

REPLACE YOUR OLD EQUIPMENT AND LET
THE CITY OF PALO ALTO UTILITIES PAY YOU.

ENERGY EFFICIENCY REBATES FOR YOUR BUSINESS

Our goals are to help you reduce your utility bills by being more efficient on your energy use, and to help you reduce your bottom line. To help you do this, the City of Palo Alto Utilities (CPAU) is offering financial incentives to Palo Alto businesses for installing energy efficient equipment.

The Commercial Advantage Program is an energy efficiency incentive program for Commercial, Industrial and Public Sector customers located within the CPAU service territory.

We're offering rebates on a range of eligible equipment for every kind of business, so you can choose from our menu of eligible technologies and add up your benefits. CPAU also offers a custom rebate if you install energy efficient equipment not listed. The rebate amounts depend on the technology you install.
