

THERE'S NO BETTER TIME TO INSTALL ELECTRIC VEHICLE (EV) CHARGERS AT YOUR BUSINESS

The City of Palo Alto Utilities has partnered with the California Electric Vehicle Infrastructure Project (CALeVIP) to provide rebates for electric vehicle (EV) chargers. The CALeVIP Peninsula-Silicon Valley Incentive Project will launch in December 2020, offering substantial incentives to help cover the cost of purchasing and installing new EV chargers. All Palo Alto commercial customers big and small can take advantage of this opportunity. To learn more, visit [CALeVIP.org](https://www.calevip.org).

Benefits to Your Business

- Provide a green amenity to employees, tenants and clients
- Boost property value
- Attract more customers
- Increase consumer dwell time by up to 50%
- Meet sustainability goals

Who Qualifies

- Businesses and commercial properties
- Multifamily properties
- Nonprofits
- Government-owned properties
- Higher education and K-12 school districts

Apply

You'll need:

- Completed site verification form from [CALeVIP.org](https://www.calevip.org)
- Installation site address
- TIN/EIN for recipient of rebate check

Please note that fund reservation will be first come, first serve. Rebates are expected to go quickly and with the launch date quickly approaching, it's important to prepare your application materials early.

Individuals with disabilities who require accommodations to access City facilities, services or programs, or who would like information on the City's compliance with the Americans with Disabilities Act (ADA) of 1990, may contact the City's ADA Coordinator at (650) 329-2550 (voice) or email ada@cityofpaloalto.org. 10/20 Printed on 100% post-consumer recycled paper, bleached without chlorine.
