"Provide a safe, sustainable, integrated and efficient transportation system to enhance California’s economy and livability"
The City of Palo Alto proposes to do roadway modifications and streetscape improvements to a 2.3 mile continuous segment of Arastradero Road and Charleston Road in the City of Palo Alto, Santa Clara County. The project limits are Miranda Avenue to the west and Fabian Way to the east. Improvements include sidewalk bulb-outs, new and improved bicycle facilities, new and upgraded crosswalks, raised pedestrian refuges, modifications to intersection geometry, the addition of trees and landscaped medians, and additional lighting at various locations along the 2.3-mile corridor. All work will be within the existing City's right-of-way. No additional right-of-way and/or temporary construction easements will be needed. The purpose of the project is to address vehicle, bicycle and pedestrian safety, as well as to enhance the residential character of the corridor.
