

RECYCLING

Is More Important Than Ever

Recycled Materials Are Feedstocks for Essential Supplies

The manufacturing industry needs raw materials to make the products and shipping supplies we need — including paper towels, sanitizing wipes, toilet paper, cardboard boxes and other packaging. Your recyclables help meet this need.

TOP TIPS FOR RECYCLING & DISPOSAL

Sort Properly

Properly sort your waste into your recycle, compost, and landfill containers. Make sure your items are empty of food and liquids.

Learn what goes where at www.cityofpaloalto.org/wgwtools

Break Down Cardboard Boxes

Remove all packing material, flatten and place boxes so that they fit loosely in your blue recycle container.

Virtual Technical Assistance

Get personalized help for you and your staff. GreenWaste is offering online sessions for service questions and trainings. For more information, call (650) 493-4894 or email pacustomerservice@greenwaste.com

Put Masks and Gloves in the Garbage

These items are not recyclable or compostable. Place them in your black landfill container. Please do not litter!
