental activations, shall be retained in accordance with California Government Code (CGC) §34090 and CGC §34090.6 for a period of not less than one year.
- (c) Release of field-based video recordings shall be conducted in accordance with Penal Code §1054.5 (discovery requests for criminal prosecution), CGC §6250 (California Public Records Act) and in accordance with Policy Manual §810 (Release of Records and Information).
- (d) All retrieved field-based video recordings will be uploaded into the field-based video server within the same day as the recording unless hindered by equipment or network malfunction or availability.

## *Field-Based Video Policy*

---

- (e) Routine and evidentiary field-based video recordings on the server are backed up daily on a redundant server so that recordings are accessible online by officers for a period of not less than 365 days from the date of recording.
- (f) All routine requests by authorized department personnel for online access to field-based video recordings for court preparation or other official business, outside of the normal online access period will be handled within 2-3 business days of the request.
- (g) If an emergency need to access these recordings is required, the Technical Services Division on-call Technician can be contacted for immediate restoration and access.
- (h) The field-based video custodian or their designee shall be responsible for the retrieval, storage, backup and duplication of all field-based video recordings in addition to the ongoing maintenance of the systems and association components.
- (i) All field-based video recordings will be retained in accordance with the established records retention schedule (Government Code 34090.6).
- (j) Field-based video recordings will be stored on a separate and secure server.

### **446.10 TRAINING**

All members who are authorized to use the body-worn camera or the in-car camera system shall successfully complete an approved course of instruction prior to its use.

# Mobile Data Computer Use

## 448.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

## 448.2 POLICY

Palo Alto Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

## 448.3 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

### 448.3.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

### *Mobile Data Computer Use*

---

#### **448.4 PRIVACY EXPECTATION**

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

#### **448.5 DOCUMENTATION OF ACTIVITY**

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

##### **448.5.1 STATUS CHANGES**

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC.

##### **448.5.2 EMERGENCY ACTIVATION**

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

#### **448.6 EQUIPMENT CONSIDERATIONS**

##### **448.6.1 MALFUNCTIONING MDC**

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Communications Center. It shall be the responsibility of the [dispatcher to document all information that will then be transmitted verbally over the police radio.

### *Mobile Data Computer Use*

---

#### **448.6.2 BOMB CALLS**

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

# Use of Audio Recorders

## 450.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties.

This policy does not apply to surreptitious interception of electronic communications for lawful authorized investigative purposes or to mobile audio video recordings (see the Mobile Audio Video Policy).

## 450.2 POLICY

The Palo Alto Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

Santa Clara County Protocols Section 13 - Recording of Violent Suspect Statement Protocol shall be utilized as a guideline during the custodial interrogation of a violent felony suspect. Personnel are required to read and follow Santa Clara County Protocols, Section 13 - Recording of Violent Suspect Statement Protocol.

## 450.3 PRIVACY

All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private, regardless of whether those recordings were made with department-issued or personally owned recorders.

## 450.4 MEMBER RESPONSIBILITIES

The Digital Audio Recorder (DAR) is turned on and off manually. Personnel using DAR equipment must be familiar with the activation and operation of the device in order to comply with the obligations of this section.

Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, however Penal Code § 633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

- (a) No member of this department may surreptitiously record a conversation of any other member of this department without the expressed knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code § 3303(g).
- (b) Any member of this department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation.

### *Use of Audio Recorders*

---

1. For the purpose of this policy, any officer contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other employees conducted solely for administrative purposes.
  2. For the purpose of this policy, it shall further be presumed that any individual contacted by a uniformed officer wearing a conspicuously mounted audio recorder will have knowledge that such a contact is being recorded.
- (c) Members of the Department are encouraged to activate their recorders at any time that the officer reasonably believes that a recording of an on-duty contact with a member of the public may be of future benefit.
1. At no time should an officer jeopardize his/her safety in order to activate a recorder or change the recording media.
  2. Officers are prohibited from utilizing department recorders and recording media for personal use.
  3. Since Penal Code §633 only allows officers who are conducting a criminal investigation to surreptitiously records subjects, officers who are audio recording subjects outside of any potential criminal investigation and in which the subject has an expectation of privacy, the officer shall inform the individual of his/her intent to record the conversation.
- Once the DAR is activated, it shall remain on and shall not be turned off until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all citations have been issued, all arrests have been made, all arrestees have been removed from the scene or situation, and victims, witnesses, etc have been interviewed. Recording may cease if an officer is simply waiting for a tow truck to arrive or other similar situations.
- (d) Any incident that was recorded by DAR shall be documented in the officer's report. If a citation was issued or a field interview card was completed, the officer shall note on the back of the records copy that the incident was recorded.

#### **450.5 ACTIVATION OF THE AUDIO RECORDER**

Members should activate the recorder at any time the member reasonably believes that a recording of an on-duty contact may be useful. Once started, recordings should continue without interruption until the contact ends, if feasible.

At no time is a member expected to jeopardize his/her safety in order to activate a recorder or change the recording media. However, the recorder should be activated in required situations as soon as practicable.

### *Use of Audio Recorders*

---

#### **450.5.1 SURREPTITIOUS USE OF THE AUDIO RECORDER**

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.

#### **450.6 PROHIBITED USE OF PORTABLE RECORDERS**

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment or ridicule.

Any member who may have questions regarding the application of this policy is encouraged to seek clarification from supervisory personnel.

#### **450.7 RETENTION OF RECORDINGS**

Any time a member records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and download the file in accordance with the Computers and Digital Evidence Policy and document the existence of the recording in the related case report.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

Members should upload the file, in accordance with current procedure for storing digital files, at the end of their shift and any time the storage capacity is nearing its limit.

#### **450.8 RELEASE OF RECORDINGS**

Recordings made using portable recording devices pursuant to this policy are department records and may only be released as provided in the Release of Records and Information Policy or for other authorized legitimate department business purposes.

### *Use of Audio Recorders*

---

#### **450.9 REVIEW OF RECORDED MEDIA FILES**

When preparing written reports, members should review their recordings as a resource. However, members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, reports of meritorious conduct or whenever such recordings would be beneficial in improving the officer's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) In compliance with a public records request, if permitted, and in accordance with the Release of Records and Information Policy.

# Medical Marijuana

## 452.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this [department/office] with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

### 452.1.1 DEFINITIONS

Definitions related to this policy include:

**Cardholder** - A person issued a current identification card.

**Compassionate Use Act (CUA)** (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

**Identification card** - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

**Medical marijuana** - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

**Medical Marijuana Program (MMP)** (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

**Patient** - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

**Primary caregiver** - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

**Statutory amount** - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

## *Medical Marijuana*

---

### **452.2 POLICY**

It is the policy of the Palo Alto Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Palo Alto Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

### **452.3 INVESTIGATION**

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

#### **452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM**

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

#### **452.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER**

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

## *Medical Marijuana*

---

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

### 452.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

### 452.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
  - 1. The suspect has been identified and can be easily located at a later time.
  - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
  - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

*Medical Marijuana*

---

4. Other relevant factors, such as available [department/office] resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
  1. The amount of marijuana recommended by a medical professional to be ingested.
  2. The quality of the marijuana.
  3. The method of ingestion (e.g., smoking, eating, nebulizer).
  4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
  5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

**452.3.5 EXCEPTIONS**

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):
  1. In any place where smoking is prohibited by law.
  2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
  3. On a school bus.
  4. While in a motor vehicle that is being operated.
  5. While operating a boat.

### *Medical Marijuana*

---

- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

#### **452.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE**

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

#### **452.4 FEDERAL LAW ENFORCEMENT**

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

#### **452.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES**

The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigative Services supervisor.

# Bicycle Patrol Program

## 454.1 PURPOSE AND SCOPE

The purpose of this policy is to establish working guidelines for the implementation, operation and maintenance of a uniformed bicycle patrol program. The goals of the Department Bicycle Patrol Program are to:

- (a) Enhance prevention of crime and apprehension of criminals in the City of Palo Alto;
- (b) Improve one-on-one citizen contact particularly in business districts;
- (c) Conduct bicycle safety programs in the City of Palo Alto;
- (d) Assist with crowd control at special events or functions within the City.

## 454.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

### 454.2.1 ASSIGNMENTS

## Foot Pursuits

### 458.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

### 458.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) [REDACTED]
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

*Foot Pursuits*

---

**458.3 GENERAL GUIDELINES**

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) [REDACTED]
- (c) [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]
- (d) [REDACTED]
- (e) [REDACTED]  
[REDACTED]
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the [dispatcher or with assisting or backup officers.
- (h) [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

*Foot Pursuits*

---

**458.4 RESPONSIBILITIES IN FOOT PURSUITS**

**458.4.1 INITIATING OFFICER RESPONSIBILITIES**

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the [dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

**458.4.2 ASSISTING OFFICER RESPONSIBILITIES**

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

**458.4.3 SUPERVISOR RESPONSIBILITIES**

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

### *Foot Pursuits*

---

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

#### **458.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES**

Upon notification or becoming aware that a foot pursuit is in progress, the [dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

#### **458.5 REPORTING**

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.
  - 1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy.
- (e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

#### **458.6 POLICY**

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

# Global Positioning System

## 459.1 PURPOSE AND SCOPE

Global Positioning System (GPS) technology is embedded in many devices utilized by the Police Department including Mobile Data Computers (MDC), phones and citation machines. The technology is an asset to officer safety and can greatly assist officers with their response to calls as well as provide accurate location data. The GPS functionality in the MDCs provides Automatic Vehicle Location (AVL) which maps in the Computer Aided Dispatch System (CAD).

## 459.2 PROCEDURE

All personnel, when using a device equipped with GPS technology, shall adhere to the following procedure:

- (a) If applicable, initiate the GPS technology.
- (b) Keep program properly operational throughout the entire shift.

## 459.3 TRAINING

All field personnel will be trained in the use of GPS technology, including how to recognize if the program is working properly and basic troubleshooting techniques that will rectify most problems. The training will be conducted by Department-authorized personnel.

## 459.4 RECORD KEEPING

Historical data is automatically logged and archived by many of these systems including but not limited to CAD and the parking citation application. Supervisors and Managers will not randomly access historical data unless it is necessary to locate an employee who is not responding, to locate missing equipment, or if such access is necessary in the course of an administrative inquiry or investigation.

## 459.5 REPORTING GPS PROBLEMS

If the GPS program does not operate properly, personnel should reboot the system as trained. If that does not solve the problem, they are required to immediately notify their supervisor. If the supervisor cannot rectify the problem, the field unit or supervisor shall send an e-mail message to the Helpdesk before the end of the shift describing the problem and requesting that it be fixed.

The supervisor, at their discretion, may require the field unit to use another vehicle or device. If the field unit goes into service without working GPS technology, they shall advise Communications verbally using the police radio.

## Automated License Plate Readers (ALPRs)

### 462.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

### 462.2 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. [Department/Office] members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this [department/office] shall operate ALPR equipment or access ALPR data without first completing [department/office]-approved training.
- (e) No ALPR operator may access [department/office], state or federal data unless otherwise authorized to do so.
- (f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

### 462.3 DATA COLLECTION AND RETENTION

The Administrative Services Division Captain is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with [department/office] procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

*Automated License Plate Readers (ALPRs)*

---

**462.4 ACCOUNTABILITY**

All data will be closely safeguarded and protected by both procedural and technological means. The Palo Alto Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or [department/office]-related civil or administrative action.
- (c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

**462.5 POLICY**

The policy of the Palo Alto Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this [department/office]. Because such data may contain confidential information, it is not open to public review.

**462.6 RELEASING ALPR DATA**

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
  - 1. The name of the agency.
  - 2. The name of the person requesting.
  - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the Administrative Services Division Captain or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

#### **462.7 TRAINING**

# Terrorism Liaison Officer

## 471.1 PURPOSE AND SCOPE

The 9-11 Commission Report was chartered to prepare a full and complete account of the circumstances surrounding the September 11, 2001 terrorist attacks, including preparedness for and the immediate response to the attacks. The Commission was also mandated to provide recommendations designed to guard against future attacks. As a result of the investigation, it was recognized that prior to the attacks the US Government had vast amounts of information and intelligence but weak systems to process and use it. Nationally, networks of intelligence fusion centers have been created to serve as a central hub to collect, analyze, and disseminate information regarding threats. Fusion centers are multi-disciplined task forces with representatives from law enforcement, the fire service, public health and the private sector. The fusion center serving the City of Palo Alto is the Northern California Regional Intelligence Center (NCRIC).

The role of the law enforcement and fire service community in relation to the fusion center is to maintain a two-way sharing of information both in receiving threat related information as well as reporting information that may portend a criminal and/or terrorist threat. The purpose of this policy is to establish a process for intelligence sharing between the Palo Alto Police Department and the Northern California Regional Intelligence Center (NCRIC) as well as insuring that the privacy concerns and civil rights of the public are well protected.

## 471.2 POLICY

It shall be the policy of the Palo Alto Police Department to disseminate intelligence received throughout the organization on a need to know basis. Information which is disseminated is confidential and shall not be shared with the media, the public or anyone who is not an authorized, direct recipient. It shall be the policy of the Palo Alto Police Department to report information, activities or observations which are suspicious in nature to NCRIC through the Terrorism Liaison Officers (TLO) and TLO-Coordinator, absent exigent circumstances. When Palo Alto Police Department employees discover information they believe may be indicative of terrorist activity, it is the policy of the Department that all such information will be scrutinized and balanced against the individual's right to privacy, applicable laws, and the Constitution.

Nothing in this policy should be construed as suggesting that any law, such as those related to search and seizure, may not apply when it comes to an incident that might be terrorism related.

To the contrary, it is the policy of this agency that its employees will not use factors such as race, religious affiliation, and social or political views as the sole basis for determining if a matter qualifies as possible terrorism activity.

Employees will neither collect nor report information to other agencies regarding an individual's religious activities, political views, social agendas, or other non-criminal activity. The exception will be when those factors have bearing on other articulated facts that suggest terrorist or criminal

### *Terrorism Liaison Officer*

---

behavior. Any files kept by the Palo Alto Police Department on individuals or organizations will be kept in accordance with 28 Code of Federal Regulations Part 23 and Palo Alto Police Department Policy 810 (Records Maintenance and Release) and 812 (Protected Information). Any suspicious incident should be documented in a Palo Alto Police report under the appropriate heading. The Department is committed to working with its local, state, and Federal partners on matters of terrorism while working within the bounds of California state law and applicable privacy protections.

#### **471.3 DEFINITIONS**

**Terrorism:** The unlawful use or threatened use of force or violence against individuals or property in an attempt to coerce or intimidate governments or societies to achieve political, religious, or ideological objectives.

**Fusion Center:** a collaborative effort of two or more agencies that provide resources, expertise and/or information with the goal of maximizing the ability to detect, prevent, apprehend and respond to criminal and terrorist activity.

**Intelligence:** Information with a limited inherent meaning that is assessed for validity and reliability and further reviewed for relevance to a threat or investigation thereby giving it meaning.

**NCRIC:** The Northern California Regional Intelligence Center, based in San Francisco, is one of four California fusion centers.

**Suspicious in nature:** An action, response, person, possession or threat which is unusual and may portend a criminal or terrorist motive.

**Right/Need to know:** Requested information is pertinent and necessary to the requestor agency in initiating, furthering, or completing an investigation. Requestor has official capacity and statutory authority to the information being sought.

**Terrorism Liaison Officer (TLO):** A sworn Peace Officer, crime analyst, or other specially selected Department employee who has attended a POST certified TLO Basic course and has been trained in terrorist tactics and strategies. Other City employees may also be certified as TLOs and should coordinate their reporting and activities with the Palo Alto TLO-C. In particular, the City's Office of Emergency Services (OES) has a number of TLOs and routinely works with multiple other agencies for regional counter terrorism planning, including the NCRIC.

#### **471.4 ROLES AND RESPONSIBILITIES**

**Terrorism Liaison Officer (TLO):** Shall be responsible for the dissemination of information received and the reporting of information as approved by the TLO-Coordinator. TLOs will also serve as a

### *Terrorism Liaison Officer*

subject matter expert within the agency, available to assist other employees in determining what constitutes suspicious activity.

Terrorism Liaison Officer Coordinator (TLO-C): A designated supervisor who shall coordinate and oversee the collection, documentation and dissemination of information from the TLOs to ensure policy is followed and that information is shared with the appropriate divisions including investigations and Command Staff as appropriate. The TLO-C will ensure that information is shared with other employees that is relevant and in accordance with policy. Subject to the discretion of management, this position should be filled by the Investigative Services Property Crimes Supervisor. The TLO-C will have the primary responsibility to work with OES and other City staff (including other departments' TLOs to provide ongoing coordination and training.

Terrorism Liaison Officer Manager: a designated manager who shall provide oversight of the TLO program and provide a means for reporting information to the management group and executive management team as necessary.

Palo Alto Police Department Employees: Relative to intelligence, it shall be the responsibility of the department personnel throughout all divisions to be cognizant that they play a vital role in reducing crime and terrorism by reporting information that may prove actionable to the TLOs or TLO-C.

Certification and Training : Department employees interested in becoming a TLO must attend a POST certified TLO Basic Course. The TLO-C will participate in terrorism-related regional training and meetings and will provide on-going training to Department personnel and other City departments' TLOs as appropriate.

## **471.5 PROCEDURES**

### Threat Warnings:

Successful terrorist attacks have followed an established pattern with three identifiable phases:

- (a) Research and Reconnaissance
- (b) Planning
- (c) Execution

The purpose for sharing information is to identify and disrupt terrorist activities before they reach the execution phase. Given that local law enforcement and fire personnel may be the first to encounter terrorist activity at any phase, it is vital that they be equipped with current information regarding terrorist and criminal activity, networks and patterns. The NCRIC and other Fusion Centers will disseminate information concerning terrorist and criminal activity to local jurisdictions via authorized TLOs. The Department's TLOs will be responsible for disseminating

### *Terrorism Liaison Officer*

---

that information to the rest of the Department as appropriate after receiving approval from the TLO-C or the TLO Manager. The information shared, including information deemed “Unclassified//For Official Use Only” shall not be discarded in the trash, given to the media or posted or placed on uncontrolled websites. Any questions regarding the dissemination of information shall be referred to the TLOs.

#### **471.6 FIELD OPERATIONS**

Department personnel observing activities, actions, persons, transactions, equipment, paraphernalia or propaganda, which in their opinion is suspicious in nature and may have a terrorism nexus should report it to a Palo Alto Police Department TLO or TLO-C within a timely basis. Examples of suspicious and actionable information may include, but are not limited to:

Suspicious fire, jihadist materials, chemical stockpiles, shadow business occupancies, burns from chemicals, theft of official vehicles, radiation burns, theft of uniforms/equipment, explosions, smuggling operations, targeted vandalism, detailed plans of critical infrastructure, violent anti-government propaganda, illogical explanation of injuries,, surveillance activities and defensive/evasive communication and possibly hate related crimes.

Since there may be a justifiable and legitimate explanation for each of these activities, none of these observations independently signify that the subject(s) are involved in terrorism related activity. However, the information may be part of a larger set of indicators pointing to a terrorism nexus. Generally, after being notified of suspicious activity, a Palo Alto Police Department TLO will notify the TLO-C who will approve further reporting to the NCRIC if applicable. The TLO-C will ensure the ISD Manager, OES, and any other pertinent staff are alerted to the situation if warranted. Depending on the nature of the information observed, a field investigation may be warranted. Any field investigation will be coordinated through NCRIC and the Palo Alto Police Department. Absent exigent circumstances, no member of this Department should report a situation possibly related to terrorist activity to the fusion center or the FBI without approval from the TLO-C.

## **Chapter 5 - Traffic Operations**

# Traffic Function and Responsibility

## 500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

## 500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Palo Alto Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

## 500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

## *Traffic Function and Responsibility*

---

### 500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

### 500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

### 500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

## **500.4 SUSPENDED OR REVOKED DRIVERS LICENSES**

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

## **500.5 HIGH-VISIBILITY VESTS**

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

### *Traffic Function and Responsibility*

---

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

#### **500.5.1 REQUIRED USE**

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

#### **500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS**

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Personnel and Training Lieutenant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

# Traffic Motorcycle Units

## 501.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and responsibilities for those members of the Palo Alto Police Department Traffic Division assigned as Traffic Motorcycle Officers.

### 501.1.1 ENFORCEMENT

Citations shall be issued in accordance with Policy Manual §500.3. In accordance with the Palo Alto Police Department's Community Policing philosophy, motor officers may work with specific community groups, individuals, outside agencies and other City divisions to identify problem traffic locations and problems. Motor officers will seek to find long term solutions to these problems. Specialized enforcement may be a component of these community policing solutions.

### 501.1.2 FREEWAYS

Unless directed by a supervisor, motorcycle officers are discouraged from routinely patrolling freeways for the purpose of taking enforcement action.

## 501.2 TRAINING

All personnel selected for a motorcycle assignment must successfully pass a Department approved pre-training program, graduate from a POST certified motorcycle academy, pass a Department approved field training program, and continually display the ability to safely operate a police motorcycle. Additionally, motorcycle officers must possess a valid class M driver's license throughout the duration of their assignment.

The traffic team supervisor is responsible for ensuring that all motorcycle officers complete eight hours of quarterly training.

Failure to meet the performance standards or any of the aforementioned training will result, at the discretion of the Field Services Division Captain, remedial training and/or reassignment within the Traffic Division or the Patrol Division.

The traffic team supervisor will ensure that all pre-training, FTO training, and quarterly training is documented and that all training forms are submitted to the Personnel and Training Unit.

### 501.2.1 RECERTIFICATION

Personnel that have left the motorcycle program for less than three years, will be evaluated by a POST certified motorcycle instructor and will be required to successfully pass a training plan authorized by the Field Services Division Captain. Personnel that have left the motorcycle program for a period greater than three years may be required to successfully complete the entire training program prior to re-assignment to the motor unit.

### 501.2.2 SAFETY

Traffic officers will not operate a motorcycle without properly wearing an authorized helmet, high-top boots, gloves, non-mirrored sunglasses, and an authorized uniform.

### *Traffic Motorcycle Units*

---

Motorcycle officers will not routinely drive on sidewalks or on unpaved surfaces unless required at a special event, during authorized training or unless directed by a traffic supervisor for a specific purpose and time period. Traffic officers may stop or park in red zones and other restricted areas while monitoring roadways for traffic violations if they do not create an unreasonable risk for the safety of the officer or the public.

#### **501.3 UPKEEP AND MAINTENANCE**

In accordance with the guidelines of the Federal Fair Labor and Standards Act (FLSA); the Traffic Division Supervisor shall insure that each officer assigned a motorcycle is provided ample time on duty weekly to maintain his/her motorcycle in a clean, serviceable condition. Such on duty cleaning and maintenance time may be provided at the beginning or end of the shift at the discretion of the Traffic Division Supervisor. Overtime is not authorized for the maintenance and upkeep of motorcycles without prior supervisory approval in accordance with Policy Manual §1038.

##### **501.3.1 RESPONSIBILITIES**

Each motorcycle officer is responsible for:

- (a) Daily check of tire wear and proper tire inflation;
- (b) Daily checks of lighting and emergency systems;
- (c) Adequate lubrication and routine servicing;
- (d) Weekly check of proper oil level in the transmission and oil reservoir;
- (e) Weekly cleaning of the motorcycle while on-duty;
- (f) Immediate notification to a traffic supervisor and City mechanic of any suspected mechanical or safety problem with the motorcycle;

**502.6 FATAL TRAFFIC COLLISION INVESTIGATION**

The investigation of fatal traffic collisions has become a complex and highly technical field. It is the desire of the Palo Alto Police Department to train officers in the investigation of traffic collisions and reconstruction so they can best determine the cause of collisions and provide expert evidence for prosecution when necessary.

**502.6.1 POLICY**

It shall be the policy of the Palo Alto Police Department to insure quality investigation by training and maintaining the Specialized Traffic Accident Reconstruction (STAR) Team. The STAR Team may be called to aid in the investigation to determine the cause of a collision and make recommendations based upon their findings.

The role of the STAR Team is to provide their expertise at the scene of a major traffic collision. They will act as a resource in the analysis, measurement, calculation of physical evidence needed to determine speed, area(s) of impact, and to give advice in investigative procedures. The team members shall diagram the scene and provide support to the investigation as directed by the scene supervisor. Unless relieved of responsibility, the patrol officer(s) shall maintain responsibility of the investigation with assistance from the STAR Team members.

**502.6.2 TEAM COMPOSITION AND TRAINING**

**502.7 OFFICER INVOLVED TRAFFIC COLLISIONS**

**502.7.1 PROCEDURE**

**All officer involved traffic collisions** will be reported immediately to the on-duty supervisor and watch commander. The involved officer shall, barring extenuating circumstances, remain at the scene of the collision pending the arrival of a supervisor. It is also necessary to obtain photographs of any and all damage to private property, private vehicles, and to City vehicles involved in these collisions to aid the City Risk Manager in their job.

**Supervisor Responsibilities** - The investigating supervisor will write a memorandum to his/her manager indicating findings, the employee's collision history and recommended action to be taken with the employee.

### *Traffic Collision Reporting*

---

#### **502.8 POLICY UPDATES**

Updated 12/7/17

# Vehicle Towing and Release

## 510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Palo Alto Police Department. Nothing in this policy shall require the Department to tow a vehicle.

## 510.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

### 510.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Technical Services Division as soon as practicable after the vehicle is stored.

### 510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Palo Alto. The officer will then store the vehicle using a CHP Form 180.

### 510.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The vehicle should be towed pursuant Vehicle Code § 22651(h) if the vehicle is unlawfully parked, could pose a traffic hazard to other vehicles. A notation articulating your reason for the tow will

### *Vehicle Towing and Release*

---

be made on the CHP 180. The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.
- The driver shall sign the Palo Alto Police Department waiver form, which will be included in any applicable reports. If the driver refuses to sign the waiver, a notation will be made in the arrest report.

#### 510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

#### 510.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

#### 510.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

## *Vehicle Towing and Release*

---

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

### **510.2.7 TECHNICAL SERVICES DIVISION RESPONSIBILITY**

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Technical Services Division to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

### **510.3 TOWING SERVICES**

The City of Palo Alto periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.
- (d) When a citizen needs towing but has "no preference" as to which service to call

Officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

## *Vehicle Towing and Release*

---

Any complaint alleging a violation of the agreement or other conduct by a "no preference" operator shall be referred to the Police Department for investigation. The Department may periodically review the performance of each authorized "No Preference" operator.

### **510.4 VEHICLE INVENTORY**

All property in a stored or impounded vehicle shall be inventoried and listed on the CHP 180. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

### **510.5 SECURITY OF VEHICLES AND PROPERTY**

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

### **510.6 RELEASE OF VEHICLE**

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3 and Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3 and Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license and applicable fees paid prior to the end of the 30-day impoundment period if the vehicle was stolen, if the driver reinstates his/her driver's license, if the

driver acquires a license and proper insurance, or under other circumstances as set forth in Vehicle Code § 14602.6.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

# Vehicle Impound Hearings

## 512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

## 512.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Palo Alto Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

### 512.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). A Sergeant or Agent will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

### *Vehicle Impound Hearings*

---

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
  - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Captain. The hearing officer will recommend to the appropriate Division Captain that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

## Impaired Driving

### 514.1 PURPOSE AND SCOPE

This policy provides guidance to those [department/office] members who play a role in the detection and investigation of driving under the influence (DUI).

### 514.2 POLICY

The Palo Alto Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

### 514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

### 514.4 FIELD TESTS

The Traffic Lieutenant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

### 514.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

#### 514.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

### *Impaired Driving*

---

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

#### 514.5.2 BREATH SAMPLES

The Traffic Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Lieutenant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

#### 514.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

## *Impaired Driving*

---

### 514.5.4

#### 514.5.5 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

#### 514.5.6 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

#### 514.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

### **514.6 REFUSALS**

When an arrestee refuses to provide a viable chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

#### 514.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency

## *Impaired Driving*

---

can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

### 514.6.2 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
  - 1. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
  - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
  - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
  - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

### 514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

## *Impaired Driving*

### **514.7 TECHNICAL SERVICES DIVISION RESPONSIBILITIES**

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

### **514.8 ADMINISTRATIVE HEARINGS**

The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Officers called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Technical Services Division should forward this to the Court Liaison as part of the case file.

### **514.9 TRAINING**

The Personnel and Training Lieutenant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Personnel and Training Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

### **514.10 ARREST AND INVESTIGATION**

#### **514.10.1 WARRANTLESS ARREST**

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

#### **514.10.2 OFFICER RESPONSIBILITIES**

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

# Traffic Citations

## 516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

## 516.2 RESPONSIBILITIES

The Traffic Lieutenant shall be responsible for the development and design of all [Department/Office] traffic citations in compliance with state law and the Judicial Council.

The Technical Services Division shall be responsible for the supply and accounting of all traffic citations issued to employees of this [department/office].

## 516.3 DISMISSAL OF TRAFFIC CITATIONS

It is the policy of the Department for officers to not dismiss traffic citations without a valid reason. The only valid reason is when the citation has been written in error. If the officer has a valid reason to dismiss a citation, he/she should do the following:

- (a) Complete the dismissal of citation portion of the Traffic Court Notification Form;
- (b) Obtain his/her supervisor's approval and signature on the form;
- (c) The citation dismissal shall then be forwarded to the Field Services Division Captain for review
- (d) The Traffic Court Notification Form should be returned to the Court Liaison Officer as soon as possible.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.

## 516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Division Supervisor.

## 516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Court Liaison Officer. The Court Liaison

---

Officer shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

### **516.6 DISPOSITION OF TRAFFIC CITATIONS**

The court and file copies of all traffic citations issued by members of this [department/office] shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Technical Services Division.

Upon separation from employment with this [department/office], all employees issued traffic citation books shall return any unused citations to the Technical Services Division.

### **516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE**

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

#### **516.7.1 APPEAL STAGES**

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

- (a) Administrative reviews are conducted by the Traffic Division or designee who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the Palo Alto Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.
- (b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
- (c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

#### **516.7.2 TIME REQUIREMENTS**

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

- (a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).
- (b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

## *Traffic Citations*

---

- (c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).
- (d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

### 516.7.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
- (c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

### 516.8 JUVENILE CITATIONS

The Records Unit will process all juvenile traffic citations. The Records Unit will retain the pink copy and the white copy of the citation will be forwarded to the Court Liaison Officer. The Court Liaison Officer will track all juvenile citations that are sent to the juvenile court.

#### 516.8.1 JUVENILE BICYCLE CITATIONS

The Records Unit will also process juvenile bicycle citations. The Records Unit will check the Records Management System to see if the citation is the juvenile's first violation. If it is the juvenile's first offense, the Records Unit will forward a copy of the original citation to the Traffic Division Secretary. All first offense juvenile bicycle violators will be eligible for the Fire Department's Bicycle Safety Course. The Traffic Division Secretary is responsible for tracking all citations that have been deferred to the Fire Department on a computerized database. The date the citation was issued and the date the citation was forwarded to the Fire Department will be noted along with the citation number and the juvenile's last name and first initial. The Traffic Division Secretary will forward all (first offense) juvenile bicycle citations to the Fire Department's Bicycle Safety Coordinator for disposition. The Traffic Division Secretary will also mail a letter to the juvenile violator advising him/her that the citation was forwarded to the Fire Department.

The Fire Department's Bicycle Safety Coordinator will advise the Traffic Division Secretary when a class was held and provide a list of the juveniles that attended the course. The Traffic Division Secretary's computerized database will be updated to indicate that the juvenile completed the course. The Traffic Division Secretary will then forward the information to the Records Unit so that RMS can be updated with the date the juvenile attended the class.

### *Traffic Citations*

---

A juvenile is only eligible to attend the Bicycle Safety Course once within a year's period. Any citation received for the same juvenile within this time period will be forwarded to juvenile court by the Court Liaison Officer.

#### **516.9 REFUSAL TO SIGN TRAFFIC CITATION**

When a violator refuses to sign the notice to appear, a supervisor shall be called to the location of the stop to assist in obtaining the violator's signature. If the violator continues to refuse to sign the notice to appear, or demands to be taken before a magistrate, he/she will be taken into custody.

Persons taken into custody under the authority of Vehicle Code § 40302(b)-refusal to sign citation, shall be afforded every opportunity permitted by law to sign the notice to appear and secure release. If at anytime during the course of the incident, but prior to the booking process the violator reconsiders and requests to sign the notice to appear, he/she shall be permitted to do so and shall be transported back to the location of the stop.

If the arrest occurs during court hours, the violator shall be taken to the North County clerk's office where an immediate appearance before a magistrate shall be arranged. The clerk's office shall be notified, by phone, prior to the officer's arrival. The violator may elect to post bail at the clerk's office, in lieu of an appearance before a magistrate.

If the arrest occurs outside of normal court hours, the violator shall be transported without delay to jail. Once the booking has begun, the violator is in the custody of the Santa Clara County Department of Corrections and can no longer be released by the arresting officer.

Under special circumstances (i.e. elderly, confused, disoriented or sick persons), the supervisor may direct the officer to release the violator and request a complaint to be filed. This should occur if a physical arrest would result in unnecessary alienation or injury to the violator and incarceration would serve no other useful purpose.

## Disabled Vehicles

### 520.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

### 520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

### 520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

#### 520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

#### 520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

#### 520.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

### 520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

## 72-Hour Parking Violations

### 524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22652.6 and 22669, and Palo Alto Municipal Code §10.36.030.

### 524.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Palo Alto 72-Hour Parking Ordinance shall be marked and noted on the Palo Alto Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

Parking citations for the 72-hour parking ordinance can be issued when the vehicle is stored for the 72-hour parking violation.

#### 524.2.1 MARKED VEHICLE FILE

The Traffic Division shall be responsible for maintaining a file for all Abandoned Vehicle Forms.

Parking control officers assigned to the Traffic Division shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Abandoned Vehicle Forms.

#### 524.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Technical Services Division immediately following the storage of the vehicle. It shall be the responsibility of the Technical Services Division to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento ( Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Technical Services Division to determine the names and addresses of any

---

individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

#### **524.3 VEHICLE DISPOSAL**

If, after 15 days from the notification, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a post storage hearing has been made, the Department may provide the lien holder storing the vehicle with authorization on an approved DMV form to dispose of any vehicle which the lien holder has determined has an estimated value of \$500 or less (Vehicle Code § 22851.3(h)).

## **Chapter 6 - Investigation Operations**

# Investigation and Prosecution

## 600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

## 600.2 INITIAL INVESTIGATION

### 600.2.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
  - 1. An initial statement from any witnesses or complainants.
  - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
  - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
  - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
  - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
  - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
  - 5. Collect any evidence.
  - 6. Take any appropriate law enforcement action.
  - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

### 600.2.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

## 600.3 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that

computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

#### **600.4 DISCONTINUATION OF INVESTIGATIONS**

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
  - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
  - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

#### **600.5 MODIFICATION OF CHARGES FILED**

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Captain or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

#### **600.6 CUSTODIAL INTERROGATION REQUIREMENTS**

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

### *Investigation and Prosecution*

---

#### 600.6.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigative Services supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

#### 600.6.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.

### *Investigation and Prosecution*

---

- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

#### **600.7 POLICY**

It is the policy of the Palo Alto Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

#### **600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

##### **600.8.1 ACCESS RESTRICTIONS**

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

## *Investigation and Prosecution*

---

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

### **600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION**

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

### **600.9 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY**

The Investigative Services Division Captain is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

- (a) Security procedures are developed to protect information gathered through the use of the technology.
- (b) A usage and privacy policy is developed that includes:
  - 1. The purposes for which using cellular communications interception technology and collecting information is authorized.
  - 2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
  - 3. Training requirements necessary for those authorized employees.
  - 4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
  - 5. Process and time period system audits.
  - 6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
  - 7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
  - 8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

# Sexual Assault Investigations

## 602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

[Palo Alto Police Procedure Manual: 101.1 Child Abuse County Protocol](#)

[Palo Alto Police Procedure Manual: 103.1 Elder and Dependent Adult 2010 County Protocol](#)

### 602.1.1 DEFINITIONS

Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

## 602.2 POLICY

It is the policy of the Palo Alto Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

## 602.3 TRAINING

Subject to available resources, periodic training will be provided to:

- (a) Members who are first responders. Training should include:
  - 1. Initial response to sexual assaults.
  - 2. Legal issues.
  - 3. Victim advocacy.
  - 4. Victim's response to trauma.
- (b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
  - 1. Interviewing sexual assault victims.
  - 2. SART.

## *Sexual Assault Investigations*

---

3. Medical and legal aspects of sexual assault investigations.
4. Serial crimes investigations.
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
6. Techniques for communicating with victims to minimize trauma.

### **602.4 REPORTING**

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

### **602.5 QUALIFIED INVESTIGATORS**

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

### **602.6 RELEASING INFORMATION TO THE PUBLIC**

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigative Services supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

### **602.7 VICTIM INTERVIEWS**

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic

## *Sexual Assault Investigations*

---

examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

### **602.7.1 VICTIM RIGHTS**

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2 and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
  - 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 697.04).
  - 2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

### **602.7.2 VICTIM CONFIDENTIALITY**

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this [department/office] shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

### **602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE**

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

## *Sexual Assault Investigations*

---

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

### 602.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, rape kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the sexual assault kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680(d)).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

### 602.8.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available

information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
  - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
  - 2. Absent a written request, no member of this [department/office] is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
  - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case.
  - 2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
  - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
  - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
  - 2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

### **602.9 DISPOSITION OF CASES**

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigative Services supervisor.

Classification of a sexual assault case as unfounded requires the Investigative Services supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

### *Sexual Assault Investigations*

---

#### **602.10 CASE REVIEW**

The Investigative Services supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process.

The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

## Asset Forfeiture

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

#### 606.1.1 DEFINITIONS

Definitions related to this policy include:

**Fiscal agent** - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Palo Alto Police Department seizes property for forfeiture or when the Palo Alto Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Forfeiture reviewer** - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

**Property subject to forfeiture** - The following may be subject to forfeiture:

- (a) Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):
  - 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
  - 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
  - 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
  - 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
  - 5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors.

## Asset Forfeiture

---

- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
  - 1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
  - 2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

**Seizure** -The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

### 606.2 POLICY

The Palo Alto Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Palo Alto Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

### 606.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

#### 606.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
  - 1. The property subject to forfeiture is legally seized incident to an arrest.
  - 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

## *Asset Forfeiture*

---

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

### **606.3.2 PROPERTY NOT SUBJECT TO SEIZURE**

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470A).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

### **606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS**

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.

  6. Any cash received is deposited with the fiscal agent.
  7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
  8. Current minimum forfeiture thresholds are communicated appropriately to officers.
  9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

### *Asset Forfeiture*

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

#### **606.7 DISPOSITION OF FORFEITED PROPERTY**

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer's employment or salary depend upon the level of seizures or forfeitures he/she achieves (Heath and Safety Code § 11469).

# Informants

## 608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

### 608.1.1 DEFINITIONS

Definitions related to this policy include:

**Informant** - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Palo Alto Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Palo Alto Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

## 608.2 POLICE INVESTIGATIVE FUND (PIF)

The Police Investigative fund (PIF) is a cash fund available to cover certain costs incurred during investigations. The Captain of Investigative Services Division (ISD) is the custodian of these funds.

The ISD Captain and the two ISD Supervisors are the only personnel authorized to release the funds.

It is imperative that accurate bookkeeping procedures are used and the funds are spent for legitimate purposes.

### 608.2.1 PROCEDURE

The below listed procedures shall be followed when using the PIF:

- (a) Division Captain and/or supervisors shall complete a voucher for each expenditure.
- (b) All vouchers will contain the reason for use, a case number (when available), amount of expenditure, date and a signature of the officer and supervisor.
- (c) An entry will be made in the ledger for each expenditure. Entries will include the date, officer, voucher number, case number, type of case, amount of expenditure, balance of cash on hand and the disposition of the funds.
- (d) The officer, supervisor and Captain (if available) shall sign all vouchers.

- (g) Funds may be used for purchase of evidence, stolen property, narcotics or other contraband and payment to confidential informants (CI). All payments to informants shall be approved in advance. CIs will not be paid until the CI package is completed and signed by the CI. If the informant refuses to sign the completed CI package, no

- (m) When the cash on hand balance decreases to \$300, the division administrative associate shall prepare a request for replenishment funds to be approved by the Captain and submitted to the Administrative Services Department. Accompanying the request will be the log of debits/credits. Copies of vouchers will be retained for division records.
- (n) Loans to other law enforcement agencies shall be approved only the Division Coordinator.
- (o) Any deviation from this procedure must be approved by the Division Coordinator.

The Palo Alto Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this [department/office] that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

#### **608.4 INFORMANT PAYMENTS**

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

---

- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigative Services Division supervisor will discuss the above factors with the Field Services Division Captain and recommend the type and level of payment subject to approval by the Chief of Police.

#### 608.4.1 AUDIT OF PAYMENTS

The Investigative Services Division supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

#### 608.4.2 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

#### **608.4.3 REPORTING OF PAYMENTS**

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

#### **608.5 USE OF INFORMANTS**

##### **608.5.1 INITIAL APPROVAL**

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this [department/office] should not guarantee absolute safety or confidentiality to an informant.

##### **608.5.2 JUVENILE INFORMANTS**

## *Informants*

---

### **608.5.3 INFORMANT AGREEMENTS**

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

The Santa Clara County District Attorney's Office must review the CI packet and give approval prior to using any informant.

### **608.6 INFORMANT INTEGRITY**

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Captain, Investigative Services Division supervisor or their authorized designees.
  - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Palo Alto Police Department, and that they shall not represent themselves as such.
- (d) The relationship between [department/office] members and informants shall always be ethical and professional.
  - 1. Members shall not become intimately involved with an informant.
  - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigative Services Division supervisor.
  - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigative Services Division supervisor.
  - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when [department/office] funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

### *Informants*

---

#### **608.6.1 UNSUITABLE INFORMANTS**

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the [Department/Office] and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this [department/office] to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

#### **608.7 INFORMANT FILES**

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of [department/office] members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigative Services Division. The Investigative Services Division supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Captain, Investigative Services Division supervisor or their authorized designees.

The Investigative Services Division Captain should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigative Services Division supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

# Eyewitness Identification

## 610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this [department/office] employ eyewitness identification techniques (Penal Code § 859.7).

### 610.1.1 DEFINITIONS

Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

## 610.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

Santa Clara County Protocols Section 7 - Line-Up Protocol for Law Enforcement shall be utilized as a guideline when conducting photographic or live lineups (Jail). All personnel are required to read and follow Santa Clara County Protocols Section 7 - Line-Up Protocol for Law Enforcement.

[Palo Alto Police Procedure Manual: Line Up County Protocol](#)

## 610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

## *Eyewitness Identification*

---

### **610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM**

The Investigative Services supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

### **610.5 EYEWITNESS IDENTIFICATION**

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

## *Eyewitness Identification*

---

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

### **610.5.1 FIELD IDENTIFICATION CONSIDERATIONS**

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications.

Per the Santa Clara County Line-Up Protocol, if probable cause exists for an arrest, it is rarely advisable to conduct an in field identification instead of a line-up unless other factors outweigh the value of a line-up.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
  - 1. The length of time the witness observed the suspect.
  - 2. The distance between the witness and the suspect.
  - 3. Whether the witness could view the suspect's face.
  - 4. The quality of the lighting when the suspect was observed by the witness.
  - 5. Whether there were distracting noises or activity during the observation.
  - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
  - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

### **610.6 DOCUMENTATION**

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

### *Eyewitness Identification*

---

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

#### 610.6.1 <B>DOCUMENTATION RELATED TO RECORDINGS</B>

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

#### 610.6.2 <B>DOCUMENTATION RELATED TO BLIND ADMINISTRATION</B>

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

### **610.7 POLICY UPDATES**

Policy Updated: 5-3-17

Updated: 3-23-20

## Brady Material Disclosure

### 612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

#### 612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Palo Alto Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

### 612.2 POLICY

The Palo Alto Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Palo Alto Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

### 612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

### 612.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

## *Brady Material Disclosure*

---

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
  - 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

### 612.4.1 OUT OF COUNTY ARRESTS AND CONVICTIONS

Santa Clara County Protocols Section 20 - Brady Protocol For Out Of County Arrests And Convictions shall be utilized as a guideline regarding the arrest or conviction of Palo Alto Police Department sworn personnel for a misdemeanor or felony offense which occurs outside of Santa Clara County. Personnel are required to read and follow the guidelines set forth in the Santa Clara County Protocols Section 20 - Brady Protocol For Out Of County Arrests And Convictions.

The Personnel & Training Coordinator is responsible for making notifications to the District Attorney's Office pursuant to the protocol.

### 612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

### 612.6 TRAINING

Department members should receive periodic training on the requirements of this policy.

## Personal Communication Devices

### 702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

### 702.2 POLICY

The Palo Alto Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws or a lawful order.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

### 702.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

### 702.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department.

*Personal Communication Devices*

**702.5 PERSONALLY OWNED PCD**

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.
- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications).
- (f) Employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws or a lawful order.

**702.6 USE OF PERSONAL COMMUNICATION DEVICES**

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) All PCDs in the workplace shall be set to silent or vibrate mode.
- (b) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours).
- (c) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (d) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (e) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

**702.7 SUPERVISORY RESPONSIBILITIES**

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent

### *Personal Communication Devices*

---

practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty, as such contact may be compensable.

#### **702.8 USE WHILE DRIVING**

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Vehicle Code § 23123). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

#### **702.9 OFFICIAL USE**

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political or community events
- (f) Investigative stakeouts
- (g) Emergency contact with an allied agency or allied agency field unit
- (h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

## Vehicle Maintenance

### 704.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining [Department/Office] vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

### 704.2 DEFECTIVE VEHICLES

When a [department/office] vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

#### 704.2.1 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the [department/office] armory prior to the vehicle being released for maintenance, service or repair.

#### 704.2.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

#### 704.2.3 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

### 704.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all [department/office] vehicles for emergency purposes and to perform routine duties.

#### 704.3.1 PATROL VEHICLES

#### **704.5 WASHING OF VEHICLES**

All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Officers in patrol shall notify Communications before responding to the car wash. Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

#### **704.6 CIVILIAN EMPLOYEE USE**

Civilian employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Civilian employees shall also prominently display the “out of service” placards or lightbar covers at all times. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

# Vehicle Use

## 706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure [department/office] vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of [department/office] vehicles and shall not be construed to create or imply any contractual obligation by the City of Palo Alto to provide assigned take-home vehicles.

## 706.2 POLICY

The Palo Alto Police Department provides vehicles for [department/office]-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the [Department/Office], requirements for tactical deployments and other considerations.

## 706.3 USE OF VEHICLES

### 706.3.1 SHIFT ASSIGNED VEHICLES

Members who use a fleet vehicle as part of their work assignment shall ensure that the vehicle is properly checked out and logged on, according to current procedures, prior to taking it into service. If for any reason during the shift the vehicle is exchanged, the member shall ensure that the exchanged vehicle is likewise properly noted.

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of the shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

### 706.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance yard or carwash.

### 706.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this [department/office] should be inspected prior to placing another person in the vehicle and

### *Vehicle Use*

---

again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All [department/office] vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

#### 706.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

#### 706.3.5 MDC

Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify the Communications Center. Use of the MDC is governed by the Mobile Data Computer Use Policy.

#### 706.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Captain approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

#### 706.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

### *Vehicle Use*

---

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

#### **706.3.8 AUTHORIZED PASSENGERS**

Members operating [department/office] vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

#### **706.3.9 ALCOHOL**

Members who have consumed alcohol are prohibited from operating any [department/office] vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

#### **706.3.10 PARKING**

Except when responding to an emergency or when urgent [department/office]-related business requires otherwise, members driving [department/office] vehicles should obey all parking regulations at all times.

[Department/Office] vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to [department/office] vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

#### **706.3.11 ACCESSORIES AND/OR MODIFICATIONS**

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

#### **706.3.12 CIVILIAN MEMBER USE**

Civilian members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Civilian members shall prominently display the "out of service" placards or light bar covers at all times. Civilian members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

### **706.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES**

[Department/Office] vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

#### **706.4.1 ON-DUTY USE**

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or

### *Vehicle Use*

---

utilized by other [department/office] members at the discretion of the Chief of Police or the authorized designee.

#### 706.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where [department/office] vehicles must be used by members to commute to and from a work assignment. Members may take home [department/office] vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the [department/office].
- (b) Other reasonable transportation options are not available.
- (c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Palo Alto City limits.
- (d) Off-street parking will be available at the member's residence.
- (e) Vehicles will be locked when not attended.
- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

#### 706.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence, the nature of the member's duties, job description and essential functions, and employment or appointment status. Residence in the City of Palo Alto is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Palo Alto may be required to secure the vehicle at a designated location or the [Department/Office] at the discretion of the Chief of Police.

[Department/Office] members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Captain gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:

### *Vehicle Use*

---

those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their [department/office]-issued identification. Officers should also ensure that [department/office] radio communication capabilities are maintained to the extent feasible.

#### **706.4.5 MAINTENANCE**

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the [Department/Office]. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the [department/office] supervisor in charge of vehicle maintenance.
- (d) The [Department/Office] shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.
- (f) All weapons shall be removed from any vehicle left for maintenance.
- (g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

#### **706.5 UNMARKED VEHICLES**

Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also record the use with the Watch Commander on the shift assignment roster.

#### **706.6 DAMAGE, ABUSE AND MISUSE**

When any [department/office] vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

### *Vehicle Use*

---

Damage to any [department/office] vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

#### **706.7 TOLL ROAD USAGE**

Law enforcement vehicles are not routinely exempted from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating [department/office] vehicles on a toll road shall adhere to the following:

- (a) Members operating [department/office] vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.
- (b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Captain within five working days explaining the circumstances.

#### **706.8 ATTIRE AND APPEARANCE**

When operating any [department/office] vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the [Department/Office].

# Personal Protective Equipment

## 707.1 PURPOSE AND SCOPE

Sworn officers will be issued Personal Protective Equipment (PPE) including chemical protective ensembles to allow them to safely respond to Hazardous Materials (HAZMAT) and Weapons of Mass Destruction (WMD) events.

## 707.2 EQUIPMENT

- (a) Level C gear kits will include: Chemically resistant coveralls, gloves, boots, and tape, WMD Respirator Cartridges, and Identification Vest. The Identification vest can also be used for traffic control duties. All sworn officers will be equipped with Level C Personal
- (b) Protective Equipment (PPE) gear. Patrol officers will have their Level C gear available to them in their vehicles while they are on patrol or working assignments where their supervisor deems it necessary. Officers will maintain their gear in good working order and alert the Staff Assistant or designated WMD/HAZMAT Equipment Officer should the gear become damaged or need repair. A cache of extra PPE will be stored in the police station.

## 707.3 TRAINING

All sworn officers will be trained in force protection, decontamination practices, WMD/HAZMAT Awareness and participate in Department trainings concerning WMD/HAZMAT response. The Department will participate in training with the Palo Alto Fire Department and allied local agencies to prepare for a joint response to WMD/HAZMAT events.

## 707.4 OPERATIONS (SUPERVISOR AND OFFICER RESPONSIBILITIES)

Response to a suspected or reported WMD/HAZMAT event will include:

- (a) Communications will dispatch the appropriate number of police and fire units to the call.
- (b) The field supervisor will work with the Fire Battalion Chief in order to coordinate the response, staging location, and on scene control.
- (c) The on-duty Watch Commander will assist in procuring resources, coordinating the response, and making necessary notifications.
- (d) Responding officers will proceed to the staging location.
- (e) The field supervisor in conjunction with the Fire Battalion Chief will determine the need for police officers to don PPE.
- (f) If required, officers will properly don PPE and proceed as directed by the field supervisor.

### *Personal Protective Equipment*

---

- (g) Officers will not take independent action that could place them in unreasonable danger, but rather will proceed in an orderly fashion. Responding officers should rely on teamwork and work under the direction of the Field Supervisor. Tasks officers may be assigned will include acting as security for the firefighters, crowd control, detaining suspects, and interviewing witnesses.
- (h) The field supervisor will be responsible for coordinating the on scene activities, implementing the Incident Command System (ICS)/California Standardized Emergency Management System (SEMS) as deemed appropriate, calling for additional resources, directing incoming units, etc.
- (i) The field supervisor or his/her designee will work closely with the Fire Department personnel to insure responding officers operating in PPE are properly monitored for signs of over exertion, and that those officers are rotated to a rehabilitation station, as appropriate.

#### **707.5 DECONTAMINATION PROCEDURE**

If an officer has utilized the PPE and is exposed or potentially exposed to a substance, the officer will participate in the decontamination procedure at the direction of the Fire Department. The on scene Hazmat Specialist will determine if the officer's PPE has been compromised. The officer's PPE may be destroyed and some of the officer's equipment may be replaced.

If an officer utilizes the PPE and was not exposed to any possible harmful substance, the officer should inspect their PPE for damage and then safely store it for future use.

## Reflectorized Vests

### 709.1 PURPOSE AND SCOPE

In order to reduce the danger to employees exposed to the hazards of approaching traffic, reflectorized vests are provided to increase the visibility of employees.

Statistically, more officers are killed in the line of duty in vehicle collisions than any other way. The intent of this policy is to safeguard the lives of officers and other employees working in or about the right-of-way of traffic for an extended period of time and to comply with the current laws regarding the usage of reflectorized vests (California Code of Regulations, Title 8, Section 1598 et. seq. and federal regulation 23 CFR 634).

### 709.2 POLICY

- (a) One reflectorized vest shall be issued to every officer, reserve officer, and community service officer. All other employees shall temporarily receive a reflectorized vest from the Field Services Staff Assistant, as necessary, for events or incidents, and returned at the conclusion of the event or incident.
- (b) Employees must keep the reflectorized vest inside their vehicle while on-duty.
- (c) Reflectorized vests shall be worn by employees engaged in the performance of vehicular traffic control in any location or while performing investigations upon a highway. Employees responding to traffic collisions or other incidents upon a highway may first stabilize the scene (assess the need for fire/medical response, tend to injured parties, etc.) and address immediate officer safety concerns prior to donning a reflectorized vest.
- (d) Officers are not required to wear a reflectorized vest in adversarial or potentially confrontational situations when the hazards of wearing a reflectorized vest clearly outweigh the benefits of doing so (i.e. traffic enforcement stops, standing in or near a roadway while on an inner perimeter while a suspect is still outstanding, etc.).
- (e) Reflectorized vests shall comply with the ANSI/ISEA 107-2004 Class II standard.
- (f) A supply of reflectorized vests will be maintained by the Patrol Division equipment room for replacement of damaged or unserviceable vests.

### 709.3 CARE AND STORAGE OF REFLECTORIZED VESTS

The reflectorized vest shall be stored and maintained in serviceable condition at all other times.

## Digital Imaging

### 711.1 PURPOSE AND SCOPE

Digital imaging technologies have become a standard format for forensic photography. It is the intent of the Palo Alto Police Department to use digital photographic equipment and digital imaging equipment as the primary method of capturing and storing photographs.

It is the policy of the Palo Alto Police Department to establish and implement effective guidelines for the use of digital equipment to ensure that images are properly captured, stored and archived.

The Department will utilize a dedicated digital imaging management system to store the images and provide a verifiable chain of custody.

### 711.2 DEFINITIONS

The use of standardized definitions will aid in our ability to effectively describe an image, its origin and its storage.

- (a) Archived Image: Either the primary or original image stored on media suitable for long term storage;
- (b) Copy Image: A reproduction or information contained in a primary or original image;
- (c) Digital Image: An image that is stored in numerical form;
- (d) Digital Imaging: Any systems and/or methods used to capture, store, process, copy, enhance, analyze, transmit, print, or produce an image;
- (e) Image Enhancement: Any process intended to improve the visual appearance of an image;
- (f) Native File Format: The file format of the primary image;
- (g) Original Image: An accurate and complete replica of the primary image, irrespective of media;
- (h) Primary Image: Refers to the first instance in which an image is recorded onto any media that is a separate, identifiable object or objects.

### 711.3 PROCEDURE

**System** ," The Police Department will use the Veripic Digital Photo Lab for managing digital images. The Department will use a dedicated server that will physically be housed in a secure area of the Police Department. The client terminals will also be maintained in secure areas of the Police Department and not available to the general public. The digital imaging system will only be used by authorized personnel who have received training in the operation of the system. The system will only be used for the purpose of managing official department photographs. The system will not be used for personal photographs of any kind.

### *Digital Imaging*

---

**Administration** , " The Technical Services Coordinator will oversee the system. The Coordinator will assign one or more police personnel to manage the day to day administrator functions of the system. It is the responsibility of this officer to maintain the system in a working fashion, coordinate software and hardware replacement, add and delete users from the system, and maintain a working relationship with the Information Technologies personnel assigned to the system.

**Training** , " Only personnel who have been trained in the use of the digital equipment and Veripic software will be authorized to use it. Personnel will not be given a logon or password if they have not received proper training. Personnel may download photos for other employees that have not been trained to use the system. Personnel shall not share their individual logon or password with others.

**Use at Crime Scenes** , " Digital photography has become the industry standard for capturing images. It is no longer recommended that 35mm film systems be used at crime scenes, unless there is a special need for that medium. In some situations the photographer may choose to use 35mm equipment. The Department will maintain at least one serviceable 35mm system for those circumstances. It is strongly recommended that major crime scenes be photographed and the images downloaded before the scene is released.

**Importing Images** , " All images downloaded into the Veripic system shall have an incident number. As a reminder, the directions for importing images into Veripic will be posted next to the client terminals. It is the policy of the Department that all images downloaded into Veripic will be tagged with the Incident Number, Designated Report number, primary Offense/Classification, and the address of the event. The following procedures will be used for naming images:

- (a) Enter the Incident Number in the box titled "Enter New Case Number (30 max length):" Always use the full number with dashes. i.e.: 10-001-0001
- (b) Enter the Designated Report (DR) number in the box titled "Description of Media." Leave this area blank if there is no Designated Report Number. Always use the full number with dashes. i.e.: 10-0001
- (c) In the box titled "Notes for all media", enter main offense & classification. You may enter more than one offense & classification if desired.
- (d) Push "Enter" to start a new line and enter the address of the event.

**Annotating Field Interview Images** , " All FI photos will be downloaded and tagged as described above. Each photo will then be annotated with the name of the individual in the "Notes for all media" box. See the Veripic instructions for directions on how to annotate individual images.

**Archiving Images** , " Acquired images shall be downloaded to the Veripic System at one of the client terminals. In the event of a catastrophic system failure, images may be written directly to a CD or DVD and that medium will be logged into evidence. The images will be copied to the Veripic system at a later time.

### *Digital Imaging*

---

#### **711.4 FILE FORMAT**

It is the policy of the Palo Alto Police Department that the native file format of digital images shall be JPEG (file extension .jpg).

#### **711.5 ALTERING OR DISCARDING IMAGES**

Under no circumstances should a digital photograph taken for evidentiary purposes be deleted, altered or otherwise discarded. All evidence images will be saved regardless of quality or perceived usefulness.

Digital images associated with a police report will be kept for as long as is required by the Police Department retention schedule. These images will be kept no less than five (5) years and up to one hundred (100) years (permanent) depending on the type of report.

When a case is adjudicated through the court process and all evidence is deemed purged, the Police Records Manager will notify the system administrator, who will ensure that the archived digital images from that report are destroyed as well.

#### **711.6 ENHANCING IMAGES**

Enhancement of an image is done simply to make the image more viewable. Enhancement is typically done to color balance, brightness and contrast. Enhancements shall only be made to a copy of the original image (the original image shall not be altered).

#### **711.7 COMPUTER SECURITY**

The enterprise server designated for the storing of digital images is currently located in the Communications computer room. The server should only be operated by technicians from the IT division or authorized system administrators.

The client terminals are located in the Investigative Services Division and on A level in the Field Services Division. The client terminals should only be used by authorized operators.

The system will be password protected to prohibit unauthorized use.

No person, other than the system administrator, is authorized to add or delete programs, perform maintenance functions, or otherwise alter the system and software settings.

## Patrol Team Boxes

### 713.1 PURPOSE AND SCOPE

The Department provides each patrol team equipment to assist in their patrol duties. This equipment is stored inside a Team Box.

The team member that is assigned to carry the Team Box is responsible for the care of all the contents of the Team Box.

## **Chapter 8 - Support Services**

# Crime Analysis

## 800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

## 800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports;
- Field Interview cards;
- Parole and Probation records;
- Calls for Service (CFS);
- Collision Investigation Manual (CIM);
- RMS (ICIS);
- Computer Aided Dispatch (CAD) data;
- Statewide Integrated Traffic Reporting System (SWITRS);
- Outside law enforcement agency bulletin.

## 800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

### *Crime Analysis*

---

#### **800.4 CRIME ANALYSIS DISSEMINATION**

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

# Communication Operations

## 802.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

### 802.1.1 FCC COMPLIANCE

Palo Alto Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

## 802.2 COMMUNICATION OPERATIONS

This department provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The Palo Alto Police Department Communications/Dispatch Center also provides 9-1-1 services to the Palo Alto Fire Department, Palo Alto Utilities, Palo Alto Public Works, and the Stanford University Department of Public Safety. The ability of citizens to telephone quickly and easily for emergency service is critical. This department provides access to the 911 system for a single emergency telephone number. This department has two-way radio capability providing continuous communication between the Communications Center and officers.

### 802.2.1 COMMUNICATIONS LOG

It shall be the responsibility of the Communications Center to record all relevant information on calls for criminal and non-criminal service or self-initiated activity. Employees shall attempt to elicit as much information as possible to enhance the safety of the officer and assist in anticipating conditions to be encountered at the scene. Desirable information would include, at a minimum, the following:

- Incident number;
- Date and time of request;
- Name, address and phone number of complainant, if possible;
- Type of incident reported;
- Location of incident reported;
- Identification of officer(s) assigned as primary and backup;
- Time of dispatch;
- Time of the officer's arrival;
- Time of officer's return to service;

### *Communication Operations*

---

- Disposition or status of reported incident.

#### **802.3 RADIO COMMUNICATIONS**

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors, and fellow officers know the status of officers, their locations and the nature of cases.

##### **802.3.1 OFFICER IDENTIFICATION**

Identification systems are based on factors such as officer's daily assignment and officer identification numbers. Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

Refer to the Communications/Dispatch Center Procedure Manual for specific protocols within this unit.

# Property and Evidence

## 804.1 PURPOSE AND SCOPE

It is the policy of the Palo Alto Police Department to insure that all evidence/property is processed and stored in a manner which provides optimum security against loss, theft or tampering. This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

Responsibility for proper handling and storage of evidence/property begins with the employee who has first custody of the evidence/property. This responsibility is then transferred to the Property Technician when the evidence/property is placed in his/her custody.

The Investigative Services Division Captain or his/her designee shall have the overall responsibility for the storage and safekeeping of all evidence/property.

  - 1. In such event, the firearm shall be restored to the lawful owner as soon as it is no longer needed as evidence, the lawful owner has identified the weapon and provided proof of ownership, and the [Department/Office] has complied with the requirements of Penal Code § 33850 et seq.

The property and evidence technician shall ensure the Records Manager is notified of the relinquished firearm for purposes of updating the Automated Firearms System and the disposition of the firearm for purposes of notifying the California Department of Justice (DOJ) (See the Technical Services Division Policy).

The item submission form shall also have a notation that a bio-hazard is suspected. Periodically, the Property/Evidence Technician shall submit a disposition report to the Technical Services Division, to allow for data entry into the records management system.

Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

#### **804.6.6 DISPUTED CLAIMS TO PROPERTY**

Occasionally more than one party may claim an interest in property being held by the [Department/Office], and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the [Department/Office] may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

#### **804.6.7 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS**

Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the property and evidence technician shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code 6389(g); Penal Code § 33855).

Accurate records of each change of possession are paramount for prevention of tainted evidence, loss of evidence and for effective prosecution of a case. Properly controlled chain of possession of evidence and also prevent embarrassment to the Department and discipline of employees. Adherence to the procedures set forth in this policy will result in the complete recording of each change of possession and location of all evidence. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

### 808.2 PROCEDURE

#### 808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

### **808.2.4 DOCUMENTATION**

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

### **808.2.5 FIREARM TRACE**

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the property and evidence technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the [Department/Office] so that a timely response can be prepared.

# Computers and Digital Evidence

## 814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

## 814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
  1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
  2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
  1. Where the computer was located and whether or not it was in operation.
  2. Who was using it at the time.
  3. Who claimed ownership.

## *Computers and Digital Evidence*

---

4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

### **814.2.1 BUSINESS OR NETWORKED COMPUTERS**

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

### **814.2.2 FORENSIC EXAMINATION OF COMPUTERS**

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

### **814.3 SEIZING DIGITAL STORAGE MEDIA**

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

## *Computers and Digital Evidence*

---

- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

### **814.4 SEIZING PCDS**

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

### **814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS**

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

#### **814.5.1 COLLECTION OF DIGITAL EVIDENCE**

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

#### **814.5.2 SUBMISSION OF DIGITAL MEDIA**

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.
- (b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.

## *Computers and Digital Evidence*

---

- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.
- (d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.
- (e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

### 814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

### 814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

# Animal Control

## 820.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

## 820.2 [ANIMAL CONTROL] RESPONSIBILITIES

Animal control services are generally the primary responsibility of [Animal Control] and include:

- (a) Animal-related matters during periods when [Animal Control] is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that [Animal Control] is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

## 820.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
  - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
  - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
  - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

#### **820.3.1 BARKING DOGS**

Barking dog means a dog that barks, bays, cries, howls or makes any other noise continuously and incessantly for a period of ten minutes within a fifteen-minute period to the disturbance of any other person. Pursuant to Municipal Code § 6.20.140 "Barking dogs", "It is unlawful for any person to keep, maintain or permit in or upon any premises within the City any barking dog that is under the control of that person."

During the hours of 0800 to 1700, Monday-Sunday, these calls should be referred to the on-duty Animal Control Officer (ACO) through the Communications Center. If an ACO needs assistance during the investigation, they should request police back-up through the Communications Center.

During all other hours, calls should be referred to a police officer through the Communications Center. After investigating the complaint, if it meets the criteria for "Barking dog", the officer may issue an "Administrative Warning" (for the first offense) or an "Administrative Citation" (for subsequent offenses). The citing officer should hear the dog barking for a period of ten minutes within a fifteen-minute period to the disturbance of any other person.

If during the investigation it is found that the dog is in distress, an ACO should be asked to respond to the address and assist the police officer with further investigation. Off-hours the on-call ACO should be called through the Communications Center.

The ACO or police officer should fill out an Animal Incident Reporting Form and the Case Number should be assigned by Communications/Dispatch Center and indicated on the form. It is critical to have complete and accurate information on the form.

#### **820.3.2 LEASH LAW VIOLATIONS**

Leash law requirements include investigations based on response to citizen complaints or while performing regular patrol and seeing a dog off leash. Pursuant to Municipal Code § 6.16.100- Leash required, "No person owning or harboring any dog shall allow or permit such dog, whether licensed or not, to be upon a public street, sidewalk, park, school ground, public place or upon any unenclosed lot or land except when held under leash by an able-bodied person."

During the hours of 0800 to 1700, Monday-Sunday, these calls should be referred to the on-duty ACO through the Communications Center. Requirements for dogs being on leash are also enforced by ACOs or police officers while doing regular patrol within the City.

The first leash law violation may result in either a verbal or Administrative warning. All subsequent leash law violations may result in an Administrative citation being issued.

The ACO or police officer should fill out an Animal Incident Reporting Form, and the Case Number should be issued by the Communications Center and indicated on the form. It is critical to have complete and accurate information on the form.

#### **820.4 DECEASED ANIMALS**

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

## *Animal Control*

---

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

When handling deceased animals, members should attempt to identify and notify the owner of the final disposition of the animal.

### **820.5 INJURED ANIMALS**

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

#### **820.5.1 PERMITTING ANIMAL TO GO WITHOUT ADEQUATE CARE: SEIZURE HEARINGS**

Police shall investigate reported complaints of animals not being provided adequate care, and should consult with Animals Services for assistance in determining the validity of the complaint. Those complaints relating to inadequate veterinary care should be referred to the City Veterinarian for assessment.

If after investigation an officer has reasonable grounds to feel that prompt action is required to protect the health or safety of the animal, or the health and safety of others, the officer shall immediately seize the animal and comply the following:

- (a) Penal Code § 597.1(f) states "Whenever an officer authorized under this section seizes or impounds an animal based on a reasonable belief that prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall, prior to the commencement of any criminal proceedings authorized by this section, provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a post-seizure hearing to determine the validity of the seizure or impoundment, or both.
- (b) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice of the seizure or impoundment, or both, to the owner or keeper within 48 hours, excluding weekends and holidays.
- (c) A statement that, in order to receive a post-seizure hearing, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning an enclosed declaration of ownership or right to keep the animal to the agency providing the notice with 10 days, including weekends and holidays, of the date of the notice. The declaration may be returned by personal delivery or mail.
- (d) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal and that the animal shall not be returned to the

## *Animal Control*

---

owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in liability for this cost.

- (e) The post-seizure hearing shall be conducted with 48 hours of the request, excluding weekends and holidays. The seizing agency may authorize its own officer or employee to conduct the hearing, if the hearing officer is not the same person who directed the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.
- (f) Where the need for immediate seizure is not present and prior to the commencement of any criminal proceedings authorized by this section, the agency shall provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a hearing prior to any seizure or impoundment of the animal."

If an animal is seized and impounded after determining that it is in need of protection or veterinary care, the ACO will transport it to the Animal Shelter or veterinarian. All animals seized or impounded are identified by a specific "animal number" and monitored through the Animal Services database.

### 820.5.2 VETERINARY CARE

The injured animal should be taken to a veterinarian as follows:

- (a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.
- (b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.
- (c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

If [Animal Control] is not available, the information will be forwarded for follow-up.

### 820.5.3 INJURED WILDLIFE

Injured wildlife should be referred to the Department of Fish and Wildlife or the Marine Mammal Center as applicable.

### 820.5.4 RESCUE OF ANIMALS IN VEHICLES

If an animal left unattended in a vehicle appears to be in distress, members may enter the vehicle for the purpose of rescuing the animal. Members should (Penal Code § 597.7(d)):

- (d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and [Department/Office] of the member involved in the rescue.
- (e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
- (f) Take the animal to an animal care facility, a place of safekeeping or, if necessary, a veterinary hospital for treatment.

### **820.6 AGGRESSIVE OR DANGEROUS ANIMALS**

#### **820.6.1 PURPOSE AND SCOPE**

Dangerous Animal means any dog or other animal, which demonstrates a propensity to assault, bite, scratch or harass people or other animals without provocation.

There shall be a rebuttable presumption that any animal that bites a person is a dangerous animal.

#### **820.6.3 PROCEDURE**

Pursuant to Municipal Code § 6.28, all calls relating to aggressive/vicious behavior are to be considered priority calls.

Animal Control Officers (ACO's) will respond to aggressive calls 24-hours per day 7-days per week. After 5:00 P.M., the on-call ACO will respond to these calls through the Communications Center.

Police may be the first responder on these incidents and they should request an ACO through the Communications Center.

If an ACO needs assistance during the investigation, they should request Police back-up through the Communications Center.

The Animal Incident Reporting Form should be used to document "Aggressive/Vicious Behavior" investigations. Either the ACO or police officer should complete the form. The Case Number should be assigned by the Communications Center and indicated on the form. It is critical to have complete and accurate information on the form. The Description of the biting/aggressive animal is extremely important as well as licensing and/or rabies vaccination documentation. If a bite has occurred to a human, the "Bite and Quarantine Procedures" are in a separate section.

### *Animal Control*

---

If after investigating the circumstances of the aggressive/vicious behavior, it is found that an impound of the animal is required, a hearing regarding designation of "Dangerous Animal" will be held within ten (10) calendar days of the contact with the animal owner. Because of the restrictive time-line all reports are required in writing to PAAS Supervisor by the calendar day following the incident.

Any injuries to other animals need to be documented.

Photos by the Police or ACO are necessary regardless of whether it is involving a human or another animal. All photos should be handled as evidence.

If the aggressive/vicious behavior results in the death of another animal, the City Veterinarian can perform a necropsy. The City Veterinarian should be contacted immediately so that appropriate handling of the body can be provided to the officer on scene.

If at anytime there is need for clarification, contact either the PAAS Supervisor, Superintendent. For questions about medical issues, contact the City Veterinarian.

## **820.7 MOUNTAIN LIONS**

### **820.7.1 PURPOSE AND SCOPE**

Because the City of Palo Alto is situated near undeveloped open space, officers may, on occasion, be called upon to handle situations dealing with mountain lions. This unique call for service may be in the form of answering general questions regarding mountain lions, or in response to an emergency, which will require an officer to take the appropriate action for the protection of life and property. All officers shall familiarize themselves with this policy and adhere to the following guidelines.

### **820.7.2 POLICY**

The Police Department and the Palo Alto Open Space Division are responsible for managing the presence of mountain lions within the City Limits. An expedient resolution to the presence of a mountain lion within a residential area may mitigate a potentially dangerous situation and thereby safeguard citizens and police personnel. The ultimate responsibility for public safety rests with the Police Department.

The California Fish and Game Code §4800 states that a mountain lion is a specially protected mammal under the laws of the state. It is unlawful to take, injure, possess, transport, import, or sell any mountain lion unless it can be demonstrated that the taking or injuring of the mountain lion was in self-defense or in the defense of others. A member of the Department may remove or take any mountain lion that is perceived to be an imminent threat to public health or safety. The mere presence of a mountain lion in an area frequented by humans does not make the mountain lion an "immediate threat" according to this policy.

### **820.7.3 PROCEDURE**

The following are guidelines for Police Department personnel on managing and dealing with mountain lions found within the City of Palo Alto

### *Animal Control*

---

- (a) Evaluate the threat and provide for public safety considerations that includes:
  - 1. Monitoring the actions of the animal;
  - 2. Location of the animal;
  - 3. The time of day of the incident;
  - 4. Pedestrian traffic in the area;
  - 5. Schools and children in the area;
  - 6. The ability to safely and effectively evacuate/lock-down facilities;
  - 7. Secure the area of the incident/encounter;
  - 8. Notify the Supervisor, Watch Commander and the FSD Captain;
  - 9. Notify the City's Open Space Division, Department of Fish and Game; and County Vector Control;
  - 10. Notify residents/businesses and school officials of the potential danger.

#### 820.7.4 SIGHTINGS

It is recognized that the City of Palo Alto borders undeveloped areas where many species of wildlife exist. The mere sighting of a mountain lion is not necessarily a cause for concern or management action. Exceptions to this would be instances where the lion appears to be sick or injured, is in a residential neighborhood, or where the lion displays some abnormal behavior or condition.

When a sighting occurs in designated wildlife areas such as the foothills or creek corridors, Palo Alto Communications will notify the on-call Open Space Naturalist. The Naturalist will document the sighting on an Animal Incident and Observation Form.

If the sighting occurs on the east side of Junipero Serra Boulevard, the Naturalist will ask Communications to notify the on-duty Watch Commander via the computer with limited information being broadcasted over the Police radio. The Watch Commander will make a determination as to whether or not the animal is a threat to public safety based on the actions of the animal and the location of the incident.

If the Open Space Naturalist determines that the sighting is a recurring event, they will provide educational material on the respective wildlife to the public. They will also notify the Department of Fish and Game, County Vector Control and the appropriate adjacent agencies of the recurring mountain lion sightings.

#### 820.7.5 ENCOUNTERS OR INCIDENTS

An encounter is an unexpected meeting between a human and a mountain lion. When an encounter occurs, Palo Alto Police Communications will immediately notify the Palo Alto Open Space Division and the Watch Commander.

During an encounter, animals will either display acceptable or unacceptable behavior.

### *Animal Control*

---

#### 820.7.6 ACCEPTABLE BEHAVIOR

Acceptable behavior can be defined as any wildlife-human interaction where there is no unprovoked aggression from the animal toward the human. No immediate threats to humans exist. The lion is in, or is in close proximity to, uninhabited areas or regularly traveled corridors. All indications are that the lion will return to the wilderness area and will not compromise public safety.

(a) ACCEPTABLE BEHAVIOR INCLUDES:

1. A lion that retreats at the sight of humans;
2. A lion that takes an aggressive posture followed by retreating or no further aggression;
3. A lion that stays put while humans show no aggression;
4. A lion that shows signs of curiosity while humans show no aggression.

(b) ACCEPTABLE BEHAVIOR INVESTIGATION

1. The Palo Alto Police Department and Open Space Division will investigate the incident, obtain witness information, document the incident and evaluate any patterns. They will notify the Department of Fish & Game, if appropriate;
2. Close and secure the area until it can be safely re-opened;
3. Notify residents/businesses and school officials of the potential danger;
4. The Open Space Division will provide educational material on the respective wildlife to the public.

#### 820.7.7 UNACCEPTABLE BEHAVIOR

Unacceptable behavior is when a lion displays unprovoked aggression, repetitive acts of nuisance, or unacceptable levels of damage to personal property, including domesticated animals. or when athreat to human life has occurred or is imminent and the lion's immediate departure to an uninhabited area is unlikely without further human contact and therefore is a threat to public safety.

(a) UNACCEPTABLE BEHAVIOR INCLUDES

1. A lion that displays unacceptable aggression;
2. A lion that exhibits forms of predatory behavior towards humans;
3. A lion that continues to disturb, raid, or investigate humans or areas of high usage;
4. A lion that displays a lack of fear of humans by aggressively approaching, or failing to retreat, when humans take aggressive actions;
5. A lion that stalks humans.

(b) UNACCEPTABLE BEHAVIOR INVESTIGATION

## Policy Manual

### *Animal Control*

---

1. Palo Alto Police Communications will immediately notify the Watch Commander and the City's Open Space Division via the computer with limited information broadcasted on the Police radio;
2. The Watch Commander will establish a command post to monitor the incident. Once again, Officers should constantly monitor the threat to public safety by evaluating the actions of the animal, location, time of day, the amount of pedestrians/traffic in the area as well as the ability to effectively evacuate and make notifications in a safe manner;
3. Establish a perimeter and deploy personnel to control the mobility of the animal;
4. Notify residents, businesses and schools in the area using the Alert SCC System and other approved systems;
5. Consider evacuations/lock-downs of public facilities including schools;
6. Consider air support to track the animal;

9. Distribute fliers and educational materials if the animal is not contained.

The Palo Alto Police Department should attempt to dispatch a mountain lion when it can be reasonably determined that the lion has been involved in an unprovoked aggression toward a human and/or is a threat to public safety. Ensuring a safe a proper backdrop is essential prior to attempting to destroy the animal by using a firearm. All attempts must be made to insure that the fired round does not inadvertently cause injury or unnecessary damage, should it pass through the animal or the target is missed. Favorable backdrops to consider include large trees or the ground.

#### 820.7.8 ATTACK

In the event of a mountain lion attack on a human, Palo Alto Police Communications will immediately notify the Watch Commander, the City's Open Space Division and dispatch units to the scene.

Officers will treat the attack as a critical incident and activate the SEMS System. The Police Department will:

- (a) Attend to the medical needs of the victim;
- (b) Secure the area;
- (c) Notify the Department of Fish and Game and County Vector Control. The Fish and Game will send their Evidence Team Technicians to assist with processing the scene;
- (d) Coordinate with the Fish and Game for the proper disposition of the animal;
- (e) Work with the Fish and Game to collect evidence and process the scene.

If there is any suspicion that the individual may be suicidal, he/she shall be transported to the City jail or the appropriate mental health facility.

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

  - 2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):

# Evaluation of Employees

## 1002.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

## 1002.2 POLICY

The Palo Alto Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

## 1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

**Special** - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. The evaluation form and the attached documentation shall be submitted as one package.

- (a) The basis for the grievance, ie, the facts of the case;
- (b) Allegations of specific wrongful act(s) and harm done;

A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

### **1006.5 GRIEVANCE AUDITS**

The Personnel and Training Lieutenant shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Personnel and Training Lieutenant shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Personnel and Training Lieutenant should promptly notify the Chief of Police.

# Anti-Retaliation

## 1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

## 1008.2 POLICY

The Palo Alto Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.

- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

## *Anti-Retaliation*

---

### **1008.4 COMPLAINTS OF RETALIATION**

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Personnel and Training Lieutenant.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

#### **1008.9 TRAINING**

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

# Reporting of Employee Convictions

## 1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the [Department/Office] of any past and current criminal convictions.

The Administrative Services Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this [department/office] (11 CCR 1003).

The Administrative Services Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this [department/office] or any former peace officer if this [department/office] was responsible for the investigation (11 CCR 1003).

## 1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

## 1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this [department/office] may be inherently in conflict with law enforcement duties and the public trust.

### *Reporting of Employee Convictions*

---

#### **1010.4 REPORTING PROCEDURE**

All members of this [department/office] and all retired officers with an identification card issued by the [Department/Office] shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the [Department/Office] shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

#### **1010.5 PROCEDURE FOR RELIEF**

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The [Department/Office] may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

## Address and Telephone Number Changes

### **1011.1 PURPOSE AND SCOPE**

Employees are subject to "call" on a twenty-four (24) hour basis to ensure that major events have an adequate response. Therefore, it shall be the Palo Alto Police Department's policy that all employees shall have a telephone at their primary residence. Further, it is imperative that the "call-up" list be maintained and kept current.

### **1011.2 PROCEDURE**

All employees of the Palo Alto Police Department shall report any change in their address or telephone number within twenty-four (24) hours. Such information shall be directed to the employee's immediate supervisor and the Personnel and Training Lieutenant in writing.

## Drug- and Alcohol-Free Workplace

### 1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

### 1012.2 POLICY

It is the policy of this [department/office] to provide a drug- and alcohol-free workplace for all members.

### 1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on [department/office] time can endanger the health and safety of [department/office] members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

#### 1012.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the [Department/Office] while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

#### 1012.3.2 USE OF MARIJUANA

Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

### 1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on [department/office] premises or on [department/office] time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

## *Drug- and Alcohol-Free Workplace*

---

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

### **1012.5 EMPLOYEE ASSISTANCE PROGRAM**

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Personnel and Training, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

### **1012.6 WORK RESTRICTIONS**

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the [Department/Office].

### **1012.7 REQUESTING SCREENING TESTS**

The supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

## *Drug- and Alcohol-Free Workplace*

---

### 1012.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

### 1012.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

### 1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the [Department/Office] will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

### 1012.9 CONFIDENTIALITY

The [Department/Office] recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

## Sick Leave

### 1014.1 PURPOSE AND SCOPE

Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available and terms of use are detailed in the employee's respective personnel manual or applicable collective bargaining agreement. In the event an employee is sick and has depleted his/her sick leave balance, he/she may be placed in an unpaid status for missed work.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA), the California Family Rights Act, leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

### 1014.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, diagnosis, care or treatment for existing health conditions, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity which may impede recovery from the injury or illness.

Upon return to work, employees shall complete and submit a leave request describing the type of leave used and the specific amount of time taken.

#### 1014.2.1 NOTIFICATION

All employees scheduled to work in the Field Services Division are required to call Communications and report their absence. The call taker will create a call for service and route it to the on-duty supervisor for handling. The on-duty supervisor is responsible for ensuring any staffing deficiencies are filled. All other Department employees are required to contact the appropriate supervisor to report their absence. All employees are encouraged to report their absence as soon as they are aware that they will not be able to report to work. Barring an emergency, employees shall make such notification no less than one hour before the start of their scheduled shift. If an employee is unable to make the appropriate notification, every effort should be made to have a representative call on his/her behalf.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever possible, provide the Department with no less than 30-days' notice of the intent to take leave (Labor Code § 246).

## *Sick Leave*

---

Sworn personnel assigned to training, such as Sergeants' meetings or CPTs, shall contact the Personnel and Training Supervisor or Lieutenant to report his/her absence.

### **1014.3 EXTENDED ILLNESS**

Employees on extended absences shall, if possible, contact their unit supervisor at three-day intervals to provide an update on their absence and expected date of return. Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a statement from their health care provider supporting the use of sick leave and/or the ability to return to work.

Nothing in this section precludes a supervisor, with cause, from requiring a health care provider's statement if three or fewer sick days are taken after the first three days of paid sick leave are used in a 12-month period.

### **1014.4 SUPERVISOR RESPONSIBILITY**

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

### **1014.5 REQUIRED NOTICES**

The Personnel and Training Lieutenant shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- (b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

# Communicable Diseases

## 1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of [department/office] members contracting and/or spreading communicable diseases.

### 1016.1.1 DEFINITIONS

Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Palo Alto Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

## 1016.2 RESPIRATORY PROTECTION PROGRAM

### 1016.2.1 PURPOSE AND SCOPE

The Palo Alto Police Department is committed to preventing injury and illness in the workplace and makes every effort to protect our employees from harmful airborne substances.

The Department has determined that employees may be exposed to certain airborne hazards like riot control agents and Tuberculosis during routine and emergency situations. The purpose of this program is to ensure that police employees are protected from exposure to respiratory hazards.

This general order establishes a respiratory protection program for police personnel. This program will comply with the California Code of Regulations, Title 8, § 5144, Respiratory Protection.

### 1016.2.2 APPLICATION

This program applies to all police personnel who are required to wear respirators during normal work operations and during emergency situations.

Participation in this program is mandatory for all reserve officers, officers, agents, sergeants, and lieutenants. Any employee who voluntarily wears a respirator or filtering face piece, when a respirator is not required is subject to the medical evaluation, fit test, cleaning, maintenance, and storage elements of this program.

Employees participating in the respiratory protection program do so at no cost. The expense associated with the training, medical evaluations and respiratory protection equipment will be borne by the City of Palo Alto.

### *Communicable Diseases*

---

#### 1016.2.3 POLICY

Employees will use their respirators under conditions specified by this policy, and in accordance with the training they receive on the use of each model. In addition, the respirator shall not be used in a manner for which it is not certified by NIOSH or by its manufacturer.

#### 1016.2.4 RESPONSIBILITIES

- (a) **Program Administrator:** The Program Administrator is responsible for administering the respiratory protection program. The Safety Officer is the Program Administrator for the City of Palo Alto. Duties of the Program Administrator includes:
  - 1. Evaluate respiratory hazards;
  - 2. Arrange for qualitative fit testing using an accepted OSHA protocol;
  - 3. Administer the medical surveillance program;
  - 4. Maintain records required by the program;
  - 5. Evaluate the program;
  - 6. Update the written program, as needed;
- (b) **Police Department Coordinator:** The Field Services Captain will assign one member of the Department to act as the Police Department's respiratory protection program coordinator. Duties of the Program Coordinator includes:
  - 1. Purchase, maintain and inventory of respirators and filter canisters;
  - 2. Coordinate with the Program Administrator on how to address respiratory hazards or other concerns regarding the program;
  - 3. Ensure employees attend the required training;
  - 4. Identify work areas and tasks that require workers to wear respirators;
  - 5. Select respiratory protection options;
  - 6. Ensure proper storage and maintenance of respiratory protection equipment;
  - 7. Ensure that employees under their supervision (including new hires) have received the appropriate training, fit testing, and annual medical evaluation;
  - 8. Ensure the availability of appropriate respirators and accessories;
  - 9. Awareness of tasks requiring the use of respiratory protection;
  - 10. Enforce the proper use of respiratory protection when necessary;
  - 11. Ensure that respirators are properly cleaned, maintain, and stored according to manufacturers specifications;
  - 12. Continually monitor work areas to identify respiratory hazards.

### *Communicable Diseases*

---

- (c) **Employees:** It is the responsibility of the employee to have an awareness of the respiratory protection requirements for his or her work areas in accordance with the City's respiratory protection program. Employees are responsible for wearing the appropriate respiratory equipment according to instructions. Employees are also responsible to observe all factors and conditions required to demonstrate a good respirator fit and adequate face seal. Employees must also:
1. Care for and maintain respiratory protection equipment as instructed;
  2. store respiratory protection equipment in a clean and sanitary location; I
  3. Inform their supervisors, if the respirator no longer fits well and to request a new one that fits properly;
  4. Inform their supervisor or the Program Administrator of any respiratory hazards that they feel is not adequately addressed in the workplace and of any concerns that they have regarding the program;

#### 1016.2.5 WORKPLACE EXPOSURE ASSESSMENT

The type of airborne hazards presented to police personnel occurs in situations where engineering controls are not feasible or adequate. Control of airborne hazards through employee's use of respirators will provide emergency protection against occasional and relatively brief exposures. The results of the current hazard evaluation have identified the following potential exposure risks:

- (a) Potential risk of exposure to CN and CS gas during enforcement and training. The Department utilizes both CN and CS gas. The gas can be delivered by shotgun grenades and via a 37mm launcher. The deployment of CN and CS gas is restricted to members of the Special Weapons and Tactics Team (SWAT); however, it is recognized that CN and CS gas can spread and affect other people in the area. Properly worn full-face purifying respirators are effective for protecting the eyes, nose, mouth, and throat from CN and CS gas.
- (b) Potential risk of exposure to OC spray during enforcement and training. The Department utilizes OC spray in MK-3 canisters for use by individual officers, and large area foggers are used by SWAT for crowd control. Properly worn full-face air purifying respirators are effective for protecting the eyes, nose, mouth, and throat from OC spray.
- (c) Potential risk of exposure to tuberculosis (TB) while interacting with individuals likely to be infected. The use of a one half face respirator has been shown to be effective in protecting the wearer from TB.

#### 1016.2.6 RESPIRATORY EQUIPMENT SELECTION AND USE

There are two different pieces of equipment that fall under the category of respirators that Palo Alto Police Department field employees shall be provided:

### *Communicable Diseases*

---

- (a) The first is a full-face air purifying respirator, commonly known as a gas mask, which will be the MSA Advantage 1000 or similar respirator. This full-face respirator is to be used to protect the employee from chemical agents such as CN and CS. The employee is advised that the full-face respirator is National Institute for Occupational Safety and Health (NIOSH) certified to protect against CN and CS, and is effective but not certified in protecting against OC, Sarin, Hydrogen Cyanide, and other chemicals. The respirator is not intended to protect against all Weapons of Mass Destruction type agents and does not supply its own oxygen.
- (b) The second type of respirator supplied to field employees is the one half face N95 respirator. This respirator closely resembles a mesh surgical mask or dust mask and is intended to protect the employee against Tuberculosis (TB.) The one half face N95 respirator will be the 3M respirator or similar product. The one half face respirator is not designed to protect the wearer against chemical agents but rather is useful in protecting the wearer from contracting TB from a TB victim. These one half face respirators shall be kept in the patrol and CSO vehicle first aid kits. A field employee may retain extra one half face masks if they desire. The N95 filters exhaled air outside the mask so logically the mask would not be appropriate to place on a TB victim. The mask is instead only for use by the employee.

#### 1016.2.7 REQUIREMENTS

Reserves, officers, agents, sergeants, and lieutenants will be issued air-purifying respirators. These employees are required to have their respirators available in the field when working uniformed assignments. One half face TB respirators will be kept in vehicle first aid kits.

Reserves, officers, agents, sergeants, and lieutenants should make every effort to wear their respirators in situations involving harmful exposures. It is recognized that in emergency situations, employees may be unable to obtain and don a respirator prior to deploying harmful agents such as CN, CS and OC. Employees should take appropriate action to avoid exposure. Respirators should be obtained and worn as soon as practical.

All respirators must be certified by NIOSH and shall be used in accordance with the terms of that certification. All filters, cartridges, and canisters must be labeled with the appropriate NIOSH approval label. The label must not be removed or defaced while it is in use.

Air-purifying respirators should not be used under the following conditions:

- (a) When contaminants have poor warning properties; that is, when the contaminant can not be recognized by taste, smell or irritation at or below the permissible exposure limits;
- (b) In oxygen-deficient atmospheres (below 19.5%);
- (c) In atmospheres Immediately Dangerous to Life or Health (IDLH); and
- (d) Atmospheres in which short exposures would cause death, injury or delayed reaction;

### *Communicable Diseases*

---

When there is a respirator selection question remember to refer to the Material Safety Data Sheet for the appropriate personal protective equipment.

#### 1016.2.8 USER SEAL CHECK

All employees shall conduct user seal checks each time they wear their respirator. Employees shall use the positive and negative pressure check specified in this policy.

The individual who uses a tight-fitting respirator is to perform a user seal check to ensure that an adequate seal is achieved each time the respirator is put on.

Either the positive and negative pressure checks listed in this policy, or the respirator manufacturer's recommended user seal check method shall be used. User seal checks are not substitutes for qualitative or quantitative fit tests.

#### 1016.2.9 FACE PIECE POSITIVE PRESSURE CHECK

Close off the exhalation valve and exhale gently into the face piece. The face fit is considered satisfactory if a slight positive pressure can be built up inside the face piece without any evidence of outward leakage of air at the seal.

For most respirators this method of leak testing requires the wearer to first remove the exhalation valve cover before closing off the exhalation valve and then carefully replacing it after the test.

#### 1016.2.10 FACE PIECE NEGATIVE PRESSURE CHECK

Close off the inlet opening of the canister or cartridge(s) by covering with the palm of the hand(s) or by replacing the filter seal(s), inhale gently so that the face piece collapses slightly, and hold the breath for ten seconds.

The design of the inlet opening of some cartridges cannot be effectively covered with the palm of the hand. The test can be performed by covering the inlet opening of the cartridge with a thin latex or nitrile glove. If the face piece remains in its slightly collapsed condition and no inward leakage of air is detected, the tightness of the respirator is considered satisfactory.

#### 1016.2.11 MANUFACTURER'S RECOMMENDED USER SEAL CHECK

The respirator manufacturer's recommended procedures for performing a user seal check may be used instead of the positive and/or negative pressure check procedures provided.

#### 1016.2.12 RESPIRATOR CLEANING PROCEDURES

These procedures are provided for employer/employee use when cleaning respirators. They are general in nature, and the employer/employee as an alternative may use the cleaning recommendations provided by the manufacturer of the respirators. The Department must ensure that the respirator is properly cleaned and disinfected in a manner that prevents damage to the respirator and does not cause harm to the user.

##### (a) CLEANING PROCEDURES:

# Palo Alto Police Department

## Policy Manual

### *Communicable Diseases*

---

1. Remove filters, cartridges, or canisters. Disassemble face-pieces by removing speaking diaphragms, demand and pressure-demand valve assemblies, hoses, or any components recommended by the manufacturer.
  2. Discard or repair any defective parts.
  3. Wash components in warm (43 deg. C [110 deg. F] maximum) water with a mild detergent or with a cleaner recommended by the manufacturer.
  4. A stiff bristle (not wire) brush may be used to facilitate the removal of dirt.
  5. Rinse components thoroughly in clean, warm (43 deg. C [110 deg. F] maximum), preferably running water. Drain.
- (b) **DISINFECTING**-When the cleaner used does not contain a disinfecting agent, respirator components should be immersed for two minutes in one of the following:
1. Hypochlorite solution (50 ppm of chlorine) made by adding approximately one milliliter of laundry bleach to one liter of water at 43 deg. C (110 deg. F);
  2. Aqueous solution of iodine (50 ppm iodine) made by adding approximately 0.8 milliliters of tincture of iodine (6-8 grams ammonium and/or potassium iodide/100 cc of 45% alcohol) to one liter of water at 43 deg. C (110 deg. F);
  3. Other commercially available cleansers of equivalent disinfectant quality when used as directed, if their use is recommended or approved by the respirator manufacturer.
- (c) **COMPLETION:**
1. Rinse components thoroughly in clean, warm (43 deg. C [110 deg. F] maximum), preferably running water. Drain. The importance of thorough rinsing cannot be overemphasized. Detergents or disinfectants that dry on facepieces may result in dermatitis. In addition, some disinfectants may cause deterioration of rubber or corrosion of metal parts if not completely removed.
  2. Components should be hand-dried with a clean lint-free cloth or air-dried. Reassemble face piece, replacing filters, cartridges, and canisters where necessary.
  3. Test the respirator to ensure that all components work properly.

#### 1016.2.13 FILTER REPLACEMENT SCHEDULE

Filters will be stored in their sealed pouches until such time as an employee needs to deploy a respirator. Opened filters that have not been exposed to a hazardous substance will be replaced after 40 hours use. Opened filters that have been exposed, or that may have been exposed to a hazardous substance, will be replaced after 10 hours use.

## *Communicable Diseases*

---

SWAT officers who expose their filters to live chemical agents at yearly trainings shall discard the exposed filter after training and be issued a sealed new one.

Unopened filters will be replaced every two years.

### 1016.2.14 MEDICAL AND FIT TESTING

Employees who are either required to wear respirators, or who choose to wear a respirator voluntarily, must pass a medical exam before being permitted to wear a respirator on the job. The POST pre-employment exam covering respiratory protection will satisfy this requirement. Those employees will also be required to undergo qualitative TBN95 mask fit testing and a quantitative fit test for the full face mask to ensure a proper seal against the face. Medical and fit tests will be conducted in accordance with the City's policy.

Respirators cannot be worn when conditions prevent a good seal between the face of the wearer and the seal area of the respirator. Facial hair, sideburns, moustaches, long hairlines, or bands can pass between the sealing surface of the face piece and the face thus interfering with the function of the respirator valve(s) causing leakage of air or preventing air from entering the face piece on demand. Moustaches, small sideburns, hair length, and "Van Dyke" type beards are acceptable if they are worn in a manner so as not to come between the skin and the sealing surfaces of the respirator. All affected employees must comply with these regulations. No exceptions will be made.

### 1016.2.15 EMPLOYEE SAFETY

All employees will be permitted to leave the respirator use area to wash their face and respirator face piece as necessary to prevent irritation associated with respirator use; if they detect vapor or gas breakthrough; changes in breathing resistance; or leakage of the face piece. They may also leave to replace the respirator, cartridges, or canister elements.

## 1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that [department/office] members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
  - 1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

## *Communicable Diseases*

---

2. Bloodborne pathogen mandates including (8 CCR 5193):
    - (a) Sharps injury log.
    - (b) Needleless systems and sharps injury protection.
  3. Airborne transmissible disease mandates including (8 CCR 5199):
    - (a) Engineering and work practice controls related to airborne transmissible diseases.
    - (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.
  4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).
  5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.
  6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).
- (f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other [department/office] members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the [Department/Office] website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/ OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

### **1016.4 EXPOSURE PREVENTION AND MITIGATION**

#### **1016.4.1 GENERAL PRECAUTIONS**

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or [department/office] vehicles, as applicable.
- (b) Wearing [department/office]-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

## *Communicable Diseases*

---

- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
  - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

### **1016.4.2 IMMUNIZATIONS**

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

### **1016.5 TRAINING**

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

### **1016.6 CONFIDENTIALITY OF REPORTS**

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

### **1016.7 POST EXPOSURE**

### *Communicable Diseases*

---

#### 1016.7.1 COUNSELING

The [Department/Office] shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

#### 1016.7.2 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

#### 1016.7.3 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

#### 1016.7.4 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

[Department/Office] members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

### *Communicable Diseases*

---

No other information should be requested or accepted by the ECO.

#### **1016.7.5 SOURCE TESTING**

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

#### **1016.8 POLICY**

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

## 1018.2 POLICY

The Palo Alto Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

## 1018.3 SMOKING AND TOBACCO USE

## Personnel Complaints

### 1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Palo Alto Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

#### 1020.1.1 INTERNAL AFFAIRS COMPLAINT INVESTIGATION GUIDELINES

For detailed information about complaint investigation refer to the Department Internal Affairs Complaint Investigation Guideline Manual.

### 1020.2 POLICY

The Palo Alto Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

### 1020.3 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

### 1020.4 IA PRO SOFTWARE EARLY IDENTIFICATION AND INTERVENTION SYSTEM

#### 1020.4.1 PURPOSE AND SCOPE

The Palo Alto Police Department utilizes IA Pro software to track Internal Affairs Investigations and other statistical information. IA Pro is a management tool used to efficiently assign and monitor Internal Affairs investigations and to assist with an Early Identification and Intervention

### *Personnel Complaints*

---

System, (EIS). Additionally, IA Pro establishes "thresholds" to determine possible training needs of employees. The system is designed to be highly secure at the database level and at the application level with record level screening, feature access screening, mailbox screening, and tracking of users' actions into a background usage log.

EIS is intended to be a "positive" approach so that supervisors and managers can address behavior before it results in discipline, lawsuits, injuries or other negative consequences. This systematic, proactive approach reflects the Palo Alto Police Department's commitment to integrity and ethics both internally and externally. EIS also represents the Police Department's commitment to the welfare of all employees. This policy is intended to assist Police Department supervisors and managers in identifying employees whose performance may require review, training, counseling or other resources that might improve the employee's performance.

#### 1020.4.2 PROCEDURES

The Palo Alto Police Department has purchased and installed an IA-PRO software program. The Personnel and Training Unit will coordinate the administration, data entry and review of both the EIS and the IA-PRO software. Information from IA-PRO and the EIS system are considered confidential and will not be shared without proper authorization.

Employees will be allowed to review their own personal data by contacting the Personnel and Training Lieutenant to set up an appointment. Information will not be released to an outside source without a valid Pitchess Motion, Court Order, or lawful request. No copies of any IA-PRO screens will be placed in an officer's personnel file. Files will be purged from the IA-PRO system in accordance with the section 1026 of this manual.

#### 1020.4.3 EARLY INTERVENTION

The components of the EIS include Performance Indicators; Identification and Selection; Intervention and Follow-up Monitoring.

#### 1020.4.4 PERFORMANCE INDICATORS

Performance indicators represent the category of employee performance activity that the Palo Alto Police Department has selected to monitor. Incidents used as indicators may include but are not limited to:

- Use of Force (Less Lethal and Deadly Force)
- Vehicle Pursuits
- Citizens Complaints
- Commendations, Compliments and Awards (Citizen and Departmental)
- Claims and Civil Suits
- Canine Bites
- Internal Affairs Investigations

### *Personnel Complaints*

- District Attorney Case Rejections
- Accidental Discharges
- Worker's Compensation Claims
- Informal Inquiry Reports
- Accidents
- Sick Leave

#### 1020.4.5 IDENTIFICATION AND SELECTION

Three (3) incidents in a twelve month period will result in an alert in the IAPRO Records Management System. The Personnel and Training Lieutenant will advise the affected employee's supervisor, manager, and Division Captain/Coordinator. This group will conduct a careful evaluation of any related documentation to determine if the employee's performance is problematic and requires intervention. A non-disciplinary interview with the employee may also be conducted. After a review, it may be determined that an intervention is not appropriate as the behavior did not require such.

#### 1020.4.6 INTERVENTION

If intervention is determined to be the course of action, the employee's supervisor will be responsible for developing a plan. The plan will include specific examples of what performance requires improvement as well as the performance expectations. The plan will also identify the activities, support systems, and resources that will be provided to assist the employee. The supervisor will consult with the employee to obtain their input when developing the intervention plan. The supervisor and Division Captain/Coordinator will determine the amount of time that the intervention plan will be in place. The supervisor will provide the Division Captain/Coordinator with monthly updates on the employee's performance. Intervention may include but is not limited to training, counseling, departmental changes or voluntary re-assignments. Training options include, but are not limited to:

- Defensive Tactics
- Legal Updates (Search and Seizure)
- Report Writing
- Anger Management
- Cultural Diversity

- Physical Fitness Training

## *Personnel Complaints*

### **1020.4.7 POST INTERVENTION MONITORING**

Once the intervention plan has been completed, the supervisor and Division Captain/Coordinator will review the employee's performance on a quarterly basis to ensure that the plan has been successful.

### **1020.5 CRIMINAL INVESTIGATION**

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

### *Personnel Complaints*

---

The Palo Alto Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

#### **1020.6 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES**

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

##### **1020.6.1 DIVISION COMMANDER RESPONSIBILITIES**

Upon receipt of any completed personnel investigation, the Division Captain of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Captain may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Captain may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Captain shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

##### **1020.6.2 CHIEF OF POLICE RESPONSIBILITIES**

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Captain for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
  - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

## *Personnel Complaints*

---

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

### **1020.7 PRE-DISCIPLINE EMPLOYEE RESPONSE**

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

### **1020.8 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE**

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

### **1020.9 POST-DISCIPLINE APPEAL RIGHTS**

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

### *Personnel Complaints*

---

During any administrative appeal, evidence that an officer has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

#### **1020.10 PROBATIONARY EMPLOYEES AND OTHER MEMBERS**

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the Peace Officer Bill of Rights (Government Code § 3303; Government Code § 3304). At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

#### **1020.11 RETENTION OF PERSONNEL INVESTIGATION FILES**

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

## Seat Belts

### 1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

#### 1022.1.1 DEFINITIONS

Definitions related to this policy include:

**Child restraint system** - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

### 1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

### 1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

### 1022.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

### 1022.5 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

### *Seat Belts*

---

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

#### **1022.6 POLICY**

It is the policy of the Palo Alto Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

#### **1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS**

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

#### **1022.8 VEHICLE AIRBAGS**

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

# Body Armor

## 1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

## 1024.2 POLICY

It is the policy of the Palo Alto Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

## 1024.3 ISSUANCE OF BODY ARMOR

The Administrative Services supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Palo Alto Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administrative Services supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

### 1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) The Department encourages all on-duty officers to wear soft body armor, but it is required for sworn personnel hired after January 1, 1999, whenever they are in uniform.
- (c) When officers are assigned to a SWAT operation, stakeout, service of felony arrest warrant(s), or, are serving a search warrant at a location where there is reason to believe a felony suspect may be present, the wearing of a body armor is mandatory. This requirement applies to all officers, whether in a uniform or plain clothes assigned.
- (d) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (e) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (f) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

### *Body Armor*

---

- (g) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

#### 1024.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

A written request for the sealing of disciplinary actions or sustained citizen complaints should be directed to the Personnel and Training Lieutenant.

#### 1026.8.2 CITY HUMAN RESOURCES DEPARTMENT

The City Human Resources Department shall be notified in all cases where sealing of disciplinary action is taken. Human Resources Department copies of the disciplinary action will also be sealed in a manner consistent with the Police Department's action.

#### 1026.8.3 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

#### 1026.8.4 RELEASE OF PERSONNEL INFORMATION

Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this [department/office] may be guilty of a misdemeanor (Penal Code § 146e).

The [Department/Office] may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

#### **1026.9 PURGING PROCEDURE**

The Personnel and Training Department is responsible for the personnel record purging process. Administrative and Internal Affairs Investigation documents, Citizen Complaints and other related files will be purged according to the City of Palo Alto Record Retention Schedule, provided that the documents are not evidence in any criminal proceeding, related to any claim filed against the City or related to any pending litigation.

Prior to purging personnel or Internal Affairs Investigation documents, authorization must be obtained from the City Attorney's office and the destruction of documents must be approved, in writing, from the City Clerk's office.

Every effort should be made by the Personnel and Training Division to annually purge personnel files, according to the City's Records Retention Schedule.

Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The [Department/Office] shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the [Department/Office] shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

- (a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

- (c) Criminal investigations involving the member.
- (d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

- (f) Materials used by the [Department/Office] for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.
- (g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.

## *Personnel Records*

- (h) Records relevant to any other pending claim between the [Department/Office] and the member that may be discovered in a judicial proceeding.

### **1026.11 RETENTION AND PURGING**

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.
- (c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

## Policy Manual

### Personnel Records

---

- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer's action was consistent with law and [department/office] policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

- (a) Records relating to the report, investigation, or findings of:
  1. The discharge of a firearm at another person by an officer.
  2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.
- (b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the [department/office] or oversight agency regarding:
  1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
  2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the [Department/Office] shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

#### 1026.13.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

## *Personnel Records*

---

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
- (b) Information that would compromise the anonymity of complainants and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

### 1026.13.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
  - 1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
  - 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.
- (b) Filed criminal charges
  - 1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
  - 1. Disclosure may be delayed until whichever occurs later:
    - (a) There is a determination from the investigation whether the use of force violated law or [department/office] policy, but no longer than 180 days after the date of the [department/office]'s discovery of the use of force or allegation of use of force
    - (b) Thirty days after the close of any criminal investigation related to the officer's use of force

1026.13.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
  - 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
    - (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the [Department/Office] must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the [Department/Office] may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).

## Meal Periods and Breaks

### 1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager.

#### 1034.1.1 MEAL PERIODS

Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City. No more than three uniformed officers should be in the same food establishment without prior supervisory approval.

The time spent for the meal period shall not exceed the authorized time allowed.

#### 1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty.

Employees normally assigned to the facility shall remain in the facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field will take their breaks in the City, subject to call and shall monitor their radios.

# Lactation Break Policy

## 1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (Labor Code § 1034).

## 1035.2 POLICY

It is the policy of this [department/office] to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

## 1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt [department/office] operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

## 1035.4 PRIVATE LOCATION

The [Department/Office] will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

## *Lactation Break Policy*

---

### **1035.5 STORAGE OF EXPRESSED MILK**

Any employee storing expressed milk in any authorized refrigerated area within the [Department/Office] shall clearly label it as such and shall remove it when the employee ends her shift.

#### **1035.5.1 STATE REQUIREMENTS**

Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

## Time Card Procedures

### **1036.1 PURPOSE AND SCOPE**

Payroll records are submitted to Administrative Services on a bi-weekly basis for the payment of wages.

#### **1036.1.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS**

Employees are responsible for the accurate and timely submission of payroll records for the payment of wages.

#### **1036.1.2 TIME REQUIREMENTS**

All employees are paid on a bi-weekly basis usually on Friday with certain exceptions such as holidays. Payroll records shall be completed and submitted to Administrative Services no later than 8:00 a.m. on the Wednesday morning before the end of the pay period, unless specified otherwise.

## Overtime

### 1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Agreement (MOA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

#### 1038.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 80 hours of compensatory time each annual quarter. At the end of each quarter, employees may be paid for hours accumulated over 80 hours or have the time "rolled over" into their vacation accrual as per each employee's Memorandum of Agreement (MOA).

### 1038.2 TYPES OF OVERTIME

Patrol lieutenants shall have the ultimate responsibility of managing their personnel and staffing levels in the Field Services Division. While there are numerous circumstances that may cause patrol officers to be away from work, patrol sergeants and lieutenants shall follow this policy when evaluating personnel needs and overtime. For the purposes of this policy, the titles of "Patrol Lieutenant" and Watch Commander are synonymous.

#### 1038.2.1 UNPLANNED OVERTIME

Examples of unplanned overtime include but are not limited to officers calling in sick, court appearances, personal business leave, bereavement leave, administrative leave or other personal emergencies. The Watch Commander, or supervisor if the Watch Commander is unavailable, is responsible for identifying the overtime needs and authorizing the assignment.

Any unplanned patrol overtime, as defined in the MOA, may be filled by the following procedure:

If an employee has not used all of their flexible training hours by the end of the shift year, he or she will be required to make up the difference by working extra/partial shifts or by using vacation, compensatory or holiday time.
- (c) Watch Commanders shall monitor the use of flexible training hours by their employees. Watch Commanders shall:
  - 1. Review all submitted training bank forms to ensure employees do not submit more than 17 hours of training bank usage in any 28-day FLSA cycle.

#### 1038.4.1 ACCOUNTING FOR PORTIONS OF AN HOUR

Partial hours of overtime worked are to be accounted for in quarters of an hour. One quarter is equivalent to fifteen minutes as indicated by the following chart.

#### TIME WORKED INDICATE ON CARD

1- 15 minutes 1/4 hour

#### 1038.4.2 VARIATION IN TIME REPORTED

When an Investigative Services Division sergeant is contacted during non-business hours and his or her personnel are requested, the following guidelines should be followed:

- (a) If the request involves a property crime, the following circumstances must exist for the Investigative Services Division sergeant to call in off-duty detectives:
  - 1. A suspect is in custody; or
  - 2. The location of a suspect is known, the location is in another jurisdiction, and the suspect needs to be arrested immediately.

The Investigative Services Division sergeant will assign two detectives to respond and assess what needs to be accomplished. If additional resources are required, the detectives will obtain authorization from their sergeant.

If the request involves a sexual assault or robbery, the Investigative Services Division sergeant will assign two detectives. If the request involves a homicide, the Investigative Services Division sergeant will assign as many detectives as he or she feels are required.

The Investigative Services Division Captain will be apprised of all sexual assaults, robberies and homicides.

#### 1038.5.3 MISCELLANEOUS INVESTIGATIVE SERVICES DIVISION OVERTIME

- (a) Overtime may be required to complete an on-going investigation where evidence or property could be lost if not immediately located. Overtime also may be required in order to apprehend a suspect in a timely fashion. In these situations, the overtime should be authorized if the Investigative Services Division sergeant believes the property recovered or the evidence sought is of great enough value to justify the overtime expenditure.

- (c) Any overtime worked by Investigative Services Division personnel will not exceed the 16-hour rule without approval of a supervisor. This includes overtime worked in other Divisions. ### **1038.6 COMMUNICATIONS OVERTIME POLICY**

The full staffing of Communications is essential to provide for the safety of the public. Communications will schedule overtime to provide for full staffing. If the overtime cannot be filled on a voluntary basis, employees will be selected to work mandatory overtime. One Communications lead dispatcher is the overtime scheduler. Overtime hours will be reflected in red on the Calendar Flow Chart.

#### **1038.6.1 COMMUNICATIONS PERSONNEL OVERTIME SIGN-UPS**

The Calendar Flow Chart will include open shifts that must be filled by overtime due to approved vacations, sick leave, personal leave, and other time off.

Requests for approval of vacations, sick leave, personal leave, and other time off will be forwarded to the Communications lead dispatcher handling scheduling responsibilities via e-mail correspondence.

To sign up for an overtime shift, the employee will place his or her name and the hours of the shift to be worked on the appropriate line next to the overtime reflected on the Calendar Flow Chart. At that point, those hours of the shift are considered filled.

The lead dispatcher or a Communications manager will review the signups for overtime at least weekly to ensure adequate staffing levels are met.

Seniority "bumps" will be permitted up to one week prior to the overtime date. To "bump" a less-senior employee, the employee will write his or her name on the Flow Chart and notify the employee who has been bumped of the canceled overtime.

Any dispatcher or lead dispatcher who wishes to sign up for a full shift may "bump" any overtime by an employee who has signed up for a partial shift.

Any hours that are normally scheduled to include "night time differential" (1800-0800 hours) that are not worked due to a shift slide to eliminate overtime hours shall still be paid to the employee who would have received the night time differential had the employee not slid his or her shift.

The amount of hours worked during a shift slide that eliminate overtime shall be credited on the Overtime Accrual List for the overtime hours the employee eliminated by the shift slide, even when no additional hours are worked than were originally scheduled.

Sign-ups for overtime may not be canceled less than 10 days from the date of the overtime. With the exception of exigent circumstances, it is the responsibility of the employee to fill any overtime hours the employee cancels within this 10-day frame.

#### **1038.6.2 PER DIEM OVERTIME SIGN-UPS**

Overtime is considered available for sign-up by per diem personnel on a "first come, first served" basis. Sworn Department personnel working as Communications per diem dispatchers are subject to being "bumped" by dispatchers or lead dispatchers up to two weeks prior to the date of the overtime. The per diem seniority recall list shall prevail for overtime needed within an immediate time frame.

### Overtime

---

#### 1038.6.3 MANDATORY OVERTIME

Every effort shall be made to fill overtime shifts by providing sufficient notifications for voluntary sign-ups. In the event that overtime is not been filled on a voluntary basis, a Communications manager, on-duty lead dispatcher, or the senior on-duty dispatcher mandate Communications personnel for an overtime assignment to ensure adequate staffing levels have been met.

Mandatory overtime shall be ordered for any overtime not scheduled one week prior to the shift and will be assigned based on the following factors:

- (a) Usage of overtime during the previous 30-day period;
- (b) Efficiency in extending shifts of on-duty dispatchers;
- (c) Whether the shift is full or partial;
- (d) Hardship or other extenuating circumstances;
- (e) Pre-planned time off;
- (f) Separation between shifts (10-hour minimum).

#### 1038.6.4 NOTIFICATION

- (a) All dispatchers shall maintain a telephone where the dispatcher may be notified in an emergency or for the purpose of assignment of mandatory overtime or cancellation of approved time off. It is the responsibility of the dispatcher to provide means of notification in the event of an emergency. Employees changing their residence addresses and/or telephone numbers shall immediately notify the lead dispatcher or the Communications manager of the changes in writing, in addition to notifying the Personnel and Training Unit as provided in Policy Manual §1011.
- (b) Dispatchers who maintain voice mail, pager, or home e-mail services may provide this information to Communications management in the event of an emergency or for the notification of mandatory overtime or cancellation of approved time off. The responsibility to be reached in the event of an emergency or for mandatory overtime or cancellation of approved time off includes the responsibility of responding to telephone messages, pages, and e-mails.
- (c) A dispatcher who is notified in an emergency or for the purpose of assignment of mandatory overtime or cancellation of approved time off shall respond to the on-duty lead dispatcher upon being notified. Failure to respond in a timely manner may result in disciplinary action.
- (d) The Communications manager, lead dispatcher, on-duty senior dispatcher assigning mandatory overtime will contact the employees required to perform mandatory overtime by notification using the following means:
  - 1. Telephone;
    - (a) If no response within a reasonable time, pager; and/or

### Overtime

---

- (b) If no response within a reasonable time, telephone message machine or voice mail; and/or
- (c) If no response within a reasonable time, e-mail.

Once the Communications manager, lead dispatcher, or on-duty senior dispatcher assigning mandatory overtime filled the overtime, he or she will update the Calendar Flow Chart with the assigned staffing.

Repeated failure of an employee to respond to efforts to notify the employee in the event of an emergency or for mandatory overtime or cancellation of approved time off may result in disciplinary action.

#### 1038.6.5 MONTHLY OVERTIME LOG

The monthly Overtime Log shall be maintained by the lead dispatcher handling scheduling responsibilities, or in his or her absence, a Communications manager, in the Flow Chart Binder and will indicate the cumulative total of overtime worked from the previous month up to the current date for each employee.

- (a) The employee who has worked the least amount of overtime (regardless of rank) shall be mandated to work the overtime. That employee's availability due to scheduling constraints will be considered.
- (b) In the event that the overtime accrual for the Communications employees who have worked the least amount of overtime is the same or the Overtime Accrual Log does not reflect the overtime hours of previous month(s), the employee with the least amount of seniority shall be mandated to work the overtime.

#### 1038.6.6 OVERTIME MEALS

The Palo Alto Communications Policies and Procedures Manual §1.46 provides for overtime meals and states:

The Communications Unit will provide meals to employees in an emergency situation involving real or potential loss of service or personal danger:

- (a) When an employee is called back and is on-duty for a period of three consecutive hours, and thereafter at intervals of five hours, but not more than six hours, until the continuous overtime assignment ends.
- (b) When an employee is held over on-duty so that his or her overtime assignment extends two hours after shift end, and thereafter at intervals of five hours, but not more than six hours, until the continuous overtime assignment ends.
- (c) When an employee is called out two hours or more before a regularly scheduled shift. The employee will be entitled to two meals, the second meal to be consumed on the employee's own time.

### *Overtime*

---

- (d) When recalled two hours or less after the end of a regular shift, unless assigned to standby.

Communications will provide meals to employees in non-emergency situations where the assignment extends two hours after the end of the regular or overtime shift and at five-hour intervals thereafter. This policy only applies when an employee is held over, either on a voluntary or mandated basis, on-duty beyond a scheduled regular or overtime shift. If, due to working conditions, Communications is unable to provide a meal to which an employee is entitled, he or she has the option of receiving one hour of overtime compensation instead.

#### **1038.7 ANIMAL SERVICES DIVISION OVERTIME POLICY**

Either the Animal Services Division Superintendent or the Animal Services Division Supervisor must approve all overtime worked by any Animal Services Division employee.

# Outside Employment

## 1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy and the City of Palo Alto Merit System Rules and Regulations § 1302.

Unless otherwise indicated, when a person accepts employment with the City of Palo Alto, it is assumed that the City of Palo Alto employment is to be his/her primary job. If the person undertakes outside employment, such work is assumed to be secondary in importance and the employee is subject to recall back to the City of Palo Alto at any time at the discretion of the Chief of Police.

### 1040.1.1 DEFINITIONS

**Outside Employment** - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

**Outside Overtime** - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

## 1040.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the fiscal year in which the permit is approved. The permit must be renewed during July of each year and at any time when there is a change in the status or time demands of the outside employment. Any employee seeking to renew a permit shall submit a new Outside Employment Application during July of each year.

## *Outside Employment*

---

Any violation of the conditions of the approved outside employment permit will result in revocation of the permit.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

The City of Palo Alto will not be responsible for Worker's Compensation related to injuries or illnesses sustained in the course of outside employment. Such injuries or illnesses may require medical restriction of City employment and/or revocation of outside employment approval.

### **1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT**

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

### **1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS**

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

### **1040.3 PROHIBITED OUTSIDE EMPLOYMENT**

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

## *Outside Employment*

---

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient

### 1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position, without expressed written consent.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
  - 1. The officer(s) shall be subject to the rules and regulations of this department.
  - 2. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
  - 3. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
  - 4. Outside security services shall not be subject to the collective bargaining process.

## *Outside Employment*

5. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

### **1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE**

Any employee making an arrest or taking other official police action while working in an approved outside overtime/employment assignment shall be required to complete all related reports in a timely manner pursuant to department policy, unless otherwise approved by the Chief of Police or his/her designee. Time spent on the completion of such reports shall be considered incidental to the outside overtime/employment assignment.

### **1040.4 DEPARTMENT RESOURCES**

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment unless expressly approved by the Chief of Police or his/her designee. Officers are prohibited from accessing official records or databases of this department or other agencies through the use of the employee's position with this department.

#### **1040.4.1 REVIEW OF FINANCIAL RECORDS**

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to § 1040.2.2(c) of this policy.

### **1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS**

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

### **1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY**

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or

### *Outside Employment*

not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Palo Alto Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

##### **1042.6.2 NO SETTLEMENT WITHOUT PRIOR APPROVAL**

The Post provides an opportunity for Explorers, consisting of juveniles and young adults of Palo Alto and surrounding areas, to improve community relations with the Police Department, learn about the law enforcement profession, develop life skills, and gain leadership experience.

The specific operational details of the Explorer Post are outlined in the PAPD Explorer Operations Manual, which is incorporated by reference herein. Part of the intent of this policy is to ensure that the Department conforms to the rules set forth by Learning For Life governing youth participation and oversight.

## 1048.2 EXPLORER POST ADVISOR STAFF POSITIONS

**Head Advisor:** The Head Advisor shall be appointed by the Field Services Division Captain and is responsible for the general administration and operations of the Post. The Head Advisor shall maintain the Post's registration with Learning For Life.

**Associate Advisor:** All Associate Advisors will report to the Head Advisor for Post matters. The Head Advisor is responsible for disciplinary matters involving Explorers. Associate Advisor: The Associate Advisor's are responsible for assisting with Post activities, events, training, and operations. Problems arising in the Post should be brought to the attention of the Head Advisor.

While on a ride-along, Explorers shall take direction and orders from the host officer at all times. Explorers

shall stay in or near the patrol vehicle unless directed to do otherwise by the officer. Explorers shall wear a seat belt.

A standard Explorer ride-along is six (6) hours long. The Explorer may ride longer, at the officer's discretion, within the following guidelines: Ride-alongs shall start no earlier than 0700 hours and no later than 2000 hours. Ride-alongs shall end no later than midnight for Explorers under 18 years old and no later than 0100 hours for Explorers 18 years old or older. Explorers violating the ride-along hours shall be subject to discipline.

Either the officer or Explorer may terminate a ride-along at any time for any reason. When a ride-along is terminated early, the Explorer and the officer shall inform the Head Advisor of the circumstances and reason for the early termination in order to address any problems or concerns with the ride-along.

#### **1048.4.1 CRITICAL INCIDENTS AND OFFICER EMERGENCIES**

Explorers are specifically ordered to remain in the patrol vehicle during incidents or calls that are obviously hazardous to the Explorer's health and safety. In the case of calls that are clearly life-threatening to the host officer (i.e. active-shooters, riots, etc.), reasonable efforts should be made to drop the Explorer off at a safe location before the officer arrives at that call. In such cases, the officer shall notify Communications of the Explorer's whereabouts and arrangements shall be made to take the Explorer home or back to the station, as soon as is practical. If the Explorer cannot be left at a safe location prior to arrival at the scene, the Explorer shall seek a position of cover near the scene.

Explorers are not expected to go to the aid of an officer in trouble, except to notify Communications of the emergency when possible. Explorers are expected to seek a safe position in the event that the Explorer's own safety is in serious jeopardy. However, this policy does not prohibit Explorers from taking reasonable steps to ensure their own safety in exigent circumstances.

If an Explorer is involved in a critical incident, the Head Advisor shall be notified immediately. The Explorer shall not be interviewed in depth, regardless of the Explorer's involvement, without an uninvolved Advisor present, except to ascertain immediately necessary public safety information. # Palo Alto Police Department

## Policy Manual

### *Police Explorer Program*

Details and ride-alongs, by their nature, are assumed to occur in a public environment and thus only require a minimum of one sworn officer (preferably an Advisor at details) for supervision.

For the purposes of supervision, a "supervising adult" is considered to be any Staff Advisor, Department employee, parent of an Explorer, Advisor of a different Explorer Post, or any other responsible adult of at least 21 years of age who has been approved by the Head Advisor.

#### **1048.5.1 EMPLOYEE SUPERVISION DURING TRIPS/ACTIVITIES**

#### **1048.5.2 FRATERNIZATION**

Explorers participate in activities that place them under the direct supervision of Palo Alto Police Department employees (both sworn and non-sworn). As such, fraternization between Explorers and Department employees is inconsistent and incompatible with the goals of this program. While it is natural for friendships to develop between Explorers and Department employees, social relationships are restricted as follows:

Requests for Explorer involvement in details or volunteer tasks shall be made through the Head Advisor for scheduling and approval. Explorers shall not be recruited individually for details or volunteer opportunities. Event/activity coordinators may request specific Explorers with good cause.

Explorers may also perform volunteer services for the Department. Such services may include, but are not limited to, assisting with tasks in the station and acting as role-players for training activities.

Explorers may participate in organized Post-specific activities (i.e. recreational field trips, Explorer Conferences, etc.) Activities shall be planned in accordance with Department and Learning For Life policies and shall be open to all eligible Explorers.

Explorers shall not be used in any covert or undercover operations as members of the Post. However, they may be offered the opportunity to participate as private citizens in such operations as permitted by Department policy. The Post and Learning For Life assume no liability or responsibility for any participants during such operations.

- (d) Facilities must provide sufficient privacy for individuals when changing or bathing.

**1048.8 EXPLORER MISCONDUCT-INTERNAL INVESTIGATIONS**

Any allegation(s) of Explorer criminal activity, policy violations, violations of guidelines set forth in the Operations Manual, or other impropriety shall be brought to the attention of the Head Advisor even if the allegations involve actions the Explorer took off-duty.

The Head Advisor may make brief initial inquiries to determine the accuracy and seriousness of the allegation(s). The inquiries should not be constructed as a "fishing expedition."

Should it appears from the initial inquiry that the Explorer should be placed on leave or terminated from the Post, the Head Advisor shall notify the Field Services Division Captain and conduct an investigation with management oversight.

Upon conclusion of the investigation, the Head Advisor shall discuss appropriate actions with the Field Services Division Captain, prior to imposing them.

Explorers under criminal investigation by any jurisdiction may be suspended from the Post immediately, pending the outcome of the criminal investigation. Explorers may be subject to Post-specific corrective actions based upon the criminal investigation findings.

Any assignment to a modified duty position shall not displace any other employee without the consent of all parties involved. Every effort will be made to assign an employee to a task within the police department, however if no assignment is available, the employee may be assigned to another City Department to perform designated modified assignment, which will be coordinated by the City's Risk Manager.

# Employee Speech, Expression and Social Networking

## 1058.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

### 1058.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

## 1058.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Palo Alto Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

## 1058.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Palo Alto Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates.

## *Employee Speech, Expression and Social Networking*

---

Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

### **1058.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT**

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Palo Alto Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Palo Alto Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Palo Alto Police Department or its employees. Examples may include:
  1. Statements that indicate disregard for the law or the state or U.S. Constitution.
  2. Expression that demonstrates support for criminal activity.
  3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

  - 2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

### 1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Palo Alto Police Department or identify themselves in any way that could be reasonably perceived as representing the Palo Alto Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

## *Employee Speech, Expression and Social Networking*

---

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

### **1058.5 PRIVACY EXPECTATION**

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department. This includes the department e-mail system, computer network or any information placed into storage on any department system or device.

It also includes records of all key strokes or web-browsing history made at any department computer or over any department network.

The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through a department computer or network. However, the Department may not require an employee to disclose a personal user name or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work related misconduct (Labor Code § 980).

## Peer Support

### 1060.1 PURPOSE AND SCOPE

The purpose of the Palo Alto Police Department Peer Support Team is to provide personal support for all members of the Department who are involved in critical incidents while on or off duty, or who have experienced significant emotional events while off duty for which personal support is requested. Peer Support can help minimize the harmful effects of significant incidents and situations on the employee's mental, emotional, and physical well-being. The Peer Support Team is designed to be peer driven and its goal is to act in the best interests of both the employee and the Department. This team works in conjunction with the Police Chaplaincy Program and the Employee Assistance Program.

### 1060.2 DEFINITIONS

**Critical Incident:** An event that is outside the normal human experience. Examples include shootings, officer injury, gun take-aways, child deaths, officer suicides, disease exposure, disasters, etc. A critical incident can also be any incident experienced by an employee and the employee feels it affects his/her well-being.

**Employee:** Any member of the Palo Alto Police Department that is sworn, non-sworn, paid, or volunteer.

**Peer Support Team:** A group of employees trained to provide support to fellow employees in need of assistance listed in "Functions."

**Peer Support Professional:** A mental health professional with sufficient police exposure, and with whom the Peer Support Manager/Supervisor approves.

**Post-Traumatic Stress:** A normal reaction to an abnormal situation. Examples include, but are not limited to, the normal physical ailments as well as normal physiological responses (time distortion, altered visual and auditory perceptions) that occur during and after the incident.

### 1060.3 PEER SUPPORT TEAM FUNCTIONS

The three main functions of this team are to provide defusing, critical incident debriefing, and basic peer support.

**Defusing:** To provide immediate support to Department employees who have been involved in a critical incident. A defusing may be conducted individually or with the group of involved employees soon after the incident. During the defusing, the Peer Support member will facilitate a review of the incident and provide information to assist the employee through the initial emotional response caused by the incident. Peer support members will provide education and information to the employee, so they can better understand what has happened and what to expect in the future. Peer Support will also see to the immediate needs of the employee and their family through established resources as well as support for the employee.

### *Peer Support*

---

**Critical Incident Debriefing:** A process, normally occurring 48 to 72 hours after the incident, where involved employees along with Peer Support members and, in most cases, a Peer Support Professional, discuss the incident in a non-judgmental way. The purpose is to address informational gaps, normalize feelings and reactions, and educate employees about stress management techniques and resources. As with defusing, the goal is to minimize the effects of situations that could have a significant negative impact on employees and their family's mental, emotional, and psychological well-being.

**Basic Peer Support:** To maintain a group of employees with whom an employee can choose to discuss sensitive issues. These discussions will be as confidential as current law allows. Peer Support members will make employees aware of the various resources available for their specific needs. Peer Support is not intended to replace professional help, nor are Peer Support members professional counselors.

The Peer Support Team shall maintain an extensive list of resources that employees may use in time of need. These can include psychologists, counselors, clergy, and literature on death and dying, martial and childrens' issues, and normal and abnormal reactions to stress and post traumatic response. Additionally, Peer Support members may arrange emergency childcare, transportation, and meals as well as assist with notifications to families of employee injury or death.

#### **1060.4 POLICY**

**Notification and Response:** It is the policy of the Palo Alto Police Department that when an incident occurs that requires a mandatory critical incident debriefing, the Peer Support Lieutenant/Sergeant shall be notified by the Watch Commander. The Peer Support Team can also be called by a supervisor of the involved employee when, from their perspective, an incident has the potential for producing the type of emotional shock that may adversely impact the psychological well-being of the employee.

**Structure:** The Peer Support team is comprised of one or more Sergeants who are as team supervisors and the individual Peer Support members who are trained in peer support and critical incident debriefing. A Lieutenant will be assigned as the Team Coordinator, along with a member of the Palo Alto Police Department Chaplain program to provide logistical support and liaison with Department administration as necessary. Peer Support is available to all Department employees and both sworn and non-sworn employees may be team members.

##### **1060.4.1 TRAINING AND SELECTION**
