WALK AND ROLL TO SCHOOL

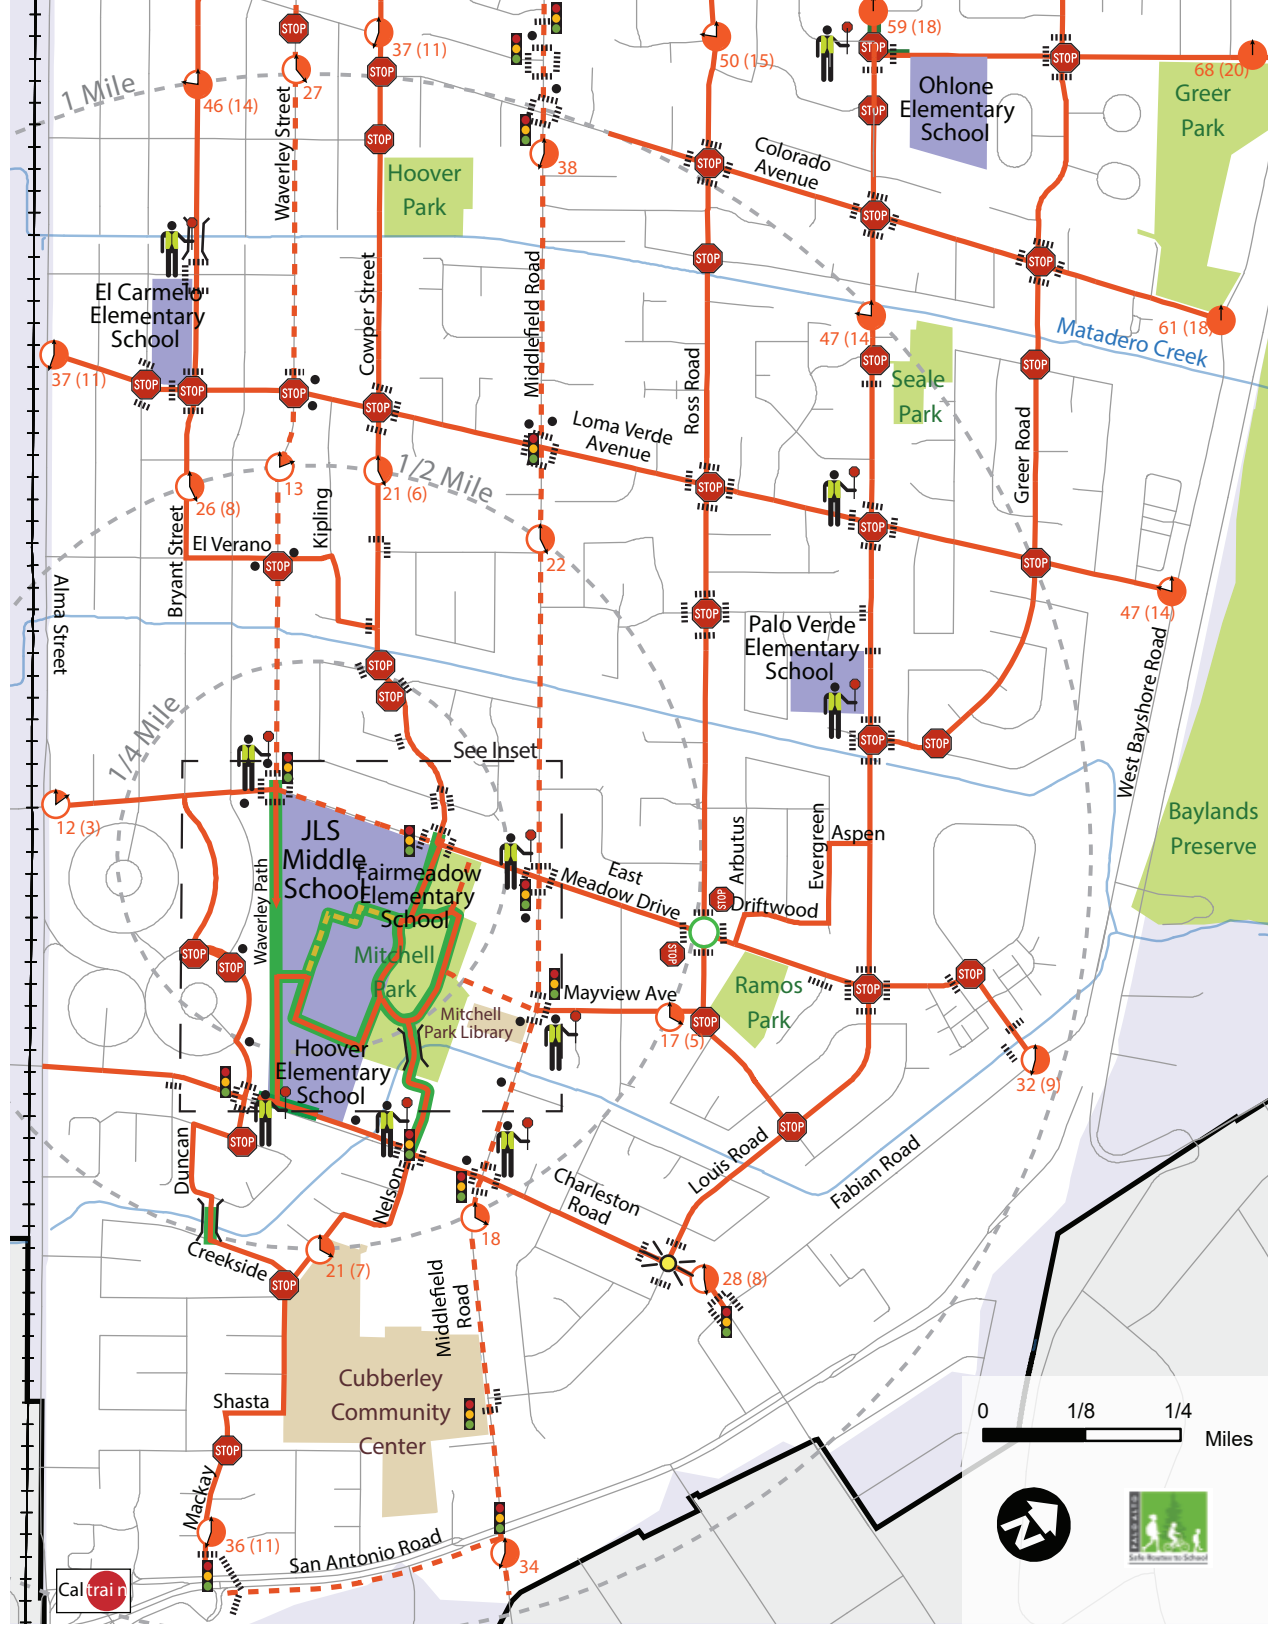

SUGGESTED ROUTES

- Suggested Route (Walking and Biking)
- Only open to PAUSD families during school hours
- - - Suggested Route (Walking Only)
- XX (X) Est. Walking Time (Biking Time)
- Crossing Guard Location
- Multi-use Path
- Pedestrian and Bicycle Bridge or Tunnel
- Crosstown Shuttle Stop
- Bicycle Parking
- Bike Fix-it Station/Pump
- Traffic Circle
- Pedestrian Beacon
- Traffic Signal
- All-Way Stop
- Marked Crosswalk
- Enrollment Area
- Parks and Open Space
- School

The Palo Alto Safe Routes to School Partnership encourages JLS parents and students to use this map to explore options for commuting between home and school. Parents are responsible for choosing the most appropriate option based on their knowledge of conditions on the different routes and the experience level of their student.

Share the road safely with all other users, no matter how you choose to get to and from school. Use extra caution near younger students walking or biking to school.

Obey adult crossing guards. They are there to help everyone cross congested intersections safely.

Bike Safely

Be predictable. Obey ALL stop signs and traffic signals. Never ride the wrong way. The best way to avoid crashes as well as traffic tickets is to follow the same rules of the road as apply to car drivers.

Be alert. Watch out for drivers turning left or right, or coming out of driveways. Avoid car doors opening in front of you by riding out of the door zone. Yield to pedestrians.

Wear your helmet and buckle it every time. It's the law. To best protect your brain, your helmet must fit properly: snug and level on your head, just above your eyebrows.

Be visible. Use a bright headlight and taillight at night.

Avoid texting, phone calls, or music while biking.

Walk or Skate Safely

Be alert. Look for cars coming from all directions before entering the street - including from behind you.

Cross at corners and crosswalks. This is where drivers expect pedestrians.

Don't assume drivers see you. Make eye contact before crossing intersections.

Drive Safely

- Slow down and use extra caution in school zones, along commute routes and when approaching roundabouts or construction zones. Signal your turns and yield to pedestrians and bicycles.
- Help reduce traffic congestion near JLS and neighboring schools by carpooling with a neighbor and avoiding the last minute rush whenever possible.
- Obey adult crossing guards and "No Right Turn on Red" signs posted at designated school intersections. This allows students to cross safely without cars turning through crosswalks.
- Don't make U-turns and other unsafe maneuvers that put other road users at risk.
- When dropping off or picking up your student, follow school guidelines and always ensure that he/she exits or enters the car from the curb side.
- Never double park, block access ramps or stop where prohibited.
- **Avoid texting, phone calls and other distractions when driving.**

Roundabouts & Traffic Circles

Prior to roundabout entry, cyclists should check over their left shoulder and merge into the travel lane when it is safe. Next, check for the traffic in the roundabout, and yield (stop) as needed. Pedestrians should cross in the designated crosswalks.
