

# Right Trees in the Right Place

## Trees and power lines can coexist.

Have a private tree that is fast-growing, requiring frequent pruning to avoid major conflicts with overhead high voltage utility lines? You may be eligible for a **FREE** tree removal—plus rebates on the stump removal and for buying a replacement tree. For more details about the Right Tree-Right Place program or to find out if you have an eligible tree, contact Canopy: [info@canopy.org](mailto:info@canopy.org).

### Contact Canopy at [info@canopy.org](mailto:info@canopy.org) for:

- A list of certified arborists
- Help on selecting trees for your yard
- Tree care tips, including proper watering and weeding habits and tree disease prevention
- An educational program for your group about the value and benefits of urban trees
- To volunteer with Canopy to plant and care for trees

### Call the City Of Palo Alto Public Works at (650) 496-5953 when you:

- Have a tree in or close to electric lines
- Have a street tree you think needs maintenance
- Want a street tree in front of your residence

### Browse the City's website at [www.cityofpaloalto.org/trees](http://www.cityofpaloalto.org/trees) to learn about:

- Palo Alto's tree programs
- Removal of a private oak or redwood tree
- The Tree Technical Manual
- Protecting oaks and other private trees

Visit [www.canopy.org](http://www.canopy.org), email [info@canopy.org](mailto:info@canopy.org)  
or call Canopy at (650) 964-6110 for more information.

Inspired by a brighter tomorrow.
